The Chair presented

No. 2515.

MAYOR'S OFFICE.

Pittsburgh, January 3, 1917.

Dr. J. P. Kerr,

President of Council.

Dear Sir—I am enclosing you herewith copy of communication addressed to me by Mr. Charles S. Hubbard, Director of the Department of Public Safety, pertaining to the financial condition of the Police Pension Fund, which matter, I feel, should be taken up by your Honorable Body immediately, and something done to save this fund from becoming exhausted, which, no doubt, it will at the present ratio of collections and benefits paid.

It seems to be the desire of most corporations nowadays to pension their faithful employees and, while that sentiment is growing stronger among private concerns, I feel the City should not allow itself to take a step backward in this matter, but should either appropriate to keep the fund as it now exists, or, if the law regulating it is not what it should be and can be improved upon, some steps should be taken to secure those improvements and maintain the fund.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

Accompanied by communication from Charles S. Hubbard, Director of the Department of Public Safety, relative to the Police Pension Fund.

Which was read and referred to the Committee on Finance.

Also

No. 2516. Communication from G. W. Allyn, protesting against the opening of Morewood avenue as an entrance to Carnegie Institute of Technology.

Which was read and referred to the Committee on Public Works.

Also No. 2517. Communication from M. Z. Evans, asking to be reimbursed for damages sustained his property in the Twenty-fifth ward, North Side, by reason of construction of retaining wall on Metcalf street.

later than Tuesday next and the Signal Corps a few days later. Council having provided money to cover the expense of receiving the Tenth, the Artillery and the Eighteenth Regiments upon their return home, and feeling you may want to complete the affair by welcoming the Sixteenth Regiment and Signal Corps, I am writing you this letter.

We spent only \$207.00 of the \$1,500.00 appropriated for the Eighteenth Regiment, and I believe that about \$300.00 in each of these cases would provide the music and horses and take care of all incidental expenses.

The time is very short and action will have to be taken at once. If your Honorable Body will give me assurance that the bills will be approved, we will immediately start to make the necessary arrangements.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

MAYOR'S OFFICE.

Pittsburgh, January 4, 1917.

President and Members of Council
of the City of Pittsburgh.

Gentlemen—I return herewith appropriation bill for 1917 with my approval, except as to item of \$10,000.00 for "Lake Erie and Ohio River Canal Board" (page 24, IX-78b, unclassified), which I disapprove for the following reasons:

First—I am advised by the legal department that this appropriation is illegal, because the State of Pennsylvania has assumed full charge of the canal scheme.

Second—While I was at first favorably disposed to this appropriation, when conferring with those interested in the same, I was not then fully advised as to the facts and the law bearing upon the subject. In addition to the legal objections, I do not see, upon the merits, that it is right and just to take the money of Pittsburgh's taxpayers and apply it to a purpose admittedly for the benefit of three States; in fact, this is a striking illustration of false economy in budget making. Council refused the request of many City employees for an increase in pay to meet the increased cost of living; it also denied the request of the Police Bureau for an increase in the police force; it further refused an urgent request for more traffic officers in the downtown congested district for the protection of life and limb, and then it donates \$10,000.00 to a State enterprise when it is not necessary and not called for.

Pennsylvania is one of the richest Commonwealths in the Union and amply able to defray the expenses of any enterprise which it undertakes.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

No. 2555. Petition of property owners on Jancey street, between Wellesley avenue and Stanton avenue, asking for the appointment of Viewers contingent upon damages to their property by reason of the construction of a cement

nections might and in some instances has robbed the lines of sufficient water to seriously interfere with the work of the fire department. The individual, as stated before, pays nothing to the City for his sprinkler connection and secures a personal profit in reduced insurance at the expense of the general public and, possibly, at the ultimate risk of his immediate neighborhood.

Fire sprinkler systems are complicated; the piping is such that it is almost impossible to trace it, in relation to the domestic service piping of a large warehouse or department store. In many cases it is impossible to determine whether or not there is an illegal connection between an unmetered fire service and the domestic service, except by making a shut-off at the street main, draining the roof tank and watching employees of the building to see that no valve is turned while the inspection is in progress. Even this would not show an intermittent use. The statement often made that water can not be drawn from a sprinkler system without upsetting the system is certainly not true of "wet systems" and its application to "dry systems" is doubtful.

The only rational method of determining whether or not water is used, except in cases of fires, is by the installation of a meter on such fire systems.

Such a meter was designed by fire insurance engineers, works satisfactorily without possible stoppage, without appreciable loss of head, and its cost is only a small portion of the cost of the fire system. The excessive cost to the City of the inspection necessary to make this Council Bill effective would amount to more than the cost of the meters, and it is certain that such inspection has not and will not prevent the consumption of water for other than fire purposes.

In view of the fact that the owner is receiving an unusual service and an individual benefit free of charge at the expense of the public and the possible risk of his neighborhood and is profiting financially thereby, it is believed that he should install his equipment in such a manner as to impose no additional expense on the City by way of inspection and supervision, but should conform to the fixed practice of the City in its established policy in metering all water connections.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

Gentlemen—I return herewith appropriation bill for 1917 with my approval, except as to item of \$10,000.00 for "Lake Erie and Ohio River Canal Board" (page 24, LX-78b unclassified), which I disapprove for the following reasons:

First—I am advised by the Legal Department that this appropriation is illegal, because the State of Pennsylvania has assumed full charge of the canal scheme.

Second—While I was at first favorably disposed to this appropriation, when conferring with those interested in the same, I was not then fully advised as to the facts and the law bearing upon the subject. In addition to the legal objections, I do not see, upon the merits, that it is right and just to take the money of Pittsburgh's taxpayers and apply it to a purpose admittedly for the benefit of three States; in fact, this is a striking illustration of false economy in budget making. Council refused the request of many City employees for an increase in pay to meet the increased cost of living; it also denied the request of the Police Bureau for an increase in the police force; it further refused an urgent request for more traffic officers in the downtown congested district for the protection of life and limb, and then it donates \$10,000.00 to a State enterprise when it is not necessary and not called for.

Pennsylvania is one of the richest Commonwealths in the Union and amply able to defray the expenses of any enterprise which it undertakes.

To the Honorable City Council,
Pittsburgh, Pa.

Gentlemen—Replying to your inquiry respecting the legality of an item of

\$10,000.00 in the appropriation ordinance for 1917 to "The Lake Erie and Ohio River Canal Board of Pennsylvania," I beg to report:

That, in my opinion, this appropriation is beyond the power of the Council and wholly unauthorized. As the law now stands, no further contribution can be made to the canal project from the taxes of the City of Pittsburgh until the electors of the City, as part of the electorate of Allegheny County, authorize the same. "The Lake Erie and Ohio River Canal Board of Pennsylvania" was created under the provisions of the Act of June 27, 1913, P. L. 652. The powers, duties and appropriations for this board are specifically provided for under the provisions of this Act, and the amendments thereto of June 17, 1915, P. L. 990. The Act of June 17, 1915, P. L. 1008, also expressly confers upon counties the right to increase their indebtedness and issue bonds for the purposes provided for in the other act, and provides the method by which such increases may be made.

The situation is radically changed from that which existed when the Supreme Court, in the case of Commonwealth vs. Pittsburgh, 183 Pa., 202, held valid an appropriation to a committee of private citizens appointed by the Chamber of Commerce for the purpose of defraying the expense of making a survey for a ship canal and securing information.

Section 28 of the Act specifically appropriates for this purpose the sum of \$150,000.00 (with supplementary appropriation of \$25,000.00 in 1915), and provides that the money shall be paid as set forth in Section 8 of the Act. This section provides that all expenditures of the board shall be upon voucher, signed by the treasurer and countersigned by the president of the board; shall be audited by the Auditor General and, when audited and allowed, shall be paid out of the moneys herein specifically appropriated for this purpose by warrants drawn therefor by the Auditor General upon the State Treasurer.

Section 9 of the Act also provides for the furnishing of supplies by the Board of Commissioners of Public Grounds and Buildings, and also for the necessary printing and binding by the State printer. It is plain that the Act provides all the necessary moneys to carry on the work of the board for its preliminary survey and preparing the estimates, including all printing, and also provides that the expenses of the board shall be met out of this specific appropriation.

No provision appears anywhere contemplating or providing for the meeting of any part of these expenses by counties, cities or other municipalities. It is only with respect to the matter of construction cost that specific provision exists for the meeting of the expenses by contribution from counties, states and other municipal divisions.

It is absolutely clear from the provi-

sions of this legislation that the State of Pennsylvania has assumed full and complete control and jurisdiction of this project or subject matter and of the functions and powers of the Canal Board. The question is, therefore, reduced to the single and simple proposition whether, when a subject has been made a State function and full provision by State appropriation has been made therefor, it is lawful, in the absence of express statutory warrant, for a municipality, the City of Pittsburgh in this case, to appropriate its money to the State purpose?

Recognized authorities on municipal law and taxation, Dillon, Abbott and Cooley, agree that there can be no legal contribution of local taxes to a State purpose or function unless there is express legislative authority therefor, and even the power of the Legislature to make such diversion is limited. The underlying reason is that, as State purposes are carried out by general taxation, local appropriations result in double taxation.

Furthermore, not only is there no apparent necessity for this appropriation, but it is obviously unnecessary unless we assume that the State, after providing \$175,000.00, will allow the plan to lapse for want of \$10,000.00 additional.

I conclude, therefore, in view of present conditions and existing legislation, whereby the State has assumed full control and made provision for all expenses of the canal project, the Council has no legal power to make the present appropriation.

Respectfully,

CHARLES A. O'BRIEN,
City Solicitor.

Gentlemen—In reply to your request that the City Solicitor furnish an opinion as to the legality of the appropriation bill (which has been approved and signed by the Mayor in total) and what standing has the separate letter of the Mayor in connection with this appropriation bill, I beg to report:

According to customary councilmanic legislative forms, vetoes are not written on bills submitted to the executive for consideration, for the obvious reason that this would be impossible. All vetoes require the reasons therefor to be given, and this is done in a communication addressed to the legislative body.

In ordinary cases, the executive returns the bill unsigned, accompanied by a separate message stating why he refused to approve the measure. If the bill alone were to be considered when returned it would appear to have become a law for failure of the Mayor to act,

Mayor and Mr. Trimble, Secretary of the Board of Fire Underwriters, to consider the matter."

but the letter of transmissal contains his objections, which must put the bill on reconsideration.

An appropriation ordinance stands in a class by itself, for it is the only act which the Mayor may partly approve and partly disapprove, and, to quote Section 10 of the Act of 1911, "the part or parts of the bill approved shall be the law and the part or parts disapproved shall be void unless repassed according to the rules and limitations prescribed above for the passage of resolutions and ordinances over the Mayor's veto."

In the present instance the Mayor approved all items of the ordinance except one, and his veto or objections thereto were stated in the usual legal form. An examination of the Municipal Record shows that all vetoes have been received, filed and acted on in this way, as provided by law.

Yours respectfully,

CHARLES A. O'BRIEN,

DEPARTMENT OF LAW.

Pittsburgh, Pa., January 12, 1917.

To the Honorable City Council,
Pittsburgh, Pa.

Gentlemen—Replying to your request that the City Solicitor also furnish an opinion on all the other items of the miscellaneous grants, two pages of which precede the item of the canal appropriation, I beg to report:

First—Allegheny Playgrounds Association, \$30,260.00.

The acquisition of grounds for City playground purposes was authorized by the Act of June 8, 1907. The function of managing and administering playgrounds in the City of Pittsburgh was conducted by voluntary associations and various annual appropriations made to said associations by the Council up until an ordinance was approved February 1, 1915, creating the Bureau of Recreation, Department of Public Works. This ordinance authorized said bureau to take charge and control of all playgrounds now under or hereafter acquired by the City, except those on the North Side operated by the North Side Playgrounds Association. This appropriation is, therefore, for an authorized municipal purpose, and not inconsistent with any existing City ordinance.

Second—National Guard of Pennsylvania, \$11,500.00.

This appropriation is authorized by the Act of May 24, 1887, but does not conform in the manner in which it is set up to the provisions and requirements of said Act as to the amount or manner of payment to each company of the militia. An ordinance can be passed conforming the distribution of this fund to the provisions of said Act.

Third—Pennsylvania Association for Blind (Workshop for Blind), \$15,000.00.

This is a strictly local charity, the purpose being to train and educate poor blind people, residents of the City, to become self-supporting by learning certain trade work. The fund is applied strictly to the benefit of City residents and is administered directly through the Controller's office. No profits may be made in any way for the association or any one engaged in the operation of the workshop. The appropriation is valid.

Fourth—Soho Public Baths, \$8,000.00.

This is a civic organization, sustained by contributions from the public and the City and small earnings in the way of fees and charges. The purpose is charitable and for promotion of community welfare. There is no doubt as to its beneficial results, and the City's contribution is on the basis of charity, health and sanitation. The appropriation is valid.

Fifth—The Public Wash House and Bath Association, \$5,000.00.

The same observations apply to this appropriation.

Sixth—Visiting Nurses' Association, \$2,500.00.

The same observations apply to this appropriation.

Seventh—Celebration of Memorial Day, \$3,600.00.

This appropriation is authorized by the Act of June 26, 1895, and appears to be in conformity with said Act.

Eighth—Western Pennsylvania Humane Society, \$2,000.00.

This appropriation is authorized by the Act of June 8, 1893, said society being within the provisions of said Act in its purposes and functions.

Ninth—Flood Commission, \$3,500.00.

There is no statutory authority for this appropriation, as the Acts of March 30, 1911, P. L. 31, and May 11, 1911, P. L. 260, expressly provide that the counties of the State shall make such appropriations, no reference being made to City appropriations. It is probably valid under the general welfare clause of the Charter Act.

Tenth—Western Pennsylvania Historical Society, \$1,000.00.

This appropriation is authorized by the Act of March 31, 1915, P. L. 36.

Eleventh—Woods Run Settlement Association, \$2,000.00.

This appropriation is authorized as a strictly municipal charity.

Yours respectfully,

CHARLES A. O'BRIEN,
City Solicitor.

Mr. English:

"Mr. Chairman—Every effort should be made to locate Mr. O'Brien, or, if we are unable to locate him this afternoon, a recess could be taken."

The Chair:

"If there are any remarks to be made, they can be made now, and when Mr. O'Brien comes you may ask him all the questions you want to."

Mr. English said:

"Mr. Chairman—In the meantime, I would ask that Mr. W. H. Stevenson be given the privilege of the floor to read an opinion he has received from his attorney regarding this veto by the Mayor."

There being no objections, **Mr. W. H. Stevenson**, president of the Lake Erie and Ohio River Canal Board, said:

"Mr. Chairman and Gentlemen—In view of the fact that the Mayor has returned the appropriation ordinance to Council with his veto message stating that the item of \$10,000.00 for the Canal Board was illegal, as president of the Lake Erie and Ohio River Canal Board I asked our attorney for an opinion on the question. I will read it for the information of Council."

Mr. Stevenson then read the following:

Pittsburgh, Pa., January 15, 1917.

Hon. William H. Stevenson,
President, Lake Erie and
Ohio River Canal Board,
Pittsburgh, Pa.

Dear Sir—In reply to your inquiry as to the legality of an item of \$10,000.00 in the appropriation ordinance of the City of Pittsburgh, for the year 1917, to the Lake Erie and Ohio River Canal Board, I beg to say that, in my opinion, such appropriation is valid and within the power of the Council of the City to make.

My reasons for so holding are as follows: Under the general welfare clause of the Act of March 7, 1901, Council of the City of Pittsburgh has power to pass ordinances "for the proper management, care and control of the City and its finances and the maintenance of the peace, good government and welfare of the City and its trade, commerce and manufactures." The purpose for which the appropriation is made to the Canal Board is squarely within the power granted in this Act. We are not left in doubt on the question, as the Supreme Court, in *Commonwealth vs. Pittsburgh*, 183 Pa., 202, has held that an appropriation for such a purpose was valid. In that case an appropriation was made of \$10,000.00 to a provisional committee appointed by the Chamber of Commerce of the City for investigating and determining the practicability of the canal, and the Court, in its opinion, said:

"The appropriation was a very reasonable one and the purpose for which it was made was certainly not foreign to the material interests and general prosperity of the municipality, but quite the contrary. We are, therefore, of opinion there was no error in holding that Councils had the power to make the appropriation."

If the appropriation was valid in that case, which was an appropriation made to determine the practicability of the canal which was to be built by a private corporation, so much more so is the appropriation valid in this case, where the appropriation is made to assist in defraying the expenses preliminary to the construction of the canal, which is now purely a public project.

In the opinion of the City Solicitor, rendered this day to Council of the City of Pittsburgh, the view was taken that the canal project has been assumed by the State of Pennsylvania and that the State has made appropriations of money for the carrying on of the preliminary work of the Canal Board and that, therefore, it is not proper for the City to make a contribution to the Board, as it would be using the tax levying power of the City for a State purpose.

It is true that the State of Pennsylvania, by virtue of the Act of June 27, 1913, as amended by the Act of June 17, 1915, has taken jurisdiction of the canal project, through its agent, the Lake Erie

and Ohio River Canal Board. While the State has assumed jurisdiction of this matter, the canal is not to be constructed out of State funds, but is to be built out of funds raised by certain public authorities in the States of Pennsylvania, Ohio and West Virginia. The State is merely acting as the trustee for these funds and seeing that the work will be accomplished. No construction work or no expenditures for construction are permitted under the Act until the total estimated cost of the work has been raised by these voluntary public contributions.

Prior to beginning the work of construction, the Canal Board is given full and ample authority to make preliminary surveys, estimates of cost and to do all other things which it may deem necessary, preparatory to such construction work. To defray these preliminary expenses, the State of Pennsylvania has appropriated the sum of \$175,000.00.

The appropriation made by the State has been found to be inadequate to complete the preliminary work of the board, and it is for this purpose that the appropriation was made by the City of Pittsburgh.

While it may be true in a general sense that it would be improper to tax the citizens of a municipality to defray the expenses of a matter that was of general interest to the State at large and which should be borne by state taxation, but that question is not involved in this case. It is to be noted that the appropriation is not made for the purpose of defraying the actual cost of construction of the canal, but is to defray expenses of a preliminary investigation, to be made in determining whether the canal is feasible and should be constructed. In this matter the City of Pittsburgh has a peculiar and vital interest, and the money expended for this purpose is of direct benefit to the City of Pittsburgh and not to the State at large. In no sense could it be considered an appropriation for a State purpose, and this is especially true in this case, as the canal, if built, will ultimately be constructed out of funds contributed by local political sub-divisions of the State and not by the State at large.

The Canal Board, under the Act, has full power and authority to do things for which this appropriation is made and, since Council of the City of Pittsburgh has authority to make appropriations for the purpose, as determined by the Supreme Court in the above-mentioned opinion, there can be no objection to the validity of this item in the appropriation ordinance.

Very truly yours,

J. B. EICHENAUER.

AMERICAN ASSOCIATION OF MASTERS, MATES AND PILOTS.

Pittsburgh, Pa., January 11, 1917.

Hon. W. Y. English,
City Council,
Pittsburgh, Pa.

Dear Sir—Harbor 25 of the American Association of Masters and Pilots take the liberty of addressing you concerning the appropriation of \$10,000.00 for the use of the Lake Erie and Ohio River Canal Board, which we understand has been vetoed by the Mayor.

We unanimously urge your support in favor of this appropriation so that this great project will go forward without further delay. Great American citizens should not quibble about such a small amount while it means so much to our City and to our country.

With confidence in you, we are,

Respectfully,

A. O. ACKARD, President.
A. R. MACKEY, Secretary.

Pittsburgh, Pa., January 12, 1917.

Hon. W. Y. English,
City Hall,
Pittsburgh, Pa.

Dear Sir—At a meeting today of our club action was taken on a resolution which directs me to write you with respect to the appropriation of the City of Pittsburgh for the Lake Erie and Ohio Ship Canal project. Facts were presented to show that the veto of the Mayor to this appropriation should be withdrawn in the interest of Pittsburgh.

I urgently solicit your support on behalf of the City of Pittsburgh and our own members, in particular, that the appropriation may be made to this worthy project.

Yours very truly,

IRA S. BASSETT,
Commissioner.

No. 2580.

Pittsburgh, Pa., January 12, 1917.

To the City Council,
Pittsburgh, Pa.

Gentlemen—We, the undersigned, the officers and directors of the Beechview Board of Trade of Pittsburgh, do hereby submit:

That we believe the Lake Erie and Ohio River Canal a project worthy of the most careful and complete consideration by the people of Pittsburgh, owing to the possibility, as is stated, that this project might enable Pittsburgh to con-

tinue her supremacy in the steel business.

Further, that we believe the fullest publicity should be given the project, on which the State has already spent \$175,000.00, in order that the people of this vicinity may act intelligently and wisely.

We most earnestly petition your body, therefore, to approve and grant the item of \$10,000.00 for publishing the findings of the Lake Erie and Ohio River Canal Board, this being the item vetoed by Mayor Armstrong.

Respectfully submitted,

E. B. HULLEY,
President.

Mr. English said:

"Mr. Chairman—I will ask the Clerk to read, for the benefit of the members of Council, and I want it inserted in the Record, how former Mayors Guthrie and Magee handled the matter of vetoing appropriation ordinances."

The Clerk read the following communication:

Pittsburgh, March 13, 1907.

To the Select and Common Councils
of the City of Pittsburgh.

Gentlemen—I have to inform you that, in pursuance of the provisions of Section 2 of Article 1 of the Act approved March 7, 1901, I have disapproved of the following items and portions of items in the ordinance, Common Council No. 626, entitled, "An Ordinance making appropriations for the fiscal year beginning February 1, 1907, for the use of the Department of Public Works."

I disapprove of the whole of the following items:

No. 208, for music and concerts in the parks during the summer months, \$10,000.00.

No. 209, for the purchase of six automobiles for public use in Schenley Park, \$30,000.00.

I also disapprove of \$13,000.00 of the Appropriation No. 48, for the construction of boardwalks and steps, thereby reducing said amount to \$20,200.00; and I disapprove of \$130,000.00 of the appropriation No. 37, for street repaving, thereby reducing said amount to \$173,900.00.

All the other items and parts of said ordinance I do hereby approve.

Very truly yours,

GEO. W. GUTHRIE,
Mayor.

Mr. English said: "Was the Mayor's signature attached to the original bill?"

The Clerk: "No, sir."

The Clerk read the following certificate:

MAYOR'S OFFICE.

Pittsburgh, February 17, 1911.

To the Select and Common Councils
of the City of Pittsburgh.

Gentlemen—I have to inform you that, in pursuance of the provisions of Section 2 of Article 1 of the Act approved March 7, 1901, I have disapproved of the following item in ordinance, C. C. No. 1567, entitled, "An Ordinance making appropriations for the fiscal year beginning February 1, 1911, for the use of the Board of Assessors."

I disapprove of \$6,360.00 of the item for salaries, thereby reducing the total appropriation from \$70,845.00 to \$64,485.00.

All the other items and parts of said ordinance I do hereby approve.

Respectfully,

WILLIAM A. MAGEE,
Mayor.

Mr. English: "Was that written on the bill itself?"

The Clerk: "Yes, sir."

Mr. English: "Was there a signature attached to the bill?"

The Clerk: "He signed his name underneath this notation: 'Mayor's Office, February 17, 1911. Approved, except as to items or parts of items mentioned in message to the Councils of this date. William A. Magee, Mayor.'"

Mr. English said:

"Mr. Chairman—Quoting from the City Solicitor's opinion, he says, 'In ordinary cases, the executive returns the bill unsigned, accompanied by a separate message, stating why he refused to approve the measure. If the bill alone were to be considered when returned it would appear to have become a law for failure of the Mayor to act, but the letter of transmissal contains his objections, which must put the bill on reconsideration. An appropriation ordinance stands in a class by itself, for it is the only act which the Mayor may partly approve and partly disapprove. In the present instance the Mayor approved all the items of the ordinance except one, and his veto or objections thereto were stated in the usual legal form. An examination of the Municipal Record shows that all vetoes have been received, filed and acted on in this way, as provided by law.' I think the vetoes just read and those in other books will prove conclusively that Mr. O'Brien is not acquainted with the acts of the recent Mayors of the City, and is proof positive that he did not make an examination of the Record he should have examined in order

to make a positive statement that 'an examination of the Municipal Record shows that all vetoes have been received, filed and acted on in this way.' If the balance of his three opinions are as far from the facts as I have shown this statement to be, I am afraid that we have not been given the proper kind of advice by the Law Department.

"Mr. Chairman, regarding this whole transaction, there is a little piece printed on the editorial page of the Pittsburgh Press of this date which illustrates this entire situation:

"To will and not to do when there is opportunity is, in reality, not to will; and to love what is good, and not to do it when possible, is not to love it."

"Now we have the spectacle of members of Council stating that they are entirely in favor of the construction of a canal, that it might be a good thing for the City of Pittsburgh, yet they hesitate to appropriate the money of the people of Pittsburgh, whom they represent, to help defray the cost of printing the report of the Canal Board. The few lines quoted above answers them conclusively.

"Since we have appealed to the law on the subject, it is too bad that the City Solicitor has not given us an opportunity to ask him any questions regarding his opinion on this question. In quoting from the Act of Assembly creating this Canal Board he overlooks the most important section, known as Section 12, which was amended by the Legislature in P. L. 430, approved June 17, 1915, as follows:

"Section 12. The board, so soon as there shall have been appropriated to its use sufficient funds shall prepare or cause to be prepared, a survey for the said canal or waterway and appurtenances, together with estimates of the cost of constructing, completing and installing the same, exclusive, however, of the cost of constructing a harbor on Lake Erie.

"The board may, whenever funds have been appropriated for the purpose, do all such things as it may deem necessary or desirable to secure contributions or appropriations from the various counties in Pennsylvania, Ohio and West Virginia, and from other public authorities, in aid of the construction of said canal or waterway; and do such other things, preparatory to beginning the work of construction of said canal or waterway, as it may seem necessary or desirable.

"The cost of constructing, completing and installing the said canal or waterway and appurtenances, including salaries, and all other expenses and liabilities of every kind incurred by the board, in accordance with the provisions of this Act, while doing said work, shall be paid from contributions or appropriations in money or in bonds, heretofore or hereafter made, pursuant to the authority of any present or future laws, by the United States, the State of Pennsylvania, the State of Ohio, the State of West Vir-

ginia, and various counties, cities, towns, municipal corporations, or other political sub-divisions of the States of Pennsylvania, Ohio and West Virginia, or by some or all of such public authorities."

"I take it from the City Solicitor's opinion that the City is prevented by the present method of State control from making a contribution to this Canal Board 'until such times as the proposed canal is actually under construction.' What a shameless play of words. I have just read you the plain authorization of the Act—that any of the cities, counties or political sub-divisions of the State may contribute to the support of this Canal Board. Any little borough of 100 inhabitants in any part of the State of Pennsylvania is empowered to contribute or appropriate money for the construction of this canal, and yet our City Solicitor endeavors to mislead us by giving an opinion that this appropriation for the printing of the report is not part of the cost of construction.

"In my 20 years' business experience I have never known of a single case where a building was to be constructed in which the owner did not figure as part of the cost of construction preliminary work, such as attorney's fees for searching the titles and approving the deed to the property, the architect's fees for preliminary study, foundation soundings, engineering surveys of the property, mechanical engineer's estimates before incorporating results in the plans and specifications, from which the bidders were to figure, and all such incidental work which must be done, including the printing of plans and specifications to enable bidders to figure. I am quite sure that, in figuring the cost of this canal, all of the previous expenditures, including the appropriation of the City, amounting to \$10,000.00, which was approved by the Supreme Court of Pennsylvania in 1897, the various sums which were expended by the provisional committees up until the State of Pennsylvania took charge of the matter and the State's appropriation of \$175,000.00, together with whatever money is expended in printing this report, will finally be included as part of the cost of constructing this canal, if it is ever constructed, just as much as the cement, iron, stone, various others materials and labor which will be necessary before the canal is actually completed. We have no better illustration than the Panama Canal, which is under the control of the United States Government. Is there any one in this country who would have the nerve to contend that the \$25,000,000.00 which the United States paid to the new State of Panama for rights across the Isthmus of Panama should not be included in the ultimate cost of the construction of the Panama Canal? In my opinion, the City Solicitor has missed the point in giving the opinion he does, for I believe the City Solicitor, the Mayor and the members of this Council know that the preliminary work, including the printing of the report, is part of the actual cost

of the construction of the canal, and I am satisfied that the Act of Assembly which I have quoted empowers any city, town, borough or any other political subdivision in the State of Pennsylvania to assist in this work.

"I am not going to ridicule any person in Pittsburgh who has been misled up to this time that this proposed appropriation of \$10,000.00 is for the digging of the canal or for the purchase of canal boats. That is such a foolish suggestion that my only object in referring to it is owing to the fact that certain persons have actually been deceived as to the object of this \$10,000.00 appropriation. My understanding is that this appropriation is for the publishing of the report of the Canal Board, so that the people of Pittsburgh or any other section will have an opportunity to study the conclusions reached by the Canal Board and obtain possession of facts at first hand which will assist them in determining whether or not they believe the canal a feasible project.

"Section 43 of the City Charter 'expressly permits the City to make all such ordinances for the proper management, care and control of the City and its finances and the maintenance of the peace, good government and welfare of the City and its trade, commerce and manufactures.' How would it be possible for the City to help the trade, commerce and manufactures in any other manner than by appropriating for such a worthy purpose? I cannot imagine of any enterprise or act on the part of the Council which would help trade, commerce and manufactures and the workmen who depend upon the same for their support that is in any way comparable to a transportation line to the City of Pittsburgh, such as this canal would be.

"In asking the City Solicitor for an opinion on the miscellaneous grants I would not for one moment think of abandoning these various projects, such as the Workshop for the Blind, the Soho Bath Association, the Woods Run Settlement Association and the Visiting Nurses' Association, or any of the other miscellaneous institutions for which Council has made appropriations. I think they are all worthy projects and, as such, they had and will have my hearty support. However, I must make strenuous objection to the effort of the City Solicitor to call these various appropriations charities, and my authority for this objection is Section 1, Article 10 of the City Charter. Quoting from that section as follows: 'The Department of Charities and Corrections shall be under the charge of one person, who shall be the head thereof, to which department shall be confided the construction, control and repair, care, management, administration and supervision of the charities, etc., the control or government of which is entrusted to the City.' Now if these various miscellaneous grants, which the City Solicitor calls charities of the City of Pittsburgh, are actually charities of the City of Pittsburgh they

must, by this law I have quoted from, come under the control and government of the City, and if they were under the control and government of the City then they should be distinctly under the charge of the Director of the Department of Charities. I am satisfied that the City Solicitor knows, and every member of Council and the Mayor himself knows, that the Director of the Department of Charities does not know anything at all about these various miscellaneous appropriations, for they do not come under his charge or supervision. Consequently, the City Solicitor is mistaken when he calls these various other miscellaneous grants charities of the City, and if he is not mistaken, then the City Solicitor should advise the Mayor and the Council that, in order to make these various miscellaneous appropriations as charities, we should put them under the control and supervision of the Director of the Department of Charities, as we are required to do by law.

"Mr. Chairman, to sum up, I believe that the exhibits I have offered are conclusive evidence that the City Solicitor and the Mayor are mistaken in their opinions. I have shown by letters from various commercial bodies that public sentiment is in favor of this appropriation. I have shown by the veto messages of former Mayor Guthrie and also that of former Mayor Magee on appropriation ordinances that the City Solicitor is mistaken when he says that Mayor Armstrong's action in signing and approving this bill in total was in accord with the Municipal Record. I have shown by quoting Section 12 of the Act of Assembly creating the Canal Board that the City of Pittsburgh has the power to contribute or appropriate towards the cost of constructing this canal. I have shown by Section 1, Article 10, of the City Charter that the various miscellaneous grants referred to as charities by the City Solicitor cannot possibly be charities, and if they were charities, they are being illegally administered, to which he offers no objection, and I have shown by Article 19, Section 43, of the City Charter that the City has the power to make all such ordinances for the trade, commerce and manufactures of the City.

"I am satisfied that future events will demonstrate the correctness of my position in this matter.

"As to the second part of the Mayor's letter attempting to veto this appropriation, permit me to say that he is very wide of the mark when he attempts to scold the Council on the matter of increasing the salaries of City employees. He accuses the Council of practicing 'false economy' in the matter of salary increases and the matter of additional policemen; but how far would the item of \$10,000.00 go in increasing the salaries of the members of the police and fire departments, as he would endeavor to make those employees believe he favors? To my personal knowledge the only increase the Mayor asked for were for Director Booth, of the Department of

Supplies, whose salary is \$6,500, and which salary is fixed by the Act of Assembly and cannot be increased or decreased during the Director's term of office. The only other increase asked for by the Mayor was that for the Superintendent of City Property, whose salary is now \$3,000.00 and which was increased from \$2,400.00 some two years ago. I challenge any one to produce any other requests the Mayor made to the Finance Committee for white wings, laborers, drivers, chainmen, rodmen, draftsmen, building inspectors, plumbing inspectors, medical inspectors, policemen, firemen, or any other class of City employees, while he now seeks by this veto letter to mislead the other City employees to believe that the Council could have raised their salaries with this \$10,000.00 appropriation which was made to the Lake Erie canal.

"I am satisfied in my own mind that the Mayor promised to approve this item and so stated to Mr. Stevenson, the chairman of the Canal Board, and that an afterthought developed at the organization of the House of Representatives at Harrisburg some two weeks ago, for the reason that on his return to the City the Mayor determined to veto this item as a matter of political expediency. My belief in this matter is further strengthened by the fact that the entire bill was approved and signed and, in order to veto this specific item after the factional fight at Harrisburg the Mayor was compelled to send a separate letter in a sealed envelope in his attempt to veto this item. I don't think it is necessary for us to even attempt to vote whether or not the veto was made, because I am satisfied that the veto was an after consideration, but, owing to the fact that the other members of Council may be in doubt on this point, I, of course, will be compelled to vote, and when I do vote it will be under protest, on the ground that a veto has not been made, but that if any one thinks a veto has been attempted, then I believe it is my duty to endeavor to approve the item, notwithstanding the veto of the Mayor."

Mr. Rauh arose and said:

"Mr. Chairman—I have never been opposed to the Ohio River and Lake Erie Canal project. When I voted for the \$10,000.00 canal appropriation in the budget, I thought the project a legal one. But, since the City Solicitor states it is illegal and as I, therefore, refuse to jeopardize the interests of the people by upholding an illegal proposition, I vote to sustain the Mayor's veto."

Mr. Garland arose and said:

"Mr. Chairman—The reason I am against this appropriation is because the public has been deceived in this matter. Boards of trade and other organizations and individuals throughout the City were told that the man who voted against this appropriation was against the canal. My understanding is that, in being against it we are against a high-handed steal, a

theft of money, to pay a State payroll, and I say that to you (Mr. Stevenson)."

Mr. English arose and said:

"Mr. Chairman—I demand at this point that Mr. Stevenson be given the privilege of the floor to answer the charge made by Mr. Garland. He has stated that this appropriation was a theft from the taxpayers. I must brand that as an absolute falsehood."

Mr. Garland arose and said:

"Mr. Chairman—I say I said it in committee before and I used those words, and they were quoted in the newspapers—it is a steal from the taxpayers, and it is a high-handed crime and an outrage to take the taxpayers' money for State purposes and to bolster up a State payroll. I want to place the following on record:

"The public has been deceived in regard to this subject.

"It is not a question as to whether there shall or shall not be a canal. What is before us is simply the question as to whether we shall or shall not make an illegal appropriation. Whether we shall violate our oaths of office, or maintain the law, which we are sworn to do.

"This is the only question before us, nothing more and nothing less."

Mr. English arose and said:

"Then, Mr. Garland must have suffered quite a reformation. He voted for an appropriation of \$15,000.00 to send a boat down the Ohio to advertise this waterway, and he must also have changed his mind, because he voted to appropriate \$25,000.00 to entertain the Rivers and Harbors Committee, and most of that money was spent for liquor."

Mr. Garland arose and said:

"When the gentleman says I used that money he is mistaken, and when the gentleman refers to me as helping to spend that money for liquor he knows that I was not on that committee. It is in common with all the statements he makes here. It is absolutely a falsehood."

Mr. McArdle arose and said:

"Mr. Chairman—I don't know whether Mr. English can prove all the statements he makes, but I am sure that it would not be any harder to prove those statements—and some of them are not based on facts—than it would be for Mr. Garland to prove the statement that he just made. I want to deny, with all the emphasis I can, that this proposal was to make or has any of the evidence, signs, or characteristics of a steal, and I don't think anybody knows it any better than the gentleman who has just made the allegation; and if it is, and he is against it on that ground, it must bespeak a great reformation for him, because this very opinion of the Law Department

which we have before us today carries with it a parallel to this case.

"Any one who has even superficial knowledge of the good a project such as a canal connecting the Ohio River and Lake Erie will be to the community will deny that if the project is consummated it will be of very great benefit to the City of Pittsburgh, and that, as a result of that benefit, it is perfectly reasonable for the City to contribute to it, the same as it did for another case that the City Solicitor has made a strained effort to make appear legal—an appropriation for the Flood Commission. And I am sure with that knowledge and with the knowledge that every other member of this Council has of the character of these miscellaneous grants and with the knowledge of the repeated statements of the Law Department concerning them, that all of them, or nearly all of them, have no authority in law, and that, if speaking fairly from the viewpoint of the larger interests of the City of Pittsburgh, if this project to help the Lake Erie and Ohio River Canal Board be even petty larceny, some of those were grand larceny.

"There is no attempt made now by any one in Council to bolster up, or in the past to bolster up, the legality of these grants, and the sole reasons for the City Solicitor doing it now is to protect the Mayor of the City of Pittsburgh from the wanton act of inconsistency in picking out this Lake Erie canal appropriation for disapproval, while approving these others, which it needs no lawyer to tell you is not within the powers of the City of Pittsburgh to grant money to.

"Mr. Garland and myself sat as members of this committee when we spent \$50,000.00, yes, more than that, for the purpose of building roads in the grounds of the University of Pittsburgh. He sat and voted for these miscellaneous grants. He gave a thousand dollars to what the City Solicitor presumes to call an appropriation for strictly a municipal function—the Woods Run Settlement Association—and attempts to make it perfectly worthy. I offered no objection to this appropriation, and I offer none now. I point out, however, that there can be no basis of reasoning, legally or otherwise, that can bring that institution within the purview of a municipal charity or municipal activity, and I don't care what its worth may be. That same statement can be applied to numerous other institutions we have appropriated money for. And nobody knows that better than the City Solicitor who has rendered this opinion and the Mayor who has signed this bill, and in the same breath gave utterance to a veto message which calls this other illegal.

"I have no apology for my act in support of this measure in committee, and I don't see set forth in the message which the City Solicitor sends here today anything which would cause me to change my mind now. If he had sent his message only as to the legality of

this item and it had nothing to do concerning the other questions submitted to him, I might have been able to accept at face value the statement he makes, but I cannot read his opinions referring to these other various appropriations and read his opinion as to the act of the Mayor in signing the bill in total and without exception and sending in an item and trying to uphold the validity of that and, at the same time, retain confidence in his opinion or to have the belief that it is purely a legal opinion based upon his belief or knowledge as a lawyer. And I may as well say frankly that I believe the opinions are made to suit the case and not to suit the law in the case. I want, as one member of this Council, to hurl back in the face of the man who made it the statement that there is no semblance of a steal of the people's money in the act of Council in passing this appropriation."

Mr. Garland arose and said:

"Mr. Chairman—In regard to the Flood Commission, that is not a State incorporated body. I believe every member of Council voted for the Flood Commission appropriation. The Woods Run Settlement Association is for the City of Pittsburgh and the children of the Woods Run district, and every man here knows that. They are not to bolster up a State payroll."

The Chair arose and said:

"Gentlemen—I didn't intend to say anything on this subject, but there has been some points brought out which I cannot let go by without saying something. Since I have been a member of this Council we have appropriated money to a number of enterprises that were not strictly a municipal function, notably the Industrial Development Commission, which was just as far away from a municipal function as any proposition that has ever been brought before this body. Yet I voted for an appropriation of \$10,000.00 for this organization. And why? Because I believed that the Industrial Development Commission would do something which would be of benefit to the whole City of Pittsburgh and the Pittsburgh district, and I want to say that I did not confine my thought exclusively to the City of Pittsburgh in voting for that appropriation. I believe they did do something, and I believe the City of Pittsburgh profited very much by the expenditure of that money and the citizens of Pittsburgh will be rewarded many fold by that appropriation.

"I think from the information we have here today it was strictly illegal, just as much or more so than the question before us.

"In regard to one of the other appropriations: During the last budget we provided an appropriation for the Pennsylvania Association for the Blind. The Pennsylvania Association for the Blind is a State institution. It operates under a State charter, and it takes people from

not only the City of Pittsburgh, but the County of Allegheny and the Western part of Pennsylvania. There are branches in Johnstown, Philadelphia and Scranton, and it is strictly a State institution; yet the City of Pittsburgh appropriates \$15,000.00 to it. And why? Because we think it is doing a work of humanity in helping those poor unfortunates to be able to take care of themselves.

"All these appropriations have been made with the thought that they were going to help the City of Pittsburgh. The appropriation in question is not a matter to be quarreling about, as it is in the same class as all other appropriations of this character. It is a proposition to which the City has already contributed. The money that is to be appropriated now is for the purpose of publishing the reports of the Canal Board, and anybody that knows anything at all knows that if the report is not printed the money that has already been spent will have been wasted.

"Now, as to the complaint of the Mayor about the Council's false economy. Mr. English has said that the Mayor did not make a request for the increase in wages of any one in the employ of the City with the exception of two high-salaried officials. I want to say that the Council increased the salary and wages of all the poorly paid employees of the City—some 2,500 in number—and refused the request of only two great bodies of men. We did that for the reason that the policemen of the City during the last six months came before the Council and asked that two days a month be given them as pass days with pay. We granted them this request, whereby the City pays each policeman \$3.00 a day or \$6.00 per month to each policeman in the employ of the City, for which the City receives no actual service. The firemen were granted the double platoon system, which improves their working conditions wonderfully. We all supported that ordinance, because there is no member of Council who is not in favor of improving the conditions of every employee in the City service. We thought they were paid more than the poorer paid employee, receiving \$900.00 and less, and that they were better able to wait for an increase at this time than those struggling along with barely enough upon which to exist. With those things in view, I cannot see how a man can be accused of attempting to steal money from the City of Pittsburgh. If this money is being stolen, I must then say that thousands of dollars have been stolen in like manner in years gone by."

Mr. English arose and said:

"Mr. Chairman—I think Mr. Stevenson should be given an opportunity to speak. The men on this Canal Board are reputable men, and it should not be hurled at their teeth that they are trying to put over a steal. Mr. Stevenson is entitled to say a word in his defense."

Mr. W. H. Stevenson was given the privilege of the floor and said:

"Mr. President and Gentlemen—I want to take exception to two statements made by Mr. Garland. The first one, in which he states that this committee of reputable men who are serving the public without compensation are coming here in an effort to sandbag the City and that it is a steal, is an unmitigated falsehood, and it is an aspersion on these gentlemen who are giving their time on this great public improvement. Secondly, he makes the statement that this money is intended to bolster up the payroll of the State. As previously stated by me in this chamber, that is also an unmitigated falsehood. I made the statement before this Council that this money was for the purpose of printing the report of the Canal Board, so that it could be distributed among the people of Pittsburgh in order to give them an opportunity to study what the board has tried to accomplish and in order to give them an opportunity to make up their minds as to whether they want this work to continue. This is the psychological time to bring the matter before the people of the community. The construction and operation of this canal will provide another means of transporting raw material to the manufacturers in the Pittsburgh district. It is now a question of getting it here at all. You all know the situation and embargoes on railroads, and that is the situation which confronts us in Pittsburgh today.

"I wish to brand those remarks of Mr. Garland as unmitigated falsehoods and aspersions on men who are giving their time and ability to fill a great public need. The purpose of this appropriation is to print the conclusions of the Canal Board, so that they can be given to the public in an intelligent and concrete form."

Mr. Garland arose and said:

"I repeat it does boost a State payroll. This money is asked for to print the book showing the work that has been done. The State printer will print the report. I acquit the gentleman of any statement I made about 'steal'—I don't mean any personal differences between Mr. Stevenson and me. He and I have been friends for a long time. But there is a power back of him that forces him to come here today and try to change the vote."

Mr. Stevenson arose and said:

"I must answer that, Mr. Chairman. The gentleman is making that statement from some ulterior motive. Why does he make the cry that we are going to boost the State payroll? We want to bring this matter before the people and have the reports, which cost a great deal of money, printed. This gentleman is not for the canal. He has not the vision and has not awakened to the needs of the community."

Mr. Garland arose and said:

"The gentleman has made statements that are not true. They are unmitigated falsehoods. The gentleman was compelled to come here and try to change the vote on this measure. He did not come here of his own volition."

Mr. Herron arose and said:

"Mr. Chairman—I am very glad that the spectators have had an opportunity to see some of their Councilmen in their natural frame of mind. Talk of aspersions and high-handed stealing. It does not become a gentleman to hurl the charge of stealing against his fellow-members and attempt to hide behind a hand-made legal opinion. I cannot find an adjective to describe my feelings for the gentleman who will make that remark and offer no proof."

"It seems to me that Pittsburgh is a part of the State of Pennsylvania. I always thought it was. The State of Pennsylvania appropriated money for this canal, and no man here expects Philadelphia, Scranton or Wilkes-Barre to profit by it. We know that if any part of the State will profit it will be the City of Pittsburgh and, so far, we have not heard the slightest objection coming from the City of Philadelphia. I tell you, gentlemen, that the man who protests the loudest needs the closest watching."

"I can prove that some members of this Council were ordered to come here and sustain the Mayor's veto, and I can offer proof if I am called upon to do so. I can prove my assertion that there are members of this Council who are voting with the Mayor because influence has been brought to bear and because they are obeying orders. Mr. Garland speaks of it being illegal; yet he was the one who made the motion to take \$1,500.00 of the taxpayers' money, in addition to \$1,500.00 appropriated by the State, to pay the salary of the State employment agent, which is purely a State affair. That I don't think the gentleman will deny."

"Gentlemen, in defense of my vote, I think it is our duty to listen to all citizens who come here, and we have the spectacle of an ex-president of the Chamber of Commerce being insulted by the present president of the Chamber of Commerce, because the former is advocating this appropriation. I feel sorry for the progress of the Chamber of Commerce."

Mr. Dillinger arose and said:

"Mr. Chairman—I don't think there is any necessity for taking up all afternoon on this subject. I cannot see the logic of what is being accomplished by putting bombs under the City Solicitor's opinion and ridiculing the Mayor's action on this matter. Gentlemen, all that has been said has no bearing on the case before Council. The question is simply the appropriation of \$10,000.00 for the publishing of the reports of the Lake Erie and

Ohio River Canal Commission. I see no occasion for indulging in personalities, or any great display of oratory that is without bounds in this discussion. I want to say that I am against the Lake Erie Canal, and I have been against it long before this appropriation was asked for from the City. But I am only against the ship canal as it was presented to us and to the last Legislature of two years ago. The State of Pennsylvania appropriated \$175,000.00 to this Canal Commission to complete a certain work, and we do not know, until there has been an audit made, where the money has gone. But we do know, that, after years of extensive study, they come here and ask the City of Pittsburgh for \$10,000.00 to publish their report. There is no doubt a lot of the money appropriated by the State was put in a payroll slush fund and that there were many inefficient ones on that payroll. The State has started this thing, and it is a State's committee, and the State of Pennsylvania should furnish \$10,000.00 to publish the results of that committee."

"I stated in committee the other day that I was against this proposition because it looks as though something is being forced onto the State of Pennsylvania. This is a government proposition, and if the United States wants to build a canal let it build it. The citizens of Allegheny County should not be held up in this scheme to the tune of \$30,000,000.00 or more worth of bonds. We should not be asked to underwrite those bonds. I have not heard a single small property owner, either here or in Harrisburg, put up one single argument why the City of Pittsburgh, much less Allegheny County, should build this canal in order to give the big corporations another way to bring their ore to Pittsburgh cheaper and also to give the big corporations an opportunity to ship their coal from Pittsburgh to Lake Erie cheaper. Yet this Canal Commission is coming in here and asking the little taxpayers to give \$10,000.00 to print its report. If this canal will be of so great benefit to the large corporations, why not ask them to contribute this amount of money. I think it is the height of impropriety for this commission to come in here and ask the Council of Pittsburgh to take \$10,000.00 of the taxpayers' money—I don't care whether it is 10 cents or \$10,000,000.00, the principle is the same—to publish its report, which would be of interest not only to the citizens of Pittsburgh and Allegheny County, but to every section of the United States between the Allegheny and Rocky Mountains. Do you want the City of Pittsburgh to become a national philanthropist? I don't say it is a steal, but it is an outrage, and we should not be asked to appropriate it."

Mr. Herron arose and said:

"Mr. Chairman—We have heard a good deal here today, and you all know that it is the unruly bird that gets us into trouble. I am impressed against and

was more so last year when the gentleman said, 'I want to warn you members of Council that if you create another police magistrate position you are deliberately putting your hand in the taxpayers' pocket and stealing the \$2,500.00.' This looked to him as though we were stealing the taxpayers' money, and yet there is no likelihood of a change of heart today when he voted to confirm the appointment of the Mayor. Possibly he may have had an immunity bath.

"The gentleman is frank, and says he is against the canal simply because he does not believe it should be paid for by bonds issued by Allegheny County and other municipalities, and we must take our hats off to him. Another member of Council voted for it in committee and, relying on the opinion of the Law Department, has changed his mind and is now opposed to the appropriation. Last year, you will remember, Mr. O'Brien advised Council that it had no control over the moneys appropriated to the Civil Service Commission. Some of us did not believe it, and we have an opinion from the Supreme Court in which it is cited that we have the right and Mr. O'Brien's opinion was put in the discard. There is a precedent for overriding the opinion of Mr. O'Brien.

"I am impressed and disappointed to think that the president of the Chamber of Commerce would insult an ex-president of that organization by saying this is a 'steal,' and I hope the gentleman will get up and recall those remarks before he leaves this chamber today."

Mr. Dillinger arose and said:

"Mr. Chairman—I am sorry that on an occasion like this the gentleman brings into the discussion my vote on a measure before this Council last year. There should be no personalities indulged in now. But I am forced to reply to him. Many, many times, when personal reflections were cast against me by this gentleman, he would come to me and say that he was sorry for what he said. I am sure that he will be sorry for what he said here today.

"I want this put on the Record—that in casting my vote in creating the police magistrate position I was absolutely informed that there would be a clean, high-classed person (this is foreign to the subject and has been thrown into this discussion) appointed and placed in the position made vacant by the resignation of the then magistrate who is now a member of Council from that part of the City of Pittsburgh, better known as the North Side; and if there is any place under God's sun where there should be a decent, intelligent, just, capable and clean magistrate appointed, it is on the North Side of the river. And I want to say that when I cast my vote for that \$2,500.00 for this police magistrate on the North Side I voted \$2,500.00 to the best interest of the taxpayers and the poor people of that district. I voted to have justice meted out to them, and I feel that my conscience is clear. And

in casting my vote on any other measure it does not do me any more credit than voting for this police magistrate on the North Side."

Mr. McArdle moved

That Bill No. 2577 be received and filed.

Which motion prevailed.

And on the question, "Shall the item of \$10,000.00 for 'Lake Erie and Ohio River Canal Board' become a law notwithstanding the objections of the Mayor?"

UNFINISHED BUSINESS.

Also

Bill No. 2575. Communication from the Mayor returning, without his approval, Bill No. 2453, entitled, "An Ordinance providing for the free use of water in automatic sprinkler systems installed and operated in buildings with-

in the limits of the City of Pittsburgh; regulating the use of water in, and intended for, said systems, and providing a penalty for the violation of the provisions thereof."

In Council, January 15, 1917. Read and laid over for one week.

Which was read, and on motion of Mr. **Robertson**, received and filed.

Also

Bill No. 2453. An Ordinance entitled, "An Ordinance providing for the free use of City water in automatic sprinkler systems installed and operated in buildings within the limits of the City

of Pittsburgh; regulating the use of water in, and intended for said systems, and providing a penalty for the violation of the provisions thereof."

In Council, January 8, 1917. Rule suspended, read three times and finally passed.

In Council January 15, 1917. Bill returned by Mayor, with his objection, and laid over for one week.

Which was read.

Mr. English arose and said:

"Mr. Chairman—I opposed the passage of this ordinance in committee and also in Council and am still opposed to it now, notwithstanding the Mayor's veto. I think it is an opening wedge to break down the system of metering all supply of water in the City of Pittsburgh. Nothing has occurred since our last committee meeting at which this ordinance was discussed which would cause me to change my mind on the viewpoint which I took then; that is, that the matter of a detector meter upon fire sprinkler systems should be included in the cost of the system, because the use of a sprinkler system in a building is the means of reducing the fire insurance on that particular building. It seems to me that if a detector system is for the benefit of the City of Pittsburgh, that it should be just as much a part of the sprinkler system as the sprinkler itself. I have talked to a gentleman who is connected with one of the largest buildings using the sprinkler system, and his complaint was that we were to meter the water which was used in testing the sprinkler system. I fail to find anything like that in the ordinance. Section 1 reads, 'That the owner or lessee of any building in which an automatic sprinkler system is installed and operated shall not be charged for water furnished to said sprinkler system by the City of Pittsburgh, and which is used in the prevention or extinguishment of fires, or in the testing of said system.'"

"It seems to me that, unless some better argument can be brought forth, we should stand firmly on the policy adopted by the past City officials and put water meters on these systems. It might be contended that the only object in having this detector is to prevent persons from stealing water through the sprinkler system. I think that is beneath our notice. To my mind the detector as explained to me by manufacturers is for the purpose of detecting leaks and finding breaks in the system. Many times a break occurs in the sprinkler system by reason of displacing or breaking of a sprinkler head or clip. This causes the water to flow through the entire pipe system, although there is no fire. A frequent inspection of the detector meter by the engineer of the building or some other employee who would show that water was escaping some place, and they then inspect the entire system, finding the particular sprinkler head which was broken. That is the object of having

a detector meter on the system. We could use this detector meter as an adjunct to the City Water Department to determine the number of gallons used in putting out a fire, which data will be necessary when we begin to charge the entire City with the cost of water used by the Fire Department.

"The only other argument is that the installation of a meter might be confused with a detector meter, and that the common ordinary meter would obstruct the line and impair the efficiency of the fire sprinkler system. The detector meter does not do that, and I am informed by the head of the Board of Fire Underwriters in Pittsburgh that the local board does not object to a detector meter. I also am advised by Superintendent Finley that the National Board of Fire Underwriters has no objection to the installation of a meter known as the 'detector meter.' A final word on the subject—the people who construct large buildings and install sprinkler systems obtain the benefit of the City's water works plant without any cost to them whatever. Large buildings which have a regular water service line do pay their proportionate share of the cost of water used for regular purposes, but where no such service exists and the parties using sprinkler systems only do not pay their proportionate share of the cost of the City water works and distribution of water. Take the case of the Oliver Building, for instance, where several water meters were installed and where, I understand, they have their own supply of water from artesian wells. They installed water meters costing several thousand dollars and they did not question the City's authority of installing them and they expected to pay for the water service rendered. It seems to me in a case like this we should reimburse such buildings as this for the expense which they have been put to in the past. It would only be fair, in my opinion, to treat every building alike, and if we propose to give water free to one person we should give it free to all persons. If we propose to charge one for water we should charge every person for water, and until such time when the water plant is appraised and something near the true value of water for fire purposes is charged to the entire City at large, we should not disturb the present policy of requiring meters.

"If we are going to break down the policy adopted regarding the placing of meters on all supply service, then we ought to do something for the small property owners. Any person who owns a row of houses may, under this ordinance, install a sprinkler system and not be compelled to put on a meter. Great complications will arise and I cannot see any way whereby we will be able to stop them."

And on the question, "Shall the bill come a law notwithstanding the objections of the Mayor?"

The ayes and noes were ordered taken agreeably to law, and being taken were:

The Chair presented

No. 2646.

DEPARTMENT OF LAW.

Pittsburgh, Pa., January 22, 1917.

To the Honorable, the City Council.

Gentlemen—On Bill No. 2567, resolution authorizing the issuance of a warrant in favor of Business Men's Association of the East North Side for \$250.00 to defray expenses of banquet and entertainment given members of No. 1 Field Hospital Corps, N. G. P., and charging same to Appropriation No. 42, Contingent Fund, I beg to report:

That the appropriation made in this resolution is illegal, both in form and purpose. It is squarely ruled in the case of *Stegmaier vs. Goeringer*, 218 Pa. 499, mandamus on the Controller of the City of Wilkes-Barre, that even where the purpose of the appropriation is lawful, there cannot be direct payment of a lump sum to a citizens' committee, but the expenditure of the amount appropriated must be made under the supervision of the proper official or officials of the City government. Discussing the appropriation in that case, and the right of the relator to a mandamus the Court says:

"In the exercise of this power the rule should be observed that moneys appropriated for these purposes should be expended under the supervision and direction of the proper officer or department of the City government, and that bills should be presented, vouchers filed and the accounts audited in the same manner as is provided by law for the expenditure of other public funds."

This same case distinctly rules that a municipal corporation cannot lawfully pay for entertainment of its citizens or guests, and cannot provide expenses for refreshments, entertainments and dinners, suppers, balls, etc., and generally for the purpose of extending hospitality or furnishing social pleasures, either to citizens or invited guests.

Another authority to the same effect is *Commonwealth vs. Gingrich*, 21 Su-

perior Court, 286. A mandamus case against the Controller of the City of Erie to compel him to pay, "expenses for refreshment and entertainment of guests of the City and invited residents of the City." In refusing the mandamus the Court says:

"The powers here granted are very broad, but if the grant is to be construed so as to authorize such expenditures as were shown by the bills which the Controller was asked to approve, it would be difficult to point out the limits beyond which the corporate officers cannot go in the expenditure of money for social pleasures. The expenditures have no relation to any of the objects expressly mentioned in the section unless it be the welfare of the City, but we fail to see how that is promoted, or how it profits the great body of citizens, that a few persons should eat and drink at their cost."

Both of the above cases involved the construction of the welfare clause in the Charter Act of cities of the third class in Pennsylvania, which is almost identical in language with the same clause in the Act of 1901 governing cities of the second class.

Respectfully yours,

• CHARLES A. O'BRIEN,
City Solicitor.

MOTIONS AND RESOLUTIONS.

Mr. Dillinger presented

No. 2651. Whereas, It has been reported that last week orders were issued from the Police Department which were read in the various station houses

of the City to the subordinate officers and patrolmen that an assessment of \$5.00 from commissioners, \$3.00 from lieutenants, \$2.00 from sergeants, and \$1.00 from each patrolman was expected to be paid to the commissioner of each district by the next day and, on failure of such payment, said patrolman or officer would be suspended; said assessment being levied for the purpose of paying a court fine upon certain officers who were found guilty in court in connection with the false arrest of a citizen of the Homewood district; therefore, be it

Resolved, That the Director of the Department of Public Safety and the Superintendent of the Bureau of Police appear before the Committee on Public Safety on Wednesday, January 24, 1917, at 2 o'clock, P. M., and state their reasons and authority for such an assessment.

Which was read.

MAYOR'S OFFICE.

Pittsburgh, February 5, 1917.

President and Members of Council of the City of Pittsburgh.

Gentlemen:

I am forwarding you herewith an estimate and blueprints bringing to your attention the proposed widening of Fifth avenue or Diamond street, or both.

This is a very congested center and if there is ever going to be any steps taken in this line, now would be the time when so much of this property is to be reconstructed.

Your Honorable Body should look into this matter very carefully and be able to reach a decision before re-building on this site is started.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

Accompanied by report of the Department of Public Works giving an estimate of the cost of widening Fifth avenue and Diamond street and also a blueprint showing the widenings as proposed.

Also

No. 2752. Communication from Chas. H. Bode asking that Diamond street, Smithfield street and Fifth avenue in the downtown district of the City be widened.

Also

No. 2753. Communication from Elmer S. Gorman asking that Fifth avenue and Smithfield street in the downtown section of the City be widened.

Also

No. 2754. Communication from H. J. Heinz asking that Fifth avenue from Smithfield street to Liberty avenue be widened.

Also

No. 2755. Communication from A. C. Christiansen complaining of the dangerous condition of Gilroy street, in the Twentieth ward.

Which were severally read and referred to the Committee on Public Works.

Also

No. 2756. Communication from the Allied Boards of Trade asking that

a committee from said organization be given a hearing before Council relative to the franchise ordinances of the Pittsburgh Railways Company.

Also

No. 2757. An Ordinance granting unto the Famous Biscuit Company, its successors and assigns, the right to construct, maintain and use a railroad track on and across South Twenty-second street, in the Sixteenth ward, Pittsburgh, said track to be located at a point approximately three hundred and ten (310') feet north of Wharton street, for the purpose of conveying materials, etc., from the Pittsburgh & Lake Erie Railroad Company's tracks to a proposed cracker factory to be erected by the Famous Biscuit Company, on property belonging to Mrs. Joseph Y. Breese, situated at the north corner of South Twenty-second and Wharton streets in the Sixteenth ward, City of Pittsburgh.

Also

No. 2758. An Ordinance granting unto the Seaman Sleeth Company the right to construct, maintain and use a railroad track on and across Forty-first street, in the Ninth ward, Pittsburgh, said track to be located at a point approximately three hundred thirteen (313') feet north of Willow street, for the purpose of conveying materials between buildings situated on opposite sides of Forty-first street, and owned by the said Seaman Sleeth Company.

Which were severally read and referred to the Committee on Public Service and Surveys.

Also

No. 2759.

MAYOR'S OFFICE.

Pittsburgh, February 5, 1917.

Persident and Members of

Council of the City of Pittsburgh.

Gentlemen—I feel the time has arrived when Council should make the necessary provisions for whatever amount of furniture it is thought will be needed in moving into the new City-County Building.

I understand your Honorable Body has had an inventory made of the furniture we now have that can be used and have had several meetings on the subject as to what it would be necessary to purchase to fill out the list of desks, file cases, etc.

I would suggest that a committee of your Honorable Body be appointed for the purpose of closing the matter while there is, as I understand it, a certain amount of money available for this purpose, or else provide some other means whereby the purchase can be made.

Mr. F. P. Booth, Director of the Department of Supplies, and Mr. H. Townsend, Superintendent of the Bureau of

City Property, will give the committee any help desired in the matter.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

Which was read and referred to the Committee on Finance.

Also

English

When the name of Mr. English was called he arose and said:

"Mr. Chairman—I wish to be recorded as voting No on Bills Nos. 2684 to 2692, inclusive, for the reason that these grants should be administered by the Department of Charities. I don't want to be misunderstood, however, as being opposed to these miscellaneous grants, for I voted for these appropriations and am in favor of giving these various organizations the help they need, but I believe the particular ones called charities by the City Solicitor should be set up in the Department of Charities appropriations. We have an opinion from the City Solicitor to that effect. These grants should be set up in the Department of Charities and the director of that department should have jurisdiction over them. In this way when the annual budget is being prepared he would be

able to furnish Council with information."

MOTIONS AND RESOLUTIONS.

The Chair presented

No. 2810. Whereas, We, the ministers and laymen of the Protestant North Side Churches and Brotherhoods and organized Bible Classes are assembled together in mass meeting in the First Presbyterian Church, North Side, this Monday evening, February 12, 1917; and

Whereas, Information has been brought to us in this meeting regarding the wide-open condition of our section of the City, regarding the gambling that prevails not only in the regular gambling houses, but by means of gambling machines and devices which are located in drug stores, ice cream rooms, barber shops, and such places, by means of which our school children are being trained to gamble and are catching the gambling fever—and particularly regarding the prevalence of the social evil on the North Side; and

Whereas, We ourselves have had a general knowledge of these iniquitous conditions on the North Side for a long time and have been deeply ashamed and bitterly indignant over them; and

Whereas, The Executive Department of our City government has not seemed disposed to do anything toward cleaning up these conditions, and it is reported to us that these matters are to be brought before City Council tomorrow; therefore,

Resolved, 1. That we request the chairman of this meeting to appoint a committee to wait upon City Council tomorrow, and ask that immediate steps be taken to close the houses of prostitution, the gambling dens, and the 'speakeasies' and immediately to put a stop to the use of gambling machines and devices in stores and shops and all places where they are now open to our children;

2. That we call upon City Council to make a thorough investigation of immoral and illegal conditions on the North Side to find out who are responsible for the opening and protection of these illegal and immoral resorts, and to take steps to remove all guilty parties from positions of trust and authority in our City government;

3. That we call upon all the men of our churches and brotherhoods, and Bible classes to take an immediate and active interest in these civic conditions, and to insist upon the officers of our City government giving us a safe and clean City in which to live and rear our families;

4. That we assure the officers of our City who will do all in their power to make our City clean and safe for our children that we will support them and stand by them with all the influence and power we can command;

5. That we express our thanks to Dr. Biederwolf for his masterly address on the temperance question and we pledge him that we are ready to do all in our power to rid Pennsylvania of the accused saloon.

Respectfully submitted,

(Signed) W. I. WISHART,
Chairman of Committee.

(Signed) JOHN McNAUGHER,
Chairman.

The above resolutions were unanimously adopted.

Which was read.

Mr. McArdle moved

That the communication be received and filed.

Which motion prevailed.

Mr. Dillinger arose and said:

Mr. Chairman, in view of the resolution that I am going to offer, I would like to be permitted to make a few remarks, owing to the wording of the preamble to the resolution.

In view of the resolution which has been received and filed by Council, I believe it will be unnecessary for me to say anything further in support of the resolution I am going to present, owing to the fact of the hearing next Saturday at which time evidence will be submitted to the Magistrate in a number of cases pertaining to the vice conditions on the North Side.

We have been advised that it would be folly to introduce the evidence in Council today, thereby giving away information, the names of witnesses, etc., that would be necessary at the hearing. Therefore not having the evidence to submit and yet asking Council to adopt the resolution I will read, I think it becomes necessary for the information of Council that I should make a few statements in conjunction with the resolution to be presented.

It is regrettable and it is humiliating, not only to the Council, not only to the press of the City, but to the decent, intelligent citizens of Pittsburgh, that at various times this stench of an investigation into vice conditions has to be made and heralded before the world of Pittsburgh's conditions. To my knowledge this has happened three times within the past year.

A surgeon when he finds he has a deeply located abscess has to stick the lancet very deep to perform the operation to let out the pus.

In dealing with this investigation today, I am going to make some pointed remarks. You have committees representing social and civic organizations of the City before you; you have the committee that has presented the resolution; and I want to say that a leading minister of the North Side has a son who on a number of occasions had made

complaint that high school boys going from the high school to this district have been enticed to these dens of iniquity.

The responsibility for the existence of wholesale vice conditions in the City rests absolutely with the executive department of the City. The policy of the administration is, as a rule, carried out by the subordinates of the Chief Executive. If that policy is not carried out by his subordinates, it shows inefficiency in that Executive. If the Director of the Department of Public Safety is inefficient, if the chief of police is incompetent, if the Police Commissioners allow vice and crime to go on in their various districts, I say it is the fault of the Chief Executive that these conditions are not corrected. And, if, as our Executive says, he does not believe these conditions exist and we can show that they do exist, I say the responsibility rests upon him, whether he is ignorant of the facts or not; and I want to say that I do not believe his statement, because within the past ten days one of his closest friends and political advisers sent a very influential member of one of the largest organizations in the City and told him that he would have to close the City's vice dens up, or he would do it for him. You all know it is a fact and three members of Council have discussed with me the vice conditions of Allegheny. I know that the majority of members of Council know that these conditions exist; they know that it is a notorious fact; that it is public talk. You know that within the past ten months we submitted to the Mayor and the Director of the Department of Public Safety and the chief of police numerous affidavits and we had the witnesses to support those affidavits of vice rampant in the City. Those affidavits have been in the possession of the Mayor since that time and he has never given a report to the Council or to the Public Safety Committee. If he did not believe those affidavits, he should have come into Council and demanded the proof. The fact that he has kept them and has made no statement is evidence positive that he knows at least that we are willing to produce witnesses who will substantiate the contents of those affidavits.

I have here an affidavit from a very reputable citizen of the North Side, who, within the past three weeks, took this matter up personally with the City Solicitor and the Director of the Department of Public Safety and with the Mayor, and he told him and asked him to send two investigators over there and convince himself of those conditions. The Mayor said he would. If he did, he still says he does not believe those conditions exist, yet this citizen said that the proper authorities could prosecute him if those statements he made were not true.

Numerous civic and social workers have reported these conditions from time to time. It is a notorious fact that

the ministers on the North Side have been complaining for months and reputable citizens have made complaints and that has forced us to make the investigations we did.

Now, I want to say to Council that we have the witnesses and, I believe, have sufficient evidence to convict a great number of houses of ill fame on the North Side. And our investigations are not confined to that portion of the City alone! But as these hearings next Saturday pertain to the North Side, we will have the evidence to support our statements here. We have affidavits, and we will have witnesses to substantiate them, that stores and ice cream parlors have slot machines where children and young men go in and learn the rudiments of gambling.

Now these conditions exist on the North Side, and the following resolution which I am going to ask you to adopt is the only thing Council can act on judiciously at the present time.

Mr. Dillinger presented

No. 2811. Whereas, Information has been brought to Council that there is in the City of Pittsburgh, and has been for some time past, at least one red-light district in which there are numerous disorderly houses, and that the existence of this district is a matter of common notoriety; and

Whereas, Council has further been informed that numerous gambling houses have been in operation in the City; and

Whereas, It appears from information received that the attention of the Department of Public Safety has at various times been called to these conditions in violation of law, and no effective action has been taken; and

Whereas, The offer has been made to Council to submit to a sub-committee appointed for that purpose, evidence in detail substantiating the general statements above set forth, for the purpose of determining whether or not it is the duty of Council to take any action in the premises and recommend to Council what action, if any, it should take; and

Whereas, From the nature of the case, the premature disclosure of the details of such evidence, with names of witnesses, would in all probability defeat the purpose which Council might have in view, in case it should undertake any action in the premises; therefore,

Resolved, That the president be and is hereby authorized to appoint a sub-committee of three members of Council to make a preliminary investigation, to examine in detail data which may be submitted as confidential communications, and to report to Council what action, if any, the said committee deems advisable for Council to take in the premises.

Which was read.

Mr. Dillinger moved

To amend the resolution by

striking out the word "sub" before the word "committee" and by striking out the words "as confidential communications."

Which motion prevailed.

And the resolution, as amended, was read.

Mr. Dillinger moved

The adoption of the resolution.

Which motion prevailed.

And the **Chair** appointed as members of said committee, Messrs. **Dillinger**, **Garland** and **Rauh**.

Mr. McArdle presented

No. 2812. Whereas, It appears that the law departemnt has in course

of preparation a number of bills and in contemplation of preparation other bills for the introduction into the State Legislature; said bills affecting the interests of the City of Pittsburgh; therefore, be it

Resolved, That the law department be requested to submit to Council, or to the Finance Committee, through its chairman, copies of all bills when prepared so that it may have an opportunity to study and discuss the merits of said bills.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

And on motion of **Mr. Garland**,

Council adjourned.

REPORTS OF SPECIAL COMMITTEES.

Mr. Dillinger presented

No. 2880.

Pittsburgh, February 26, 1917.

To the President and
Members of Council.

Gentlemen—Your special committee, appointed February 13, to make a preliminary investigation relative to disorderly houses on the North Side, beg leave to report that at a meeting held today a majority and a minority report was presented. These reports are presented herewith for the information of Council, as well as a resolution adopted at a meeting of the Pittsburgh Council of Churches of Christ held Sunday, February 24, regarding vice conditions in the City of Pittsburgh.

Respectfully submitted,

ROBT. GARLAND,

ENOCH RAUH,

G. A. DILLINGER,

Chairman.

Which was read, received and filed.

Also

No. 2881.

Pittsburgh, Pa., February 26, 1917.

President and Members of Council,
Council Chambers.

Gentlemen—Your sub-committee of three members appointed to make a preliminary investigation into the allegations that there is at least one red-light district in the City of Pittsburgh and to examine all data available and report to Council what action said committee deems it advisable for Council to take, submits the following report:

An examination of the testimony taken before Magistrate John J. Sweeney in certain cases tried by him on information brought by the police shows conclusively that liquor has been sold illegally in many places on the North Side and your committee recommends that

the Director of the Department of Public Safety be requested to obtain a copy of said testimony and immediately cause informations for selling liquor illegally to be made against those parties who are undoubtedly guilty of this offense as shown by the evidence taken before Magistrate Sweeney.

Your committee further recommends that the Director of the Department of Public Safety be requested to instruct his subordinates in the Bureau of Police to make a thorough investigation and prosecute all others who are engaged in this illegal traffic, as the elimination of this feature will tend to greatly minimize vice.

In order that the police may not become lax and allow conditions similar to those complained of to grow up, your committee recommends that the Director of the Department of Public Safety transfer the commissioners in every district every three months, this policy to be inaugurated at once.

Magistrate Sweeney found that there was not sufficient evidence to hold for Court on a charge of keeping a disorderly house the parties so charged before him. Your committee disagrees with his findings, and thinks that a prima facie case was made out in some instances.

Therefore, there being a difference of opinion between the police magistrate and your committee, we recommend that the matter be referred to the Public Safety Committee of Council for further consideration and decision.

Your sub-committee reports that, as instructed, it has made a preliminary investigation and examined such data as has been submitted.

Your sub-committee having been requested to report to Council what action your sub-committee deems it advisable for Council to take, recommends that it is advisable that the entire matter, together with the copies of the testimony taken before Magistrate Sweeney, a report of the hearings before your sub-committee, and all other data be referred to the Committee on Public Safety, in order that each and every member may examine the same carefully and decide for himself what future action should be taken.

ENOCH RAUH,

ROBT. GARLAND.

No. 2882.

February 22, 1917.

To the Council—The special committee appointed in pursuance of resolution of February 13, 1917, has made investigations as directed by the said resolution, and reports as follows:

(1) There is no doubt that there is and has been for some time on the North Side a red-light district of considerable extent. Its existence has been a matter of common notoriety. No particular attempt at concealment or secrecy has been made.

(2) Specific complaints have been made to the Department of Public Safety, directly or indirectly, by residents of the district and by representatives of more than one civic organization, but no change has been observed in conditions. On the contrary, the district seems to have been growing.

(3) On several occasions within the last two years or so, and on one occasion very recently, organizations of citizens interested in enforcing the law, have sent detectives into the district to get evidence. On several occasions these detectives were promptly arrested by the police, and the procedure in the case of these arrests indicates clearly that the police department was more interested in protecting the disorderly houses than it was in enforcing the law.

(4) Yielding to the rising pressure of public opinion, the police department recently made a move which was evidently meant as an elaborate white-washing scheme. About a hundred women of the district were arrested, brought before Magistrate Sweeney on the charge of keeping disorderly houses, and the solemn farce enacted of officials connected with the police department appearing before the magistrate and swearing that they knew nothing against the defendants. When a member of Council, who was present, offered to supply real evidence, the offer was very evidently disconcerting and unwelcome to the representatives of the police department in charge of the prosecutions. However, the magistrate postponed the cases. At a latter date, evidence was produced before the magistrate amply sufficient to warrant holding a number of the defendants for Court, but they were discharged, and, so far as your committee can learn, no further steps have been taken or are meant to be taken by the Department of Public Safety.

Your committee has been forced to the conclusion as a result of its investigations, that the violations of law, as above set forth, are not occasional and sporadic. There is very evidently a considerable district in at least one section of the City, where a large number of houses are running open and notoriously as disorderly houses. The Department of Public Safety, so far as it has acted at all in the matter, has taken action which tends to protect these houses rather than to enforce the law against them. There can be no reasonable question that the existence of these conditions is and has for some time been fully known and tolerated by the Department of Public Safety.

The situation has become so serious, and the pressure of indignant public opinion has become so urgent that your committee feels it is the duty of Council to exercise the power given to it by the City Charter, for the purpose of remedying these conditions.

Section 7 of the Act of May 31, 1911, gives to the Councils the power to remove the head of any department who shall have been found guilty after hear-

ing, as provided by the Act, of malfeasance or mismanagement of his official duties. We recommend that Council take the necessary steps to prefer charges against the present Director of Public Safety for malfeasance and mismanagement of his official duties, and hear evidence thereon; that for this purpose a special committee be appointed with full power to collect evidence, secure the services of special counsel to frame charges and conduct the hearing before Council; that Council choose a judge of the Court of Common Pleas to preside at such hearing, and that a resolution be passed authorizing the special committee to expend such sum as Council shall deem necessary from the funds appropriated for special investigations by Council, for the purpose of attorney's fees and other expenses in connection with such investigation, as the said committee shall see fit.

G. A. DILLINGER.

Which were read and referred to the Committee on Public Safety, and the Clerk instructed to furnish copies of same to each member of Council.

Also:

No. 2883. Whereas, The commerce in vice is an evil that is now known to be unnecessary and one which can and should be entirely suppressed; and

Whereas, The Morals Bureau established in 1914, succeeded in eliminating the red-light district and bringing the whole City into a moral condition which those best capable to judge declare to have been the best in the history of Pittsburgh; and

Whereas, At the time the Morals Bureau was discontinued, the Mayor of the City, Jos. G. Armstrong, declared that its policies would be continued absolutely by the police authorities; and

Whereas, Recent revelations have demonstrated beyond question that this vile traffic has again been established and is being brazenly carried on to a wide extent, unquestionably with the knowledge of the police; and

Whereas, The hearings on Saturday, February 17, and again yesterday, before Police Magistrate J. J. Sweeney, wherein about a hundred women were arraigned for keeping bawdy houses, were conducted in a way that made of them little else than a farce and a disgraceful perversion of justice, in which the magistrate showed himself utterly unworthy of the position he occupies; and

Whereas, It is now more evident than ever that the police cannot be depended on to repress these evils; and

Whereas, This meeting has been called by the Pittsburgh Council of the Churches of Christ, which in itself represents 165,000 church members, and which has invited hereto representatives of many other leading local bodies, so that this meeting well represents and is in position to speak for the tens of thousands

of outraged citizens of Pittsburgh who feel keenly the disgrace and injury which the authorities of our City have brought upon it by permitting this traffic to be re-established; therefore, be it

Resolved, 1. That we commend the City Council for having entered on an investigation of these conditions, and assure them that the people of Pittsburgh will insist that they go to any limits necessary to discover and remove from power whatever officials are responsible for countenancing and protecting these evils, and we further ask that they take steps to establish some effective agency of preventing the commerce in vice.

2. That we hereby call upon the Mayor

to remove Magistrate J. J. Sweeney from office at once and to co-operate with the City Council in ascertaining who are guilty of permitting these conditions to arise, and we demand that he promptly remove all such from their positions.

3. That a committee be appointed by the chairman of this meeting, which shall present these resolutions to the Mayor and to the City Council.

Which was read and referred to the Committee on Public Safety.

And on motion of Mr. **McArdle**,

Council adjourned.

Pittsburgh, Pa.,

February 26, 1917.

President and Members of Council,

Council Chambers.

Gentlemen—Your sub-committee of three members appointed to make a preliminary investigation into the allegation that there is at least one red-light district in the City of Pittsburgh, and to examine all data available and report to Council what action said committee deems it advisable for Council to take, submits the following report:

An examination of the testimony taken before Magistrate John J. Sweeney in certain cases tried by him on information brought by the police shows conclusively that liquor has been sold illegally in many places on the North Side, and your committee recommends that the Director of the Department of Public Safety be requested to obtain a copy of said testimony and immediately cause information for selling liquor illegally to be made against those parties who are undoubtedly guilty of this offense as shown by the evidence taken before Magistrate Sweeney.

Your committee further recommends that the Director of the Department of Public Safety be requested to instruct his subordinates in the Bureau of Police to make a thorough investigation and prosecute all others who are engaged in this illegal traffic, as the elimination of this feature will tend to greatly minimize vice.

In order that the police may not become lax and allow conditions similar to those complained of to grow up, your committee recommends that the Director of the Department of Public Safety transfer the commissioners in every district every three months, this policy to be inaugurated at once.

Magistrate Sweeney found that there was not sufficient evidence to hold for court on a charge of keeping a disorderly house the parties so charged before him. Your committee disagrees with his findings and thinks that a prima facie case was made out in some instances.

Therefore, there being a difference of opinion between the police magistrate and your committee, we recommend that the matter be referred to the Public Safety Committee of Council for further consideration and decision.

Your sub-committee reports that, as instructed, it has made a preliminary investigation and examined such data as has been submitted.

Your sub-committee having been requested to report to Council what action your sub-committee deems it advisable for Council to take, recommends that it is advisable that the entire matter, together with copies of the testimony taken before Magistrate Sweeney, a report of the hearings before your sub-

committee, and all other data, be referred to the Committee on Public Safety in order that each and every member may examine the same carefully and decide for himself what future action should be taken.

ENOCN RAUH,
ROBERT GARLAND.

Which was read.

Mr. Dillinger moved

That further action on the report be indefinitely postponed.

Upon which motion, Mr. **Rauh** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—6.

Noes—3.

And a majority of the votes being in the affirmative, the motion prevailed.

Also, with the recommendation that it be laid on the table in Council until such time as Council desires to further consider it:

Bill No. 2882.

February 22, 1917.

To the Council:

The Special committee appointed in pursuance of resolution of February 13, 1917, has made investigations as directed by the said resolution, and reports as follows:

(1) There is no doubt that there is now and has been for some time on the North Side a red-light district of considerable extent. Its existence has been a matter of common notoriety. No particular attempt at concealment or secrecy has been made.

(2) Specific complaints have been made to the Department of Public Safety, directly or indirectly, by residents of the district and by representatives of more than one civic organization, but no change has been observed in conditions. On the contrary, the district seems to have been growing.

(3) On several occasions within the last two years or so, and on one occasion very recently, organizations of citizens interested in enforcing the law, have sent detectives into the district to get evidence. On several occasions these detectives were promptly arrested by the police, and the procedure in the case of these arrests indicates clearly that the police department was more interested in protecting the disorderly houses than it was in enforcing the law.

(4) Yielding to the rising pressure of public opinion, the police department recently made a move which was evidently meant as an elaborate white-washing scheme. About a hundred women of the district were arrested, brought before Magistrate Sweeney on the charge of keeping disorderly houses, and the solemn farce enacted of officials connected with the police department appearing before the magistrate and swearing that they knew nothing against the defendants. When a member of Council, who was present, offered to supply real evidence, the offer was very evidently disconcerting and unwelcome to the representatives of the police department in charge of the prosecutions. However, the magistrate postponed the cases. At a later date, evidence was produced before the magistrate amply sufficient to warrant holding a number of the defendants for court, but they were discharged, and, so far as your committee can learn, no further steps have been taken or are meant to be taken by the Department of Public Safety.

Your committee has been forced to the conclusion as a result of its investigations, that the violations of law, as above set forth, are not occasional and sporadic. There is very evidently a considerable district in at least one section of the City where a large number of houses are running open and notoriously as disorderly houses. The Department of Public Safety, so far as it has acted at all in the matter, has taken action which tends to protect these houses rather than to enforce the law against them. There can be no reasonable question that the existence of these conditions is and has for some time been fully known and tolerated by the Department of Public Safety.

The situation has become so serious, and the pressure of indignant public opinion has become so urgent, that your committee feels it is the duty of Council to exercise the power given to it by the City Charter for the purpose of remedying these conditions.

Section 7, of the Act of May 31, 1911, gives to the Councils the power to remove the head of any department who shall have been found guilty after hearing, as provided by the Act, of malfeasance or mismanagement of his official duties. We recommend that Council take the necessary steps to prefer charges against the present Director of Public Safety for malfeasance and mismanagement of his official duties, and hear evidence thereon; that for this purpose a special committee be appointed with full power to collect evidence, secure the services of special counsel to frame charges and conduct the hearing before Council; that Council choose a judge of the Court of Common Pleas to preside at such hearing, and that a resolution be passed authorizing the special committee to expend such sum as Council shall deem necessary from the funds appropriated for special investigations by Council for the purpose of

attorneys' fees and other expenses in connection with such investigation, as the said committee shall see fit.

G. A. DILLINGER.

Which was read.

Mr. McArdle moved

That the report be laid on the table.

Which motion prevailed.

Mr. Dillinger also presented

No. 2934. Report of the Committee on Public Safety for March 3, 1917, transmitting a resolution to Council.

Which was read, received and filed.

Also, with the recommendation that it be adopted by Council.

Bill No. 2935. Whereas, There have been repeated representations made to Council by organizations and individuals that there are flagrant violations of the laws against immorality and the laws governing the sale of intoxicating liquors in certain portions of the City of Pittsburgh; and

Whereas, Said violations of law are alleged to have been of such nature as to preclude the possibility of the Department of Public Safety being in a state of excusable ignorance of their existence; and

Whereas, Through the trial of persons charged with some form of said violations in a magistrate's court, and through the reports made by the members of a special committee appointed by Council to investigate the subject, Council has been placed in possession of sufficient evidence to convince it that there have been flagrant violations of the laws above referred to; and

Whereas, The Department of Public Safety is charged with the responsibility of the enforcement of said laws; and

Whereas, The Director of the Department is specifically responsible for the administration of the affairs of said Department of Public Safety and is provided with the two powerful agencies for the enforcement of law and the suppression of lawlessness, the Bureau of Police and the Bureau of Detectives, together with executive authority to remove or to cause to be removed from office any subordinate officer who may fail in the performance of his duties; and

Whereas, The Director of the Department of Public Safety has represented to a special committee of Council that he had no knowledge of any violations of law as hereinbefore referred to, which representation, in the face of the available evidence, indicates either an unjustifiable ignorance of conditions or a lack of proper appreciation of the functions of his office; therefore, be it

Resolved, That the Director of the Department of Public Safety be and he

is hereby called upon to take the necessary steps, by the proper use of the Police and Detective Bureaus, to suppress violations of the laws against immorality, to the fullest extent of the power of his department, and to suppress all violations of the laws against illegal sales of intoxicating liquors; and to take such action as is necessary to bring to trial all cases concerning which evidence is now available for the violation of any of the laws herein referred to; be it further

Resolved, That the Director of the Department of Public Safety be furnished with a copy of all resolutions, reports of committees and transcripts of evidence now in possession of Council that have any reference to the matters herein referred to, together with a certified copy of this resolution; be it further

Resolved, That a copy of this resolution be transmitted to the Mayor for his information.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

MOTIONS AND RESOLUTIONS.

Mr. Dillinger presented

No. 2936. Whereas, The solemn farce enacted by Magistrate Sweeney in discharging, on February 17 and 24, a number of women who appeared before him charged with keeping bawdy houses on the grounds of not sufficient evidence; and

Whereas, The special committee of Council unanimously differed from the findings of the magistrate, insofar that they believed prima facie cases were established in some cases; and

Whereas, We believe the magistrate, either through ignorance, or a desire to protect said women, wilfully caused a miscarriage of justice in not holding a number of said cases for court; therefore, be it

Resolved, That Council shows its disapproval of such conduct of a City magistrate by asking the Mayor to at once dismiss from the service Magistrate J. J. Sweeney.

Which was read.

The Chair presented

No. 2958.

MAYOR'S OFFICE,

Pittsburgh, March 12, 1917.

President and Members of Council of the City of Pittsburgh, Pittsburgh, Pa.

Gentlemen—I learned with the deepest regret, while on my way back from Florida, of the death of George W. Guthrie, former Mayor of Pittsburgh, and at the time of his demise American Ambassador to Japan.

In the death of Mr. Guthrie, our City, state and nation loses a most distinguished and patriotic citizen. A man of noble character, lofty purposes and faithful devotion to duty, no one in my recollection in this City ever worked more sincerely for the people than he. He was essentially a Pittsburgher, and on all occasions placed the advancement of Pittsburgh above the advancement of self.

It is a safe statement to record that no one, in the lifetime of any of us, has enjoyed the same widespread respect of his fellow citizens as Mr. Guthrie earned by his efforts to promote the common good of all.

I note that your Honorable Body has taken steps to honor his memory. In this I hasten to join you. On behalf of the executive branch of the government I express now, in the name of the people of his home City, the great sorrow all truly feel, and I assure you I am ready at any time to confer with Council or your committee to outline and perfect plans which will provide a fitting tribute to this great man.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

CARNEGIE INSTITUTE OF TECHNOLOGY.

Pittsburgh, Pa.,

February 28, 1917.

Dr. J. P. Kerr, President,

City Council, Pittsburgh, Pa.

My Dear Sir—Since it has been impossible to get any satisfactory action by the City of Pittsburgh on the proposed opening and location of Morewood avenue into school properties, the trustees of the Carnegie Institute of Technology have decided to go ahead with the grading of the McGinley property and to abandon the project of opening a public

street. They have awarded the contract to Booth & Flinn, who are already at work on this project.

Will you, therefore, consider this letter as notice that the request and proposal submitted to you on this subject, prior to this date, are herewith withdrawn?

Yours very truly,

ARTHUR A. HAMERSCHLAG.

REPORTS OF SPECIAL COMMITTEES.

Mr. McArdle presented from the Special Committee,

No. 2976. At Tokio, Japan, on Thursday, March 8, 1917, the earthly career of George Wilkins Guthrie came to a close.

The message bringing the regrettable tidings to Pittsburgh, the place of his birth and life-long residence, came as a shock to its entire citizenry because George Wilkins Guthrie's name had become inseparably associated with the civic life of Pittsburgh and the ideals for which it has strived.

His conception of American citizenship, his high civic ideals, his strict personal honesty, his unswerving adherence to his convictions, the exemplary character of his private life, coupled with an extraordinary ability and fitness for large public service, caused him to be frequently singled out by high public offices seeking the man. Responding to such a call he filled with honor and distinction to himself and his City the exalted office of Mayor of Pittsburgh, and by his official conduct while thus serving his City and by his counsel and advice as a private citizen later made such an impress on the contemporary public mind as to make his call to higher honors inevitable.

The crowning compliment to his breadth of vision and poise of mind, his rugged honesty and genuine Americanism came with his selection as Ambassador from the United States of America to the Imperial Japanese government, a compliment which he has so fully justified by the splendid official service rendered during the most trying times in the history of American diplomacy.

His life, public and private, is a fitting example for those who would serve their fellow men well.

The spirit of that life is epitomized in the last public utterance of Mr. Guthrie, spoken at the capital of the Flowery Kingdom, when he said:

"God grant that America's love of truth, justice, liberty and humanity may still be with us to inspire and guide us; that this flag and all that it stands for—justice and freedom of the seas—may be undestroyed and that we, too, if the day ever comes, may be willing to sacrifice all and to die if need be, so that the flag may never be impaired."

Recognizing the splendid qualities of heart and mind that endeared this distinguished Pittsburgher to his fellow citizens and the exalted character of the public service rendered to his City, State and Nation,

Be It Resolved, That the Council of the City of Pittsburgh, expressing what it believes to be the sentiments of its citizens, tenders to his bereaved widow and friends its sympathy in their sorrow, and directs that this minute be made a part of the public record, and a properly engrossed copy be sent to Mrs. George W. Guthrie.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed by a unanimous rising vote.

MOTIONS AND RESOLUTIONS.

Mr. **Bauh** presented

No. 2977. Resolved, That the City Council of Pittsburgh places its seal of approval upon the prevailing agitation for the planting of fruits and vegetables in backyards by the citizens of Pittsburgh, in order to increase the output of home-grown produce, thereby adding to the general prosperity of the community and cutting down the cost of living for all concerned.

Which was read.

Mr. **Bauh** moved

The adoption of the resolution.

Which motion prevailed.

Mr. **English** presented

No. 2978. Whereas, The bridges over the Pittsburgh, Fort Wayne & Chicago Railroad, at the corner of Irwin and North avenues, are the cause of many accidents; and

Whereas, The increasing use of the automobile suggests that unless conditions are remedied the number of accidents will continue to increase; therefore, be it

Resolved, That a committee of three members of Council be appointed to join with the Mayor and the Director of the Department of Public Works in arranging with the proper officials of the railroad company the necessary construction changes to remedy the present dangerous conditions.

Which was read.

Mr. **English** moved

The adoption of the resolution.

Which motion prevailed.

And the **Chair** appointed as members of said committee, Messrs. **English**, **Dailey** and **Robertson**.

And on motion of Mr. **Garland**,
Council adjourned.

MOTIONS AND RESOLUTIONS.

Mr. Herron presented

No. 3035. Whereas, Citizens of Pittsburgh, in that part of the City served with water by the Pennsylvania Water Company, have repeatedly complained to the authorities of the City alleging that the rates charged are unreasonable; and

Whereas, At conferences held between the officials of the City of Pittsburgh and the Pennsylvania Water Company no terms could be agreed upon providing for the reduction in the said rates in said territory; and

Whereas, There being no other legal method of obtaining relief asked for except by complaint filed before the Public Service Commission of the State; therefore, be it

Resolved, That the Law Department be requested to confer with the proper representatives in the boroughs and townships served by the Pennsylvania Water Company where the above referred to rates apply with a view to determining whether it would be their desire to join with the City of Pittsburgh in presenting such a complaint to the Public Service Commission for the purpose of having determined the question of the justness of the rates complained of.

Which was read.

Mr. Herron moved

The adoption of the resolution.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

Noes—Mr.

English

When the name of Mr. English was called, he arose and said:

"Since this bill was passed by committee I have talked with Mr. Robinson and Mr. Bown, and they both agree that something definite should be inserted in the resolution to show that this is merely temporary. If this is not done, the resolution may stand for a number of years and the City may get into an argument with the light company over the price to be paid for light. If this should happen the matter may go to the Public Service Commission and then to the courts. They both suggested the insertion of a clause relating to that possibility, and that a price per month, until a contract is entered into, should be set up in the resolution. Having appropriated \$75,000.00 for an investigation of street railway matters and electric light rates, etc., and having Messrs. Robinson and Bown as attorneys to handle these cases it is certainly our duty to refer this important bill to those attorneys and let them look over and approve this bill before we take final action. I therefore suggest that we refer the resolution back to committee, so that it can be approved by Messrs. Robinson and Bown."

MOTIONS AND RESOLUTIONS.

Mr. **Rauh** presented

No. 3107. Resolved, That the Mayor be and he is hereby requested to have the Director of the Department of Supplies furnish Council, within a week, an estimate of the cost of purchasing new American flags to be placed on all City buildings and wherever in the City it has been customary for the City to display the American flag.

Which was read.

Mr. **Rauh** moved

The adoption of the resolution.
Which motion prevailed.

The **Chair** presented

No. 3108. Whereas, A national movement has been started to pledge to President Wilson, regardless of party lines, loyal support in whatever steps may be necessary in this hour of crisis in our foreign relations; and

Whereas, A patriotic rally of our citizens is deemed a practical method of giving demonstration of our devotion to our country; therefore, be it

Resolved That City Council, in session assembled, indorses the plan for a mass meeting of citizens in Exposition Music Hall on Saturday evening, March 31, that we join with the Mayor in making arrangements for the same, and, as the time is limited in which to act, that we confer with him immediately at the conclusion of the present session.

Which was read.

Mr. **Dailey** moved

The adoption of the resolution.
Which motion prevailed.

Hon. **Jos. G. Armstrong**, Mayor, at this time appeared before Council and was given the privileges of the floor and said:

"Mr. Chairman and Gentlemen—I have here another form of communication. I will ask the City Clerk to read it and I will ask the members of Council to sign it, advocating the support of the different newspapers.

MAYOR'S OFFICE,

Pittsburgh, Pa., March 26, 1917.

Dear Sir—A national movement has been inaugurated in pledge to President Wilson, regardless of party lines, loyal support in whatever action may be necessary to defend the United States and to maintain the rights of its citizens on land and sea.

In this movement we feel that Pittsburgh should join whole-heartedly and with a show of patriotism which will do justice to her noble traditions.

Representing the official life of Pittsburgh, in both the executive and legislative branches, we have arranged to hold a patriotic mass meeting at Exposition

Music Hall on Saturday evening, March 31.

Realizing the great power of the press we appeal to you in the name of a united country and a united Pittsburgh to lend your extremely potent influence toward making this rally the success it deserves on account of its laudable purpose.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

"This is for the purpose of getting the newspaper men acquainted with the conditions, and I am asking Council to sign and join with me in sending it to the editors of the various papers.

"Then I have another short communication, which I also ask the members of Council to sign and join with me in asking the editors of the various papers to take up the cause.

MAYOR'S OFFICE,

Pittsburgh, March 26, 1917.

To the people of the City of Pittsburgh. 'Your Country Needs You' is the nationwide call being sounded by those entrusted with the destinies of our beloved republic. In such an hour let Pittsburghers of today measure up fully to the high standards of loyalty, duty and sacrifice set by their ancestors in days gone by. At such a time we are Americans first and Americans only and should hear but one voice, that of our country.

We therefore, earnestly urge all our people to unite in a fervent and stirring patriotic demonstration at Exposition Music Hall, Saturday evening, March 31, to give certain fitting response for Pittsburgh to this call of duty and devotion.

JOS. G. ARMSTRONG,

Mayor.

"Now if Council will approve of signing these communications with me to be sent to the various newspapers in Pittsburgh, they will be submitted as soon as possible to the editors of the newspapers in Pittsburgh. We have a list of all the different bodies throughout the City, numbering about 200, as well as giving the newspapers notice, and we are going to ask these civic and trade organizations to take part in the patriotic rally and to come to the hall in such ways as they please. Some of the military organizations will have their own way of coming. We will not make any arrangements for a parade. However, this will be strictly a Pittsburgh proposition—the men doing the speaking and everything will be absolutely Pittsburgh throughout. Pittsburgh along with ten other large cities will hold mass meetings on Saturday evening, March 31."

Mr. **McArdle** moved

That the request of the Mayor be complied with by the President and Members of Council signing these communications presented by the Mayor.

Which motion prevailed.

And the following members of Council signed the same:

John H. Dailey, W. Y. English, Robt. Garland, John S. Herron, James P. Kerr (President), P. J. McArdle, Enoch Bauh, W. H. Robertson.

Mr. Herron moved

That the following members be excused for absence from Council and committee meetings:

Mr. Dailey on February 7, and March 20, 1917.

Mr. Dillinger on February 6, 14, 20, and 27, and March 6, 12, 13, 19, 20, 21 and 22, 1917.

Mr. English on February 13, 14 and 15, 1917.

Mr. Garland on February 6 and 14, 1917.

Mr. Kerr (President) on February 19 and 23, and March 13, 1917.

Mr. McArdle on February 5, 6 and 7, 1917.

Mr. Bauh on February 6 and 23, 1917.
Which motion prevailed.

And on motion of **Mr. McArdle**,
Council adjourned.

Council met.

Present—Messrs.

Dailey	Kerr (President)
English	McArdle
Garland	Rauh
Herron	Robertson

Absent—Mr.
Dillinger

The Chair stated that, as there were no objections, the reading of the minutes of the previous meeting would be dispensed with.

Mr. McArdle arose and said:

"Mr. Chairman, may I ask what the minutes show on Bill No. 3011, 'Resolution authorizing the Mayor and the City Controller to make a monthly allowance to the Duquesne Light Company in payment of service for lighting of the public streets, until the contract is duly approved and countersigned, and authorizing the issuing of a warrant for the sum agreed upon, and charging to Appropriation No. 1671.' They are not on file here."

The Chair said:

"The Clerk will read the section as requested."

The Clerk read the minutes of the meeting of Council held Monday, March 26, 1917, insofar as they relate to Bill No. 3011, showing the remarks of Mr. English on the bill.

Mr. McArdle arose and said:

"Now, Mr. Chairman, all that language in the minutes beginning with 'Mr. English arose and said,' purporting to be Mr. English's remarks did not take place, and I move that they be stricken from the record."

(Motion seconded by Mr. Garland.)

Upon which motion Mr. English demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Pittsburgh, April 2, 1917.

To the President and

Members of Council.

Gentlemen—At a meeting of the Joint Committee on City Hall-Court House Building held this day at the office of the County Engineer, Court House, the following changes were recommended:

Additional

MCS No. 308. Refrigerator door
in Room 629-A, (Depart-
ment of Public Health)
Drawing 187.....\$ 90.00

MCS N. 309. Change in parti-
tion in Room 408 and also in
Room 414..... 620.42

Giving authority to the supervising
engineer to have shipped by express
from Chicago, ornamental iron work for
the City Treasurer's office.

It is understood that one-half of the
amounts stipulated will be paid by the
County and the other half by the City.

The Joint Committee asks your ap-
proval of this action.

Respectfully submitted,

J. P. KERR,

Chairman.

Which was read.

Mr. Robertson moved

That the report be accepted and
approved.

Which motion prevailed.

UNFINISHED BUSINESS.

Bill No. 2993. An Ordinance en-
titled, "An Ordinance authorizing and di-
recting an increase of the indebtedness
of the City of Pittsburgh in the sum of
eighty thousand (\$80,000.00) dollars, and
providing for the issue and sale of
bonds of said City in said amount, to
provide funds for the furnishing and
equipment of the municipal offices located
in the joint City-County Building,
and providing for the redemption of said
bonds and the payment of interest
thereon."

In Council March 26, 1917. Read a
first time.

Which was read a second time.

Mr. English arose and said:

"Mr. Chairman, I am opposed to this
bill for the reason that I think suffi-
cient money should have been reserved
from the original appropriation of \$1,-
500,000.00 for the erection and furnish-
ing of this new building that the people
approved at the polls. The bond ordi-
nance distinctly stated that the money
was to be used for the construction and
equipment of a new City Hall Building—
that was the distinct wording of the bon
item submitted to the people for their
approval.

"My particular objection to the ordi-
nance, however, is the fact that some three
years ago the sum of \$386,000.00 was paid

to the City by the County of Allegheny
for the property it turned over to the
County in the exchange deal. Instead
of using that money for the redemption
of part of the \$1,500,000.00 bonds, it
was applied to current expenses, thereby
burdening the taxpayers with the ex-
pense of paying sinking fund and in-
terest charges on the principal, which
could have been reduced \$386,000.00.

"Had that been done and it would now
be necessary to issue bonds for the pur-
pose of buying furniture and fixtures for
the new building, I would have con-
curred in the matter and voted for this
issue of bonds.

"For the reason given above I am
compelled to vote No."

And the bill, as read a second time,
was agreed to.

Mr. Garland moved

A suspension of the rule to al-
low the third reading and final passage
of the bill.

Which motion prevailed.

And the bill was read a third time
and agreed to.

And the title of the bill was read
and agreed to.

And on the question, "Shall the bill
pass finally?"

The ayes and noes were taken agree-
ably to law, and were:

Ayes—Messrs.

Dailey	McArdle
Garland	Rauh
Herron	Robertson
Kerr (President)	

Noes—Mr.

English

Ayes—7.

Noes—1.

And a majority of the votes of Coun-
cil being in the affirmative, the bill
passed finally.

REPORTS OF COMMITTEES.

Mr. Garland presented

No. 3157. Report of the Com-
mittee on Finance for March 27, 1917,

Which motion prevailed.

The Clerk read

Bill No. 3152.

Pittsburgh, Pa., March 26, 1917.

Dr. J. P. Kerr, President, Council,

City of Pittsburgh,

Old City Hall.

I, as a taxpayer of the City of Pittsburgh, am strongly opposed to the ordinance that was passed by your Council some time ago, for the appointment of two social workers.

I, as a taxpayer of the City of Pittsburgh, claim that the positions are not necessary, for this work has been done for years by organizations without compensation. I beg your City Council will repeal this ordinance.

Respectfully,

W. H. BRANTHOVER.

Which was received and filed.

Also

Bill No. 3153.

THE ASSOCIATED CHARITIES OF PITTSBURGH.

Pittsburgh, Pa., March 27, 1917.

Dr. James P. Kerr, President,

City Council, City Hall,

Pittsburgh, Pa.

My dear Mr. Kerr—I wish to express the interest of the Associated Charities in the repeal of the recent ordinance by virtue of which two social workers have been appointed by the Mayor. We base our opposition to this ordinance on the ground that the services now voluntarily rendered by private philanthropic organizations of this City are already meeting the situation. That being our conviction, we believe that there can be no possible gain in efficiency by the recent creation of these municipal social worker positions, and therefore the expenditure of public moneys for this pur-

pose seems to us wasteful and unwarranted.

Sincerely,
J. BYRON DEACON,
General Secretary.

Which was received and filed.

Also

Bill No. 3154.
Pittsburgh, Pa., March 24, 1917.
Dr. J. P. Kerr,
President of Council,
Pittsburgh, Pa.

Dear Sir—I understand that an ordinance has been passed for the appointment of two social workers. I do not think they are necessary, and therefore, as a taxpayer ask that this ordinance be repealed. I think, that we have too many offices that are of no service to the City, nor its citizens and, consequently, an unnecessary expense.

Yours respectfully,

G. H. GUNDERMAN.

Which was received and filed.

Also

Bill No. 3155.
Pittsburgh, Pa., March 26, 1917.
Mr. J. P. Kerr, President,
Council, City of Pittsburgh,
Pittsburgh, Pa.

Dear Sir—I understand that City Council has passed an ordinance for the appointment of two extra social workers. The necessity of these offices is far from apparent as it seems that there are very many worthy social welfare organizations taking care of these matters in an adequate manner and, mostly, without remuneration.

These appointments are obnoxious to a great many people and particularly the organizations mentioned above who will now feel that their earnest efforts are no longer appreciated or that their work has not been thorough.

The main objection to this ordinance is that, as the positions seem unnecessary, the taxpayers should not be burdened with the additional expense.

We earnestly desire that your City Council will repeal this ordinance and leave this work in the very competent hands of those who have heretofore given to this phase of the City's welfare their earnest efforts.

Yours very truly,
RUDOLPH NEUBRAND,
WM. K. DICKIE,
M. P. MCCLURE,
ROBERT W. BROWN,
JAS. A. BACON,
JOHN KINGHOM, JR.,
GEORGE F. CLEMENT.
J. M. MARSHALL.

Which was received and filed.

Mr. Garland moved

That the Clerk be requested to secure the report of the Director of the

Department of Public Safety relative to the two social workers, which is now before the Finance Committee, and read the same.

Which motion prevailed.

And the report was sent for and read.

Mr. Garland arose and said:

"I move that the report be made a part of the record of today's meeting."

Mr. McArdle arose and said:

"How are you going to make that a record of Council until it reaches Council? It is now in the Finance Committee and has never been in Council."

Mr. Garland arose and said:

"I maintain that by reading it here it has become a part of the record of Council."

Mr. McArdle arose and said:

"I contend that it is not a report from the Superintendent of Police asked for by Council and therefore is not a part of the Council proceedings of today. However, it can easily become a record of Council by the Finance Committee reporting it to Council."

Mr. Garland arose and said:

"I maintain that when a paper is read in Council it becomes a record of Council."

The Chair said:

"The question before you is on the adoption of the motion to indefinitely postpone action on the ordinance."

Mr. Garland arose and said:

"I think in view of the fact that the department itself does not show that it is necessary for the City to spend money to get this work done, it ought to be sufficient for us to repeal the ordinance. That report from the Director was asked for in good faith. The report is here and has been read in Council, and I maintain, also, that it is a record of Council. It has been read here. We have no request from the Department to spend this money, and I don't think we are doing our duty by keeping this ordinance on the statute books when it has not been asked for by the department itself."

Mr. McArdle arose and said:

"I think that would have been a strong argument at the time the original ordinance was passed, instead of the gentleman offering an amendment doubling the cost of the original bill provided for."

Mr. Garland arose and said:

"I admit that is a very good argument and has a great deal of logic in it. However, at the Finance Committee meeting last week a new light was thrown on the subject, which was never submitted to Council by anybody before. No statement was made that these positions were

necessary. When we have information coming from a reliable source that these paid workers are not necessary I don't believe a man should hesitate to change his mind."

And the question recurring, "Shall further action on the bill be indefinitely postponed?" Mr. **Garland** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

Dailey	McArdle
Herron	Robertson
Kerr (President)	

Noes—Messrs.

English	Rauh
Garland	

Ayes—5.

Noes—3.

And a majority of the votes being in the affirmative, the motion prevailed.

Mr. **Herron** presented

Which was read.

Mr. Dailey moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

"Mr. Chairman, I have carefully looked over the list of telephones and the prices to be paid for each, particularly observing the prices they propose to pay for these telephones, and I really think if the members of Council will look through this list they will send the ordinance back to committee and have the chief of the Division of Efficiency Standards to make a report on it before final adoption.

"I want the members of Council to clearly understand my position. I am not opposing the matter of paying any public service corporation for services rendered. It is the same argument that I used on Bill No. 3011 providing for monthly payments to the Duquesne Light Company. Don't misconstrue my argument in the matter. We have to pay for the service undoubtedly, but here in this telephone service it is a matter for Council to know and determine what price the City is going to pay for each particular telephone.

"In this connection I want to use this illustration, which I give you to show that something should be done before the ordinance is finally adopted. The Superintendent of the Bureau of Horses has a telephone with unlimited outgoing calls, for which the City pays \$57.00 a year. I have nothing against the superintendent, but I take it that his telephone is merely for the purpose of receiving calls from various City stables notifying him when a horse takes sick or is injured. In the daytime he is no doubt in his office or around the City where he could easily be reached by telephone. During the night he would merely need a telephone for the purpose of receiving incoming calls. Therefore, why should this superintendent be given an unlimited outgoing service? Mind you, I am not arguing that the superintendent does not need a telephone, but merely use this particular telephone for illustration.

"One more illustration is the matter of police commissioners and detectives. They each have a P. & A. phone for the purpose of receiving incoming calls, for which the City pays \$16.00 each per annum. In this instance you will note that the police officials are provided with incoming service only. The department evidently agrees with me that unlimited outgoing telephones for police officials is not necessary. And in this particular instance the department should be given

credit for saving money for the City. I contend that this proves my position that we are paying too much money for particular individual telephones and if the matter were carefully investigated it might be found that the price of many of these telephones could be cut down, particularly in cases where incoming calls only are desired, as it is manifest that we have too many high-priced telephones for outgoing calls.

"Mr. Chairman, I do wish some member would come to my rescue and refer this bill back to committee, so that Mr. Shevlin could make a report on the matter. I submit to you that if you will look over this list you will change your views."

Mr. English moved

That the bill be recommitted to the Committee on Public Safety.

Upon which motion, Mr. English demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

Garland	Rauh
Herron	Robertson
Kerr (President)	

Noes—Mr.

English

Ayes—7.

Noes—1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3036. Resolution approving, accepting and assuming the lease entered into between George J. Raum, agent for Martha Schmith, and the City of Pittsburgh, for the use of property known as No. 133 Steuben street, Twentieth ward, Pittsburgh, for a period of one year beginning March 1, 1917, at the monthly rental of \$45.00, together with the cost of all water rents assessed against said premises during the term of said lease, the said building to be used for a police station, and charging the same to Code Account No. 1147, Item B, Miscellaneous Services, Bureau of Police.

Which was read.

Mr. Dalley moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

DEPARTMENT OF PUBLIC SAFETY.

Pittsburgh, Pa., March 30, 1917.

J. P. Kerr, M. D.,

Chairman, Committee on Finance
of City Council.

Dear Sir—As per your request of the 27th inst., I am transmitting herewith report signed by Mr. W. N. Matthews, Superintendent of the Bureau of Police, with reference to the work done by social workers at the different police stations in the City of Pittsburgh.

Yours very truly,

CHAS. S. HUBBARD,
Director.

DEPARTMENT OF PUBLIC SAFETY.
BUREAU OF POLICE.

Pittsburgh, Pa., March 30, 1917.

Charles S. Hubbard,

Director, Department of Public Safety,
City of Pittsburgh, Pa.

Dear Sir—Referring to the attached letter of E. S. Morrow, Clerk of Finance

Committee, City Council, asking for a report of work performed by social workers at the several division houses of the Bureau of Police, I beg to advise as follows:

At Central Station, since January 1, 1916, we have handled approximately one hundred fifty (150) wayward girls. This does not include common prostitutes and street walkers over 21 years of age. At this station house Mrs. L. C. Wick and Miss Schraeder are social workers. Also Mrs. Davis, representing the Parting of the Ways Home, assists in this work. The Commissioner of Police of this district reports to me that these women are faithful in attendance and perform a good work.

At Center Avenue Police Station for the same period we handled fifty wayward girls. When the services of a social worker are required the request is sent to Central Station. A very capable young man representing the Council of Jewish Women is in daily touch with this station house.

At the Penn Avenue Station we arrested two girls, each 15 years of age, since January 1, 1916. These two girls were turned over to the care of Miss Gertrude Krugh and the girls were taken to the Pittsburgh Home for Girls.

At the Forty-third Street Station four girls, aged, respectively, 17, 15, 16 and 16, were arrested since January 1, 1916. No social workers are regularly assigned to this station house, but their services may be secured by telephoning to another station.

At Frankstown Avenue Station and Squirrel Hill Station, both in the Third District, we arrested twenty females under the age of 21 years, from January 1, 1916, to date. These girls were assisted by Mrs. Masters, Mrs. Flowers and Mrs. Doty, of the Associated Charities, and Mrs. Morgan, of the New Future Home.

At the Oakland and Hazelwood division houses no wayward girls were arrested for the above period.

At the South Thirteenth street, West End and Mount Washington division houses Miss Vitchestein and another lady associated with her assist the wayward girls arrested in this district. About ten such girls have been arrested in the last year.

At the Allegheny division house we arrested eleven wayward girls since January 1, 1916, and they were turned over to Miss Langdon, Miss McFedries and to the parents of the girls.

At the Woods Run division house four minor females were arrested for incorrigibility. No regular social workers are accredited to this house, but as this station is a sub-station of Allegheny station the request for these services is sent to that station.

In closing, I might state that the charitable women of this City have rendered unselfish assistance in caring for minors arrested by this Bureau. Mr. R.

H. McBride, superintendent of the Parting of the Ways Home, is in constant touch with all station houses and has done efficient work.

Yours very respectfully,

W. N. MATTHEWS,
Superintendent.

In Finance Committee, April 4, 1917.

MOTIONS AND RESOLUTIONS.

Mr. Garland presented

No. 3214. Whereas, In times like the present it is fitting that our people be afforded opportunity to give outward and visible signs of their inward patriotic feeling; therefore, be it

Resolved, That City Council, in session assembled, requests that, during the continuance of the war, at least one verse of "America" and "The Star Spangled Banner" be played at each performance in every theater, moving picture house, at all concerts, organ recitals and other places of amusement and entertainment, to the end that the citizens of this community, thus gathered together, may rise and reverently and fervently pay their devotions to the flag and the institutions for which it stands.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 3215. Whereas, The administration of the affairs of a city should be conducted upon sound business principles and should not be made a part of any political organization; and

Whereas, All the people of the City, unbiased by party politics, should participate directly in the election of the administrative and legislative officers of the City; and

Whereas, The election of municipal officers on a non-partisan ballot carries into effect, to a certain extent, the principles of home rule by eliminating the influence and power of State and National party organizations; and

Whereas, The cities of Pennsylvania should be given broader powers in the administration of their affairs, in the form of a home rule charter rather than a contraction of such authority by repealing the non-partisan law; and

Whereas, The purpose of the repeal of this bill is to re-establish the old centralized authority, which is in conflict with the principles of free government and the principles upon which this great Nation was founded and which is very largely responsible for the great international conflict which is being waged at the present time; therefore, be it

Resolved, That we call upon the members of the House of Representatives at Harrisburg to vote against the bill repealing the law which provides for the election of officers of cities of the second class on a non-partisan ballot; and be it further

Resolved, That we call upon all citizens of Pittsburgh and all those throughout the State of Pennsylvania who believe

in an efficient economic administration of municipal affairs to insist upon their representatives voting against this bill.

Which was read.

Mr. English moved

The adoption of the resolution.

Mr. Garland arose and said:

"Mr. Chairman—I want to say that this seems to be rather indelicate and bad taste to take this matter up in Council. It would be better to let the friends of the present law fight it out, as they seem willing to do, with those who oppose it. It does seem that this body should not take action on a matter so closely connected with itself. Judges are elected on the non-partisan ballot, and I have not heard of any meetings being called by them to act on this subject. Nor have I heard of any action being taken by the School Board. I don't think it is proper that we should take this action. I would move to lay the resolution on the table, but I am sure it would not receive a second and the motion would not go through. I think it would be wisdom on the part of the Council not to take it up at all. Let the friends of Council fight it for them.

"Section 3, Article XIV, of the City Charter, provides, 'A member who has a personal or private interest in any measure or bill proposed or pending before the Council shall disclose the fact to the Council, and shall not vote thereon, nor take part in any discussion of the same.' The intent of the law, as I take it, is that we shall not vote on matters of this kind ourselves. It is bad taste to take it up this way, and there are some things in that resolution I object to. It is not proper to bring in present-day affairs, such as the international conflict.

"There is nothing wrong for Council, individually, going to Harrisburg to oppose the passage of the repeal bill, but for this body to take action is improper."

At this time President **Kerr** called **Mr. Daley** to the Chair, and, taking the floor, said:

"Mr. Chairman—I presented that bill following a custom that was established in this body some time ago. I believe the election of officials to any municipality should be upon a non-partisan ballot. I believe that because it gives every individual in the City, who is interested in City government, and I take it that every man in the City who is a taxpayer or even a resident of the City is interested in the character of the government of the city in which he lives.

"Under the old partisan law the dominant party, whatever it was, and in this City it happened to be the Republican party, was the party that controlled all of the officers that were elected to the government of the City; and, in justice to the minority, whether it be large or small, should have a representative in that government. This law gives them an opportunity to go before the people

and gives the people an opportunity to vote directly for their representatives. That is American government, and the Legislature at Harrisburg hasn't any right to deprive the people of their right to vote directly for their representatives.

"Now, I find in 1915 a similar resolution was presented by my friend on the right (**Mr. Baugh**) and was supported by the total membership of that Council, and I am surprised that the gentleman who is so vigorous in his opposition to this bill voted for the bill at that time. It seems to me that there must have been some influence brought to bear to change the minds of some members on this bill at this time."

Mr. Garland arose and said:

"Mr. Chairman—I think the gentleman who just sat down is incorrect when he says, 'the gentleman is vigorous in his opposition to the bill at this time.' Those are the exact words he used, as I have a good memory. I want to say that I have shown no opposition to this bill. I simply say the procedure is wrong. We have had two years' more trial since the last session of the Legislature, and over five years since the new Council went into office, and our work should be judged by the people and not by ourselves. I say again it is bad taste to take this upon ourselves and say to the people of Pittsburgh, 'Help us.' The people, through civic and trade organizations, are taking action on this matter. I repeat again the judges are not breaking their necks to keep themselves in the non-partisan column. I say again the School Board is not taking action. I say it is bad taste. I want to place the following in the record of today's meeting.

"I had hoped that this question would not be brought up here, as I feel that discussion by Councilmen of the methods by which members of this body are to be elected in the future is indelicate, in bad taste and out of place.

"The contents of this particular bill make every member of this body a party at interest. While I do not contend that it specifically or, perhaps, legally covers the present case, I would like to point out Section 3, Article 14, of the Act of May 31, 1911, which at least shows the intent and which I think marks out the course to be followed by us in the present instance. The section I have reference to reads as follows:

"A member who has a personal or private interest in any measure or bill proposed or pending before the Council shall disclose the fact to the Council, and shall not vote thereon, nor take part in any discussion of the same."

"Whatever may be said in denial, it will be generally believed that every member of Council has a personal interest in this bill because it decides the method by which his record is to be weighed by the people in case he appears for re-election. The method of election to this body is the means by which the present members are to be tried by the

people if they submit themselves for re-election. A Councilman's record should be such that he does not fear any manner of trial on the part of the people, so long as it is fair. If a Councilman's record has been good and the sentiment of the people is back of him he will be sustained, no matter what election laws may be passed, and if it has been otherwise, he should suffer the consequences.

"Judges are elected on the non-partisan basis. I have heard of no meetings being called by them to pass resolutions on this subject. They evidently intend being non-partisan, and we would do well to follow their example.

"This Council is on trial as well as the non-partisan election law. Many of the proponents of the non-partisan election law are pointing to this Council as a reason why the non-partisan method should be continued, on the ground that the present councilmanic system is better than the old. Unfortunately, however, there is not unanimity of opinion on this subject. The opponents of the present councilmanic system state unqualifiedly that it is not a success and that there is more politics and partisanship under the present system than under the old. To substantiate this, the men who take the attitude that our present councilmanic system has failed to eliminate politics and partisanship point to the fact that under the so-called improved order of things it has been possible for one man, through politics and partisanship, to take unto himself not only the presidency of Council, but the chairmanship of all committees, an exhibition of political manipulation which was never even approached under any previous system of election in the history of Pittsburgh.

"As a party at interest, and as one who does not fear to have his record judged by any method of election which the representatives of the people elected with authority to pass on such matters may write into law, I refuse to support any resolution, either for or against changing the manner in which we are to be judged, preferring to leave this subject to the decision of public opinion, feeling that, without influence or pressure on our part, it will be directed behind what is right and that whatever is for the best interests of the people will prevail."

The Chair (Mr. Dailey) said:

"For the benefit of the member who just spoke, I wish to state that I have been informed by a member of the State Senate from Pittsburgh that the judges are not included in this repeal bill, but will be voted for on the non-partisan ballot."

Mr. Garland arose and said:

"I simply said the bill does not effect the judges, but simply the judiciary. Has it been amended?"

The Chair (Mr. Dailey) said:

"A Senator from this County has told me so."

Mr. Garland arose and said:

"I didn't know that."

Mr. English arose and said:

"Mr. Chairman—I cannot agree with the last speaker that the subject-matter of this resolution, protesting against the repeal of the non-partisan election law by the Legislature, should be considered by any member of Council as a delicate matter or in bad taste. It certainly does not come within that section of the Charter Act which requires a member of this body having a personal or private interest to make a statement disclosing that interest and then not voting on the matter as the law requires. This is merely the right of petition to the Legislature and does not concern any measure which might be to our personal advantage.

"I have favored the non-partisan method of choosing municipal officers for a number of years; petitioned the Legislature to enact the law before it was enacted. In the protest to the last session of the Legislature I, as a member of Council, in connection with the other members, voted in favor of protesting against the repeal of the non-partisan election law at the last session of the Legislature. Nothing has occurred in the interim to cause me to change my views.

"As far as any personal interest is concerned, I do not think it in bad taste, if the Chair will allow me to make the statement, that I expect to be a candidate for re-election, no matter what the election laws are on the subject; as I have some matters of policy regarding City affairs which I intend to labor for, regardless of whether I am in or out of Council.

"Regarding the statement made by the opponent of this resolution that his reasons are on account of the organization of this Council having one chairman for all committees, for my part I am satisfied with this method of governing Council. If any member feels grieved at any rulings of the chairman he has the right of appeal from such decisions or rulings, and the majority of the members of committee or Council are compelled to take sides either in favoring the rulings of the Chair or in reversing same. As I have never been compelled to appeal from any decisions of the Chair, I haven't any objections to one chairman. However, if that is to be the chief reason for attacking this Council, then I will welcome the battle along those lines. However, the big issue, as I view it, is that some person is afraid that this non-partisan Council is really a Council for the people. No matter what the proponents or opponents of the non-partisan Council may be able to say, I think no one can challenge the statement that there is no person or organization in control of this Council, as the members differ as it suits their views."

Mr. Garland arose and said:

"The Chairman knows that I have put on record the fact that I am not going to vote on this measure. It is bad taste for us to take it up at all. It should be decided by the people.

"As to the billingsgate in which the gentleman indulges, I am not going to answer. I am going to say to him that when I make remarks in the Council Chamber I will not go to the Clerk's office and add to them afterwards and be called down for doing so. My remarks here will go in the Record and not be added to."

Mr. Kerr arose and said:

"Mr. Chairman—I just want to say another word. In looking over the resolution passed in 1915, I don't see that the conditions are any different in 1917 than they were in 1915. This resolution called for the members of Council to go to Harrisburg at their own expense and lay the matter before the Legislature. It also called upon the members of Council to call upon His Excellency, the Governor, at his office, to request him to veto the bill should it be passed by the Senate and the House. I don't see any difference in 1917 than in 1915, except possibly a change in the politics of the City of Pittsburgh."

Mr. McArdle arose and said:

"Mr. Chairman—I have been unable to see any great force or logic in the opposition to this bill, and that may be because there was not much said about the bill itself, or information concerning it might not have been available. But the fact is this bill is not a matter which concerns the members of this body as individuals, and it is not dealing with the subject of how the members of Council shall or shall not be elected. It is dealing with one of the fundamental questions affecting the City government of Pittsburgh—one about which the people of Pittsburgh have spoken, and spoken very emphatically; and this, as it is before us, is simply a question as to whether it is right or proper for this legislative branch of the City government to express, officially, what it believes to be the sentiment of its citizenship, and whether it has the right to speak upon a question some of its members believes vitally affects the question of the service that the government of the City of Pittsburgh can render its people under varying conditions.

"When the City Charter, as it is now constituted, was changed first as it affected the constitution of the Council, it was sought by a very large number of people—a larger crystallized sentiment than had ever been secured upon any single question affecting the City of Pittsburgh. It was said at that time by the public that this provision should be embodied in the change of charter then advocated. It was not secured. The partisanship feature was still maintained in the election law affecting the City

of Pittsburgh, and it was later changed after some of the members of Council, so far as their individual interest is concerned, had been tested out; and I don't think that any of them are concerned about that feature at all now, because they have lived under both of them. After that the Legislature incorporated into the Charter Law of Pittsburgh the provision which it is now sought to remove, and they done that in response to a large crystallized and fairly expressed public sentiment—expressed here in Pittsburgh in some of the largest gatherings the community ever witnessed; expressed in Harrisburg by the largest delegations that ever went from any city concerned in any question of legislation—both in the City of Scranton and in the City of Pittsburgh the public was in favor of the non-partisan feature. These are the only two cities in Pennsylvania that are affected by this legislation.

"The situation today is what? That there has been no public expression of approval of the proposal to change this feature of the law? So far as Pittsburgh is concerned and so far as my information goes, it was left entirely out of the confines of either second-class city for a member of the Legislature to introduce the repealer into the Legislature, and nobody from either second-class city has appeared asking either branch of the State Legislature to incorporate these proposed changes in the Statutes of Pennsylvania.

"Now this does not affect Council alone; it affects every elected municipal officer in Pittsburgh. It affects the Mayor, the City Controller and the City Council and, as has been said, it affects the judiciary. I take it that we have a perfect right, as that affects the manner in which the public officials of Pittsburgh are selected, to voice our sentiment, because, in a sense, it affects the Charter of the City itself. There isn't any personal question involved in it, unless some individual cares to view it from that point of view. It is larger than Council and, Council being larger than any individual, it must be infinitely larger than any individual of this body.

"Precedent, if that be worth anything, has already been established. The Council has spoken on the subject before, and I take it that they were clearly within their rights. I take it to be a very long and hazardous stretch of the imagination to seek to apply the provision of self-interest in the charter law to a resolution of this kind. If that were possible it would, at the same time, be possible to oppose any legislation which in its effect would be general, because no law nor no ordinance could be passed that was general in its application or character that would not have a personal interest for every member who was called upon to vote on it. That is plain; any ordinance that is general in its provisions must necessarily reflect its influence and effect the individual members if they are necessarily citizens of the City of Pittsburgh and just to a greater extent they would

have a personal interest in its passage. They would be taking a strong and hazardous, and almost to a point of breaking, stretch of imagination if they would not have a personal interest in the passage of a bill. The question is larger, perhaps, under the present system to give the people of Pittsburgh better government under the non-partisan ballot than under the partisan plan, and that is all there is involved in this question."

Mr. **Rauh** arose and said:

"Mr. Chairman—As has been stated, two years ago I introduced a similar resolution, and I propose to support this resolution today."

And the question recurring on the adoption of the resolution, Mr. **McArdle** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

Dalley (President pro tem.)	
English	McArdle
Herron	Rauh
Kerr	

(Mr. **Garland** not voting for the reasons above stated.)

Ayes—6.

Noes—None.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. **Kerr** moved

That a copy of the resolution be sent to the Clerk of the House of Representatives and to His Excellency, the Governor, at Harrisburg.

Which motion prevailed.

Mr. **English** moved

That the Clerk communicate with the Speaker of the House, asking that Council be given a hearing on the bill repealing the non-partisan ballot law.

Which motion prevailed.

The **Chair** presented

No. 3216. An Ordinance authorizing the Mayor and the Director of the Department of Supplies to advertise for bids and to award a contract or contracts to the lowest responsible bidder or bidders for the furnishing of certain window shades, linoleum, carpets, office furniture, special furnishings, for the Mayor's Office and Council Chamber, vault equipment, drawers, cases and miscellaneous, for the new City-County Building, for a sum of money not to exceed eighty thousand (\$80,000.00) dollars.

Which was read and referred to the Committee on Finance.

And, on motion of Mr. **Garland**,

Council adjourned.

The Chair presented

No. 3247.

MAYOR'S OFFICE.

Pittsburgh, April 16, 1917.

President and

Members of Council.

Pittsburgh, Pa.

Gentlemen—The President of the United States has called attention to the fact, in his appeal to the American people,

that an adequate food supply, especially for the present year, is of the utmost importance to the success of the cause for which the United States is now fighting. In his message he suggests that everyone who creates or cultivates a garden helps greatly to solve the problem of the feeding of our people.

In view of this appeal, it is important that the City of Pittsburgh should do its utmost to perform its part in the program which the President has mapped out. All City property which can be spared might be placed under cultivation and it might be well to negotiate with the County of Allegheny for the use of the old Allegheny City Poor Farm at Warner station which was recently turned over. I suggest also that we might consider an appeal to citizens to list their vacant property with the Director of the Department of Public Works to be used for cultivation in case they do not desire to do this work themselves. Many plans have been considered, but as separate effort would not accomplish the same results as collective action, I suggest that we confer and bring the proposed extraordinary production of food stuffs in Pittsburgh under one direction and one control.

Yours very truly,

(Signed) JOS. G. ARMSTRONG,

Mayor.

Also

No. 3248. Communication from United Spanish War Veterans asking for an additional appropriation of \$200.00 for Memorial Day expenses.

Also

Also

No. 3251. Communication from R. B. MacPherson offering \$1,071.00 for Lots 12, 14 and 15 in the J. F. Crafts Plan of Lots, fronting on Rock way, and Lots 6, 9 and 86 in the Mrs. John Arthurs' Plan of Lots, fronting on Ethel street, Fourth ward.

Also

No. 3252. An Ordinance providing for additional employees in the Bureau of Water, Department of Public Works, and fixing the rate of compensation therefor.

Also

No. 3253. An Ordinance authorizing the directors and heads of the several departments and divisions of the City Government to have repairs made and repair parts furnished by the parties originally furnishing machinery or equipment without advertising or soliciting bids.

Also No. 3254. An Ordinance providing for the sale by the City of Pittsburgh to William C. Thoma of a piece of property in the Twelfth ward.

Also No. 3255. Resolution authorizing and directing the transfer of \$2,480.00 from Code Account No. 42, Contingent Fund, to the account of the Bureau of Recreation, as follows: \$1,980.00 to Code Account 1791, Labor; \$300.00 to Code Account 1796, Equipment; and \$200.00 to Code Account 1793, Supplies, for the purpose of equipping and operating a rifle range in the engine house at Second avenue and Smithfield street.

Also No. 3256. Resolution authorizing and directing the Mayor to enter into a lease with C. C. Wager, agent for Margaret B. Dallett, for the use of property on Carson street, between Thirty-first and Thirty-second streets, for playground purposes, for the year beginning May 1, 1917, at a rent not to exceed the amount assessed on said property as taxes for that year, amounting in the aggregate to about \$250.00, and authorizing the issuing of a warrant in favor of Margaret B. Dallett for the amount of said taxes as it shall be ascertained by the Board of Assessors, for the payment of the rent of said property for the year 1917, in case the City accepts the offer made by said Margaret B. Dallett or her agent, C. C. Wager, and charging same to Appropriation No. 43.

Also No. 3257. Resolution authorizing the City Controller to transfer from Appropriation No. 1347, Salaries, Regular Employees, to Appropriation No. 1349, Miscellaneous Services, Carnegie Free Library of Allegheny, the sum of \$341.67, for the purpose of settling the claim of the United States Government, being an assessment on Carnegie Music Hall, North Side.

Also No. 3258. Resolution authorizing and directing the Board of Water Assessors to issue an exoneration in favor of Mrs. Mary J. Francis, 811 Southern avenue, Nineteenth ward, in the sum of \$12.50 for water rent for motor washer for the year 1910, and for which this shall be their warrant and authority.

Which were severally read and referred to the Committee on Finance.

MAYOR'S OFFICE.

Pittsburgh, April 23, 1917.

To the Council of the
City of Pittsburgh,
Pittsburgh, Pa.

Gentlemen—Article 3, Section 1, of the Charter Act of 1901, provides as follows: "The City Recorder may, upon any emergency or apprehension of riot or mob, take command of the police force, and appoint as many special patrolmen as he may deem advisable. During their

service the special appointees shall possess the powers and perform the duties of regular employees of the department, and shall receive such compensation as shall be authorized by the City Recorder, not exceeding that of the regular officers of the force performing corresponding duties."

Owing to the fact that many acts of depredation have been committed by evil disposed persons in various parts of the United States during the past two years, aimed apparently, at those who are aiding the enemies of Germany, and the likelihood that such depredations will multiply and possibly be extended to all public property since the state of war has been declared between this country and Germany, I apprehend and decide that an emergency has arrived which justifies and requires me to exercise the powers conferred on me by the above City Charter provisions.

As Chief Executive, I am charged by law with full responsibility for the care and safety of all property belonging to the City. It is my imperative duty under present uncertain and threatening conditions to take all necessary steps to protect and safe-guard, especially our City water plant, involving a value of some fifty millions, and whose operations are vital to the community.

I advise you, therefore, that in pursuance of the aforesaid powers, and by reason of the existing emergency, I have appointed fifty (50) special patrolmen, and will appoint more from time to time as I deem necessary for other City property, to act as guards on and at the various water plants of the City at the regular compensation allowed first-year patrolmen, and request your Honorable Body to immediately provide for the proper appropriation for payment of said services.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

Which was read and referred to the Committee on Finance.

Mr. **Herron** presented

MOTIONS AND RESOLUTIONS.

Mr. Rauh presented

No. 3323. Whereas, A bill known as No. 776 has been introduced in the Senate of Pennsylvania; and

Whereas, The bill contemplates assessing the taxpayers of Pittsburgh up to (2) mills for the upkeep of the public libraries; and

Whereas, This additional burden would cost the taxpayers of Pittsburgh considerably over \$1,000,000.00 per year additional to what is now being appropriated by the City for the upkeep of the public libraries; and

Whereas, The people of Pittsburgh are already too heavily tax ridden; and

Whereas, This bill would increase taxation about one and one-half (1½) mills; therefore be it

Resolved, That it be the opinion of the Council, which is the tax-levying power of our City, that this unjust and unnecessary bill should not be passed; and be it further

Resolved, That a copy of these resolutions be forwarded at once to the President of the Senate and the Speaker of the House of Representatives, Harrisburg, Pa.

Which was read.

Mr. **Rauh** moved

The adoption of the resolution.
Which motion prevailed.

Mr. **Robertson** presented

No. 3324. Whereas, President Wilson has repeatedly pointed out that the supreme need of our nation and the nations with which we are co-operating is an abundance of foodstuffs; and

Whereas, Many cities of the nation are providing for the organization of a "War Farms Gardening Commission" and enlisting men, women and grown children to take part and help in the work of producing foodstuffs; and

Whereas, It is now apparent that a sufficient supply of foodstuffs may be one of the determining factors which will bring victory in the present war in which our nation is engaged; and

Whereas, It is agreed on all hands that due to the shortage of crops and the extraordinary demands and drains arising out of the European war, there is an alarming scarcity of foodstuffs; it is therefore vitally necessary to the safety of the nation and this community and it becomes a patriotic duty of all members of the community, men, women and grown children alike, to devote themselves earnestly to help in every way in the production of food supplies and in so doing they will contribute fully as much to the service of their country in this hour of need as those who enlist in the army or the navy; therefore, be it

Resolved, That the Mayor is hereby authorized and requested to appoint a commission composed of City Council, the County Commissioners, representatives of civic organizations, and men and women, which shall have direction and control of the extraordinary production of foodstuffs in this vicinity, which shall at once make request for all fertile lands and lawns in the City and County, call for enlistments of men, women and grown children to cultivate the same, and which shall call for contributions of money to purchase seeds and implements to work the same; and be it further

Resolved, That the people of Pittsburgh and Allegheny County are therefore notified that if they wish to avoid the danger of famine they should "wake up" and take part in carrying out the provisions of the above resolution.

Which was read.

Mr. **Robertson** moved

The adoption of the resolution.
Which motion prevailed.

Mr. **Herron** presented

No. 3325. Resolved, That the President of Council appoint a committee, consisting of — members, to go to Harrisburg for the purpose of protesting against the passage of the Act of Assembly repealing the non-partisan election law.

Which was read.

Mr. **Dailey** moved

To amend the resolution by inserting the word "three" in the blank space.

Which motion prevailed.

Mr. **Herron** moved

The adoption of the resolution, as amended.

Which motion prevailed, (Mr. **Garland** not voting.)

And the **Chair** appointed as members of said committee, Messrs. **Herron**, **McArdle** and **Rauh**.

Mr. **Garland** presented

No. 3326. Resolved, That a committee of three members of Council be appointed to confer with the Mayor and the Controller as to the necessity for placing insurance upon the filtration plant, pumping stations and reservoirs and report to Council at its next meeting.

Which was read.

Mr. **Garland** moved

Mr. Dailey presented

No. 3329. Resolved, That the Mayor be and he is hereby requested to return to Council, without action thereon, for the purpose of amendment, Bill No. 3216, entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Supplies to advertise for bids and to award a contract of contracts to the lowest responsible bidder or bidders for the furnishing of certain window shades, linoleum, carpets, office furniture, etc., for the new City-County Building, for a sum of money not to exceed eighty thousand (\$80,000.00) dollars."

Which was read.

Mr. Dailey moved

The adoption of the resolution.
Which motion prevailed.

And the Mayor having returned, without action thereon,

Bill No. 3216. An Ordinance authorizing the Mayor and the Director of the Department of Supplies to advertise for bids and to award a contract or contracts to the lowest responsible bidder or bidders for the furnishing of certain window shades, linoleum, carpets, office furniture, special furnishings for the Mayor's office and Council Chamber, vault equipment, drawers, cases and miscellaneous, for the new City-County Building, for a sum of money not to exceed eighty thousand (\$80,000.00) dollars.

In Council, April 16, 1917. Rule suspended, bill read three times and finally passed.

Which was read.

Mr. Dailey moved

To reconsider the vote by which the bill was read a second and third times and finally passed.

Which motion prevailed.

And the question recurring, "Shall the bill be read a second and third times and finally passed?"

The motion did not prevail.

Mr. McArdle moved

That the bill be recommitted to the Committee on Finance.

Which motion prevailed.

Mr. Dailey presented

No. 3330. Whereas, The attention of the City Council has been directed to certain bills now pending in the Legislature, the purpose and effect of which are to defeat the City's rights to the public lands lying along the Ohio, Monongahela and Allegheny rivers, which lands are of immeasurable value and indispensable to the preservation of the public access to and along said rivers; now, be it

Resolved, That the Council of the City of Pittsburgh does hereby protest against the enactment of said bills into a law, and that a copy of this resolution be sent to the legislative committees having charge of the said bills, and also to the Governor of the Commonwealth.

Which was read.

Mr. Dailey moved

The adoption of the resolution.

Mr. McArdle moved

To amend the resolution by inserting after the word "Legislature," the words "being Senate Bill No. 370 and House Bill No. 1155," by striking out the words "purpose and" and by striking out the word "are" and by inserting in lieu thereof the word "is."

Which motion prevailed.

And the question recurring on the adoption of the resolution, as amended.

The motion prevailed.

And on motion of Mr. Garland,

Council adjourned.

Which was read.

Mr. Dailey moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

"Mr. President, I regret very much that I can neither favor nor entirely disapprove of this ordinance. I am heartily in favor of improving of bettering the conditions of the firemen or any other branch of the City's employees. But I am afraid that if I would vote for this ordinance I would be assuming the responsibilities of the Director of the Department of Public Safety as well as those of the Chief of the Fire Department. I am not satisfied that we have had sufficient discussion of this bill or what it means. I think the figures are correct when I say that last year the Director saved some \$10,000.00 by reason of not employing substitutes during the time certain regular firemen were off duty. That being the case it seems to demonstrate that the department was able to run without serious disarrangement of their system. If that is so, and it can be easily deduced from the saving of \$10,000.00, it seems that the department should be able to work out in a more intelligent manner a schedule of vacations; but the department has not seen fit to figure that out for us. The Director says it will require 69 additional firemen to take the place of the men off on vacations. From what little figuring I am able to do, it will take more than 69 firemen if all the firemen on the department were to receive two weeks' vacation. Consequently, I think an injustice may be done to those men who are not fortunate enough to secure the assignment of a vacation either from April to November under the old ordinance, or June to November under this ordinance.

"In addition to that, the Director of the Department of Public Safety plainly states in his communications to the Committee on Public Safety that he will not assume the responsibility which naturally falls upon him if this ordinance is passed unless additional firemen are provided. Now, it seems to me if it is the desire of Council to change the vacation period regardless of the Director's letters by passing this ordinance we should provide the additional firemen. I stand ready to vote for additional firemen if the department can show me that they are needed to work out the two-platoon system.

"I have in mind the various statements made by the National Board of Fire Underwriters in criticizing the handling of the Fire Department. I want to make myself clear on that point, that in speaking as I do on this ordinance, it is not for the purpose of criticizing or casting any reflection on the men working in the department, but rather to call your attention to the Board of Fire Underwriters' criticism of the management. I do not know whether the criticisms apply to the Director alone or the Chief of the Fire Department alone, or whether this responsibility rests with somebody else.

"However, I am satisfied that from the savings of past years on wages for substitutes that there is a screw loose somewhere in the management of the Fire Department. Consequently, I don't care to take upon myself to tell the Di-

rector how to handle this particular part of his department and assume his responsibilities.

"With all this in view, I cannot bring myself to vote either for this ordinance or against it; and in justice to the department, in justice to the men whom it may effect, and in justice to myself and the taxpayers I represent, I feel that I should put this statement in the Record, as my reason for not voting on this ordinance."

And the bill as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dailey	McArdle

Ayes—8.

Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS.

Mr. McArdle presented

No. 3374. Whereas, There is a bill pending in the Legislature, being House Bill No. 977, the purpose of which is to increase the per capita paid by the state to the counties and cities for the care of indigent insane patients: and

Whereas, In the event of the passage of this legislation, the amount received from the state by the City of Pittsburgh would be increased, approximately, \$27,000.00 annually; and

Whereas, A public hearing will be had on the said bill at Harrisburg on Tuesday, May 1, at 8 o'clock, P. M., which will be attended by the Poor Directors of Allegheny County and others interested in the passage of this legislation; therefore, be it

Resolved, That the Director of the Department of Charities be authorized to attend this hearing and advocate the passage of this bill.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

Also

No. 3375. Whereas, The people of Pittsburgh have plainly indicated that they wish to give the law known as the Graded Tax Law, which provides for the gradual exemption of improvements, a fair and thorough trial; and

Whereas, There is pending in Harrisburg, House Bill No. 603, which aims to repeal this law, introduced by a member from Luzerne County, which is not in any manner affected by the provisions of the law; and

Whereas, There is an apparent attempt upon the part of some persons without and within the Legislature to deprive the people of this law and similar laws which they have emphatically declared they wish to retain; and

Whereas, The Committee on Taxation Study appointed by the Mayor, the City Controller and the President of Council after the most careful consideration of the subject, after listening to all arguments on the question, unanimously agreed that the Graded Tax Law should

be still further tested, and the stand of this committee was generally approved by the people of Pittsburgh; therefore, be it

Resolved, That the Council of the City of Pittsburgh does hereby file an emphatic protest with the Legislature of Pennsylvania against the repeal of the Graded Tax Law and that, as the elected representatives of the people of Pittsburgh, the Council calls upon every member of the Legislature from Pittsburgh to use his utmost endeavors to prevent the Graded Tax Law from being stricken from the statutes of Pennsylvania.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 3376.

Pittsburgh, Pa., April 30, 1917.

To the Council of the

City of Pittsburgh.

Gentlemen—I am sending this communication to you for your most serious consideration. It has been brought to my attention and no doubt you are well aware of the fact that during the past few months the necessities of life have increased to such an extent that it is practically impossible for a man receiving a moderate salary to get along.

I am, therefor, going to ask you to have the City statistician to go over the annual budget prepared by your Honorable Body and report what amount is necessary to grant an increase of 10 per cent. to all employees of the Police and Fire Bureaus and as also the employees of all departments who are now not receiving a salary of over \$1,500.00 per annum.

I feel that this is fair and just on account of the conditions existing and particularly so in view of the recent increase of 10 per cent. granted by the United States Steel Corporation as well as the many previous increases made by that Company during the past year and a half, which, in all amounted to about 40 per cent.; and also in view of the increases made by many other large corporations. This shows that increase in wages is absolutely necessary if efficient service is to be expected and the same rule applies to efficient men in the City service.

The Council when making the budget had no doubt not taken into consideration that the increased cost of food-stuffs had not reached the highest point and were still going higher with no limit in sight yet.

During the budget-making certain increases were allowed; in such cases these employees should be included in the present proposed increase to the extent of 10 per cent. only to equalize them with all other employees.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

Which was read.

Mr. McArdle moved

That the communication be received and filed.

No. 3377.

Pittsburgh, Pa., April 30, 1917.

To the Council of the

City of Pittsburgh.

Gentlemen—I am transmitting herewith copy of a telegram which I sent to President Wilson yesterday extending an invitation to the members of the British and French war mission to visit Pittsburgh.

For your information I would also advise that I have taken the matter up with some of the members of the Chamber of Commerce and find that the purpose of that body is principally for financing matters of this kind; therefore, I feel there will be no trouble along that line so far as this case is concerned.

I trust, however, that Council will give its full co-operation as this is a matter that the entire City will be interested in.

Yours very truly

JOS. G. ARMSTRONG,

Mayor.

COPY.

ORIGINAL SENT TO PRESIDENT WILSON.

April 29, 1917.

Unofficial announcement says members of British and French missions are to visit several cities of this country before leaving for home. Supplementing my letter of April 18 to you on this subject, allow me to repeat the invita-

tion to have them visit Pittsburgh and respectively urge you to influence them to do so. The City and district which will supply much of the material resources necessary to bring victory should not be passed by. In the very center of Pittsburgh is old Fort Duquesne, where the French and British fought their last battle for supremacy on the North American continent. What more fitting symbol of unity than to have the representatives of these two governments and our own meet on that historic spot and re-affirm their pledges of allegiance to one another?

Which was read.

Mr. Garland moved

That the communication be received and filed, and the action of the Mayor be endorsed.

Which motion prevailed.

The Chair said

"Gentlemen, I would like to ask for a meeting with the Municipal Affairs Committee of the Chamber of Commerce to discuss a number of bills that are before the Legislature and to discuss other questions, such as the ones submitted by the Mayor here today. The Chamber of Commerce is a body that is very much interested in the affairs of the City from a financial standpoint. There are a number of bills before the Legislature which are of great importance to the City of Pittsburgh. No attention is being paid to them and they are apt to become laws, some of which will work a great hardship upon the taxpayers. I think it would be very much to the advantage of the members of Council and to the City if these bills were looked after. The Chamber of Commerce should be asked to confer with us and consider these bills in a cool and dispassionate manner. I would therefore ask that some member make such a motion.

Mr. Dalley moved

That the members of the Municipal Affairs Committee of the Chamber of Commerce be asked to confer with the members of Council on legislation now pending before the Legislature, effecting the City of Pittsburgh, and any other matters concerning the City that may properly come before the conference.

Which motion prevailed.

Mr. Garland presented

No. 3378. An Ordinance regulating the manner and places of playing, singing and rendering the "Star Spangled Banner" or "America."

Which was read and referred to the Committee on Finance.

And on motion of Mr. English,

Council adjourned.

PITTSBURGH TRANSIT COMMISSION.

Pittsburgh, May 7, 1917.

Mr. J. P. Kerr,

President of Council,
Pittsburgh, Pa.

Dear Sir—I take the privilege of enclosing second copy of a resolution that I handed you Saturday, written by Controller Morrow and which he desired Council to pass today. This is done simply to jog your memory of our meeting Saturday, in order that there may be no hitch in paying off the students on Wednesday of this week.

Sincerely yours,

E. K. MORSE,

Transit Commissioner.

To the Council of

City of Pittsburgh.

Having failed to secure from the Pittsburgh Railways Company certain in-

formation necessary in the investigation of the transit conditions, I am compelled to engage 215 temporary clerks, at a sum not exceeding \$1.00 per hour to do the work, and respectfully ask your approval of this action.

E. K. MORSE,

Transit Commissioner.

May 7, 1917.

Which was read.

Mr. Robertson moved

That the action of the Transit Commissioner be approved.

Mr. English moved

That the City Controller be sent for and he give us the amount of money involved in the transaction.

Which motion prevailed.

And the City Controller was sent for and being given the privilege of the floor said:

"Gentlemen—The Transit Commissioner came before you with a resolution authorizing the transfer of \$5,000.00, for the purpose of employing temporary clerks. This resolution, as you know, was approved. The Transit Commissioner employed 215 temporary clerks, some receiving 50 cents or less an hour. Before I would approve the payroll of these employees, who only worked a few hours a day, I told Mr. Morse that he would have to secure the approval of Council to the appointment of these clerks. Therefore, your approval of this action is asked in the communication before you. He said the employment was a necessity, because the information he expected to receive from the Pittsburgh Railways Company was not given to him. I understand that the work these clerks were to do is nearly finished. The payroll for these employees amounts to nearly \$5,000.00."

And the question recurring on the motion of Mr. Robertson, "That the action of the Transit Commissioner be approved."

The motion prevailed.

Also

DEPARTMENT OF LAW.

Pittsburgh, May 2, 1917.

To the Council.

Gentlemen—I report favorably on the legality of Bill No. 2378, an ordinance regulating the manner and places of playing, singing, or rendering the "Star Spangled Banner" or "America," subject to corrections made by eliminating misdemeanor and changing the imprisonment period from ninety to thirty days, which latter is the limit under the Charter Act.

Respectfully yours,

CHARLES A. O'BRIEN,

City Solicitor.

Which was read, received and filed.

Mr. Garland moved

To amend the bill, in accordance with the suggestions of the City Solicitor by striking out the entire Section 3 (penalty clause) and by inserting a new Section 3, as follows:

"Section 3. That any person or persons violating any of the provisions of this ordinance shall, upon conviction thereof before any alderman or police magistrate of the City of Pittsburgh, be fined in an amount not less than \$10.00, nor more than \$100.00, for each offense, and, in default of the payment thereof, be imprisoned in the Allegheny County Jail or Workhouse for a period not less than ten (10) days, nor exceeding thirty (30) days."

MOTIONS AND RESOLUTIONS.

The Chair presented

No. 3425.

MAYOR'S OFFICE.

Pittsburgh, Pa., May 7, 1917.

To the Council of the
City of Pittsburgh.

Gentlemen—I am returning you herewith Bill No. 3272, being "Resolution instructing the City Solicitor to have a verdict in the sum of \$2,000.00 taken in the Court of Common Pleas of Allegheny County, etc., being in full settlement of the claim of Joseph H. Marks and Samuel J. Wolf, partners, doing business as the 'Help-Yourself Store,'" and would ask that the same be referred to the Department of Law for the proper action of that department, as outlined in communications signed by Mr. Charles A. O'Brien, City Solicitor, to the Finance Committee of your Honorable Body under dates of July 5, 1916; July 10, 1916; March 6, 1917, and two letters of April 10, 1917.

I believe that the advice of the Law Department on such matters as this should be carried out, as that is the responsible department of the City Government insofar as action on legal matters is concerned. That being the case, I do not believe Council should take out of the hands of that department any case they are willing to go into court with. Neither the Law Department nor any of the executive departments should settle any case on account of sentiment nor on account of the parties interested, but their judgment and decision should be strictly what the taxpayers of the City are responsible for. It appears to me to be the fair way of doing business of this kind to do as the Law Department suggests, that is, to have the case

tried in court, which would stop the public from perhaps thinking that we officers might be attempting to play favoritism.

For the above reasons, I am returning this bill to you and would ask that you refer the same to the Law Department, in order that they may perform such duties as the City Charter provides for them in such cases.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

Which was read and, on motion of Mr. Garland, received and filed.

Mr. McArdle moved that

Bill No. 3272. Resolution instructing the City Solicitor to have a verdict in the sum of \$2,000.00 taken in the Court of Common Pleas of Allegheny County, Pennsylvania, and entered of record at No. 2109, July Term, 1916, Docket A, of said court, being in full settlement of the claim of Joseph H. Marks and Samuel J. Wolf, partners doing business as the Help-Yourself Store, for damages against the City of Pittsburgh arising out of the improvement of Penn avenue.

Which, in Council, April 30, 1917, rule was suspended, read three times and finally passed.

Be recalled from the Mayor, without action thereon, and the vote reconsidered by which the resolution was read a second and third times and finally passed.

Upon which motion Mr. McArdle demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

English	McArdle
Kerr (President)	Robertson

Noes—Messrs.

Dailey	Herron
Garland	Rauh

Ayes—4.

Noes—4.

And a majority of the votes of Council not being in the affirmative, the motion did not prevail.

And, on motion of Mr. McArdle,
Council adjourned.

No. 3469.

City of Pittsburgh,
Pennsylvania,
May 7, 1917.

Finance Committee of Council,
Council Chamber.

Gentlemen—In accordance with suggestion of your committee, a conference was held between Mr. Finley and myself, representing the City, and Mr. George S. Davidson and Mr. Hawley, representing the Pennsylvania Water Company, and, as a result of said conference, I beg to make the following report:

The Pennsylvania Water Company is not willing at this time to enter into any agreement with the City respecting the matter of providing a means by which the consumers of water in the City of Pittsburgh, supplied by the Pennsylvania Water Company, may secure their water at City rates. The Pennsyl-

vania Water Company is, however, willing to co-operate with the City on the following plan, namely, that the Pennsylvania Water Company proceed as at present to collect from the individual consumers the rates of the Pennsylvania Water Company, to send a complete statement thereof to the City of Pittsburgh so that if the City desires it can reimburse the consumer direct the difference between the City rates and the Pennsylvania Water Company rates. This reimbursement will of course only be made when the consumer produces his receipted bill of the Pennsylvania Water Company. This will not involve any contract between the Pennsylvania Water Company and the City and not in any way involve the relations between the Pennsylvania Water Company and its customers. There are now about 1,700 customers of the Pennsylvania Water Company in the present territorial limits of the City of Pittsburgh.

As to the question of rates of the Pennsylvania Water Co., the company points out that its rates at present are lower than the South Pittsburgh Water Company rates and that its rates were fixed in 1911, as a result of a decision of the courts of this state. It was stated, however, that if it should be subsequently determined that the rates were not in accord with the principles established by the Public Service Commission and the courts, that the company would voluntarily consider a readjustment of its rates to conform to the requirements of the Public Service Commission.

The legal question of the right of the City to contribute to the consumers the difference between the City rates and the Pennsylvania Water Company rates is one that should be given careful consideration, and if your committee so desire, and are disposed to attempt to work out a solution along the lines herein suggested, the question of the legality of the arrangement should be carefully considered and a subsequent report made on this aspect of the matter.

Yours very respectfully,

CHAS. K. ROBINSON.

Which was read.

MAYOR'S OFFICE.

Pittsburgh, Pa., May 18, 1917.

To the Council of the
City of Pittsburgh,
Pittsburgh, Pa.

Gentlemen—As requested by resolution of Council No. 3277, approved April 30, 1917, I transmit herewith details of the patriotic work now being carried on by the City of Toronto.

This work is done under an Act of the Ontario Government, which authorizes the City of Toronto to make grants for patriotic purposes. The money for such grants may be raised by ten-year serial bonds, issued without the consent of the electorate, by the issue of short-term notes, or may be raised by direct tax levy.

You will note that to date the City of Toronto has expended \$4,500,000.00 on:
Insurance on the lives of 42,000 soldiers from Toronto.

Payments of salaries to City employees on active service.

Payments for relief of soldiers' families.

Canadian and British Red Cross.

Recruiting organizations.

Prisoners of war relief.

Miscellaneous needs arising from time to time.

In looking over the details you will also notice that the City of Toronto has assumed, in connection with the insurance of soldiers, a potential liability of a very large sum.

The information submitted is, I think,

accurate, as every statement has been verified by the officials concerned.

Yours truly,

JOS. G. ARMSTRONG,

Mayor.

PATRIOTIC WORK OF THE CITY OF TORONTO.

On April 8, 1915, the Ontario Provincial Government passed "An Act to Authorize and Confirm Grants by Municipal Corporations for Patriotic Purposes" (R. S. O., 1915, Chapter 37). Copy of this Act is attached as Exhibit "A."

All expenditures for patriotic purposes by the City of Toronto have been made under the authorization contained in this Act and total, to date, \$4,500,000.00. Few, if any, expenditures are made out of current funds. The procedure has been to charge all patriotic expenditures to a special account and at intervals to issue debentures covering same.

The \$4,500,000.00 mentioned has been, and is being, expended on:

Insurance on the lives of men enlisting from the City of Toronto. (See below.)

Payments of salaries to civic employees on active service.

Grants to: The Toronto and York County patriotic fund, for caring for the dependent relatives of men on active service (see below); the Canadian Red Cross Society; the British Red Cross Society; the Belgium relief fund; recruiting organizations; new battalions and various militia units; rifle clubs; army and navy veterans' associations; Toronto Women's Patriotic League; prisoners of war relief; miscellaneous needs arising from time to time.

In addition to these expenditures, the City of Toronto and the Board of Education have permitted the military authorities the use of the Exhibition Grounds, and the buildings thereon, and several school buildings, as winter quarters and training grounds for overseas troops.

The City co-operates with the Military Hospitals Commission, the Soldiers' Aid Commission, and other provincial and dominion authorities, in the case of returned soldiers at the convalescent homes, etc.

The City collects for the Province the one mill levied as a Provincial war tax. This is included as a special item in the regular tax bill.

SOLDIERS' INSURANCE.

There are about 42 000 Toronto men recorded at the Soldiers' Insurance Office (a division of the City Treasurer's Office). The policies on 10,000 of these men are placed with several private companies, and the City is the beneficiary in every case. The remaining 32,000 men are covered by the City's own insurance scheme. The above policies are for \$1,000 each.

Each man when he is attested at the

mobilization center makes out an "Application for Toronto Civic Insurance." (See Exhibit "B.") These forms are turned in daily to the Soldiers' Insurance Office. From these application forms, cross index cards are made out, and the original application is placed in a folder and filed away.

Upon receipt of advice that the man has been killed and the establishment of the death claim through the proper channels, the City Solicitor passes on the claim and it is sent to the Insurance Committee (composed of three City officials), who determine how the claim shall be paid and send their recommendations on each case to the City Council, who ratify the payment. The papers, together with the ratification by Council, are then returned to the Soldiers' Insurance Office, who attend to the issuing of the check or checks through the City Treasurer.

With regard to the payment of the claims, it may be said that less than 25 per cent. of the claims are paid in full on one payment. These cases are usually where there is a mortgage on the house, and the City pays the whole claim at once, so that the mortgage can be wiped out. In the case of the remaining 75 per cent., the claims are paid at the rate of \$30.00 per month. The mode of payment is decided upon after the beneficiaries have been interviewed, and at the discretion of the Insurance Committee.

CARING FOR DEPENDENTS OF MEN ON ACTIVE SERVICE.

The Toronto and York County Patriotic Fund is a branch of "The Canadian Patriotic Fund," which was incorporated in August, 1914, for the purpose of rendering financial assistance to the dependent relatives of men engaged on active service with the military and naval forces of the British Empire and its allies. Assistance may only be rendered to families who are in need, or, in other words, whose income from all sources is insufficient to enable them to live at a fitting standard of comfort. Further, the soldier on whose account a family makes a claim must be on active service in the full meaning of the word, i. e., must either be engaged on one of the battle fronts or be in training with a unit destined to proceed to the scene of fighting. Applicants must be residents of Canada or Newfoundland.

The actual raising, collecting and administration of the fund is in the hands of the local branches that have been established throughout the Dominion, in order that no overlapping might exist, that no neglect be caused and that reasonable uniformity be maintained throughout the country. Each branch undertakes to remit the moneys raised to the head office at Ottawa, to requisition from head office the money required for the soldiers' dependents living in the territory under its jurisdiction, and to administer that money in conformity

with the suggestions made by the central executive at Ottawa, and transmitted to local committees by the national secretary.

In order to ascertain the validity of any claim presented to the fund, the following procedure should be adopted:

(a) Positive proof of the soldier's enlistment for active service should be obtained.

(b) In the case of a wife, her marriage to the soldier should be established by the production of the marriage certificate, and if there are children, the ages of the same should be verified.

(c) A thorough investigation into the circumstances of the family should be made, with the view of ascertaining whether there are any sources of income other than the pay and allowances received from the Federal Government, and whether the family, by its method of living, is worthy of assistance from a fund so largely raised by voluntary subscriptions.

(d) If it is a mother, or other relative of the soldier who applies, proof of real dependence upon the soldier should be secured.

Having decided that the applicant has a sound claim upon the fund, the next step to be taken by the relief committee is to decide how much the family requires for its proper maintenance. The cost of living varies in different parts of the country, and even in different sections of a province. Hence the central executive has considered it wise and economical to relegate to each local committee the responsibility of deciding how much should be paid to each family that comes under its control. It has, however, deemed it advisable to establish a maximum rate, which should on no account be exceeded and which, in the majority of places, would be more than sufficient to obtain the desired object. These rates are worked out on the basis of a government separation allowance of \$20.00 per month. If the separation allowance received by the claimant is more than \$20.00, the rates should be reduced accordingly. If the separation allowance is less than that sum, the rates should be proportionately increased. Allowances from the fund are payable as from the date of application of assistance. Should the dependent of a soldier neglect making application until a considerable period has elapsed since the soldier's enlistment, the allowance may be made retroactive for one month only, if, in the opinion of the local committee, such a course is desirable.

EXHIBIT "A."

(Revised Statutes of Ontario, 1915.)
Chapter 37.

An Act to Authorize and Confirm Grants by Municipal Corporations for Patriotic Purposes.

Assented to April 8, 1915.

His Majesty, by and with the advice and consent of the Legislative Assembly

of the Province of Ontario, enacts as follows:

Objects which may be aided:

1. Any municipal corporation may pass by-laws for granting aid to

(a) The Canadian Patriotic Fund, established by an Act of the Dominion Parliament, passed in the fifth year of the reign of His Majesty, King George the Fifth, Chaptered 8.

(b) The Canadian Red Cross Association.

(c) The Belgian Relief Fund.

(d) Any other fund established for providing hospital accommodation, medical or surgical care or other assistance of a like nature to persons who have suffered or may suffer by reason of the present war.

(e) Provide military outfit and equipment for the members of any local body organized for the purpose of home defense and officially recognized by the Department of Militia and Defense.

(f) Insure the lives for the benefit of dependents (by recent amendment this word "dependents" was eliminated in favor of "parents, widows, children, brothers, sisters, or any one standing in loco parentis") of officers and men residents of the municipality, who during the present war may be on active service with the naval and military forces of the British Empire and Great Britain's allies.

(g) Any fund established for the assistance in case of need of the wives, children and dependent relatives of officers and men, residents of the municipality, who, during the present war may be on active service with the naval and military forces of the British Empire and Great Britain's allies.

(h) To purchase and forward supplies of food and clothing for distribution among those requiring assistance in Great Britain, France or Belgium.

Power to borrow money.

2. (1) For the purposes mentioned in Section 1 the municipal corporation may borrow money by the issue of debentures, payable in not more than ten years from the date of the issue, or on the security of promissory notes, or may provide for raising the money in the estimates and levy for the same in the taxes for the current year.

How promissory notes to be paid.

(2) If the money is borrowed on promissory notes and the council decides to extend payment of any of them beyond one year, the notes shall be so drawn and made that the number and principal of the notes falling due in one year shall be equal to the number and principal of those falling due in each of the other years of the term fixed by the council, but so that none shall be for a longer period than five years from the date of the first.

Assent of electors not required.

3. It shall not be necessary to obtain the assent of the electors to any by-law passed under the authority of this Act, or to observe the formalities in relation thereto prescribed by the Municipal Act.

Special rates.

4. A special rate shall be levied in each year on all the rateable property in the municipality sufficient to pay the installments of principal and the interest falling due in respect of the debentures or to pay the interest and provide for a sinking fund to retire the debentures at their maturity, or to pay the principal and interest falling due on the promissory notes, as the case may be.

Confirmation of past grants.

5. Any by-laws heretofore or hereafter passed for any of the purposes mentioned in Section 1, may be approved by the Lieutenant-Governor in Council, and, when so approved, shall be legal, valid and binding.

Grants by public utility commission.

6. Any public utility commission having the management and control of a public utility as defined by the Public Utilities Act may make grants in aid of any of the purposes set out in Section 1. Such grants may be made out of any funds under the control of the commission.

No. 3520.
Pittsburgh, Pa., May 21, 1917.

To the Honorable, the
Mayor and the Council,
City of Pittsburgh.

Gentlemen—By a resolution passed by Council and signed by the Mayor, we were requested to cause to be introduced into the legislature fifteen bills to enact into law some of the recommendations of the Committee on Taxation Study and to do all in our power to secure their passage.

We consulted with Mayor Armstrong, following which we requested Representative William F. Stadtlander, a member of the Legislature from Pittsburgh, who is also chairman of the Committee on Municipal Corporations, to introduce this

legislation. Mr. Stadtlander presented the bills on April 24. At our request he called a meeting of his committee May 1, at which we explained each measure in detail and answered a number of questions.

We have been advised by Chairman Stadtlander that his committee declines to report out any of his fifteen bills. We feel the Mayor and the Council, who asked us to undertake the passage of this legislation, should be informed of the decision of the Municipal Corporations Committee.

The fifteen bills referred to have been generally discussed in Pittsburgh, and so far as we have been able to learn there has been open opposition to only two of them.

It is the purpose of your committee to carry out the instructions contained in the resolution asking us to do all in our power to secure the passage of all the bills, unless otherwise requested by the Mayor and the Council.

We feel that the Mayor and the Council are entitled to the information contained in this statement, so that they can take any action they may deem advisable in order that Pittsburgh may get from the Legislature what Pittsburgh wants when there is no valid reason given for denying it.

Respectfully submitted,

COMMITTEE ON TAX LEGISLATION.

HERBERT L. MAY.

Chairman.

W. D. GEORGE,

S. E. KINGSLEY,

J. T. HOLDSWORTH.

Which were read and referred to the Committee on Finance.

Mr. **McArdle** moved

That the President of Council appoint a committee of three to represent Council at Harrisburg to urge the passage of those bills prepared by the Committee on Tax Legislation, against which there is no opposition, and to co-operate with the Legislative Committee of the Chamber of Commerce relative to the bills which they have acted on favorably.

Which motion prevailed.

And the Chair appointed Messrs. **Dailey**, **Herron** and **Robertson**.

MOTIONS AND RESOLUTIONS.

The Chair presented

No. 3527. Whereas, The federal government, in its determination vigorously to prosecute the war in behalf of human rights in which we are now engaged, has decided that one of its first steps shall be the issuance of Liberty Bonds to meet the necessary and extraordinary expenses thereby incurred; and

Whereas, Allotments of portions of the bond issue have been made to various communities throughout the country, and Pittsburgh's share has been fixed at \$50,000,000.00; and

Whereas, A way has thus been provided whereby those who do not or cannot actually engage in fighting to free the world from autocracy are enabled to do their share in upholding the country's action and, in addition thereto, obtain a safe investment; and

Whereas, These bonds are to be issued in amounts or sold under conditions which place them within the reach of practically all citizens of Pittsburgh; therefore, be it

Resolved, That we, the Council of the City of Pittsburgh, hereby recommend that such of our citizens who are able financially to arrange to do so, buy Liberty Bonds and thus enlist themselves in the vast army of freemen required to prosecute this, a just and necessary war, which is being fought in the interest of our citizens and their descendants.

Which was read.

Mr. Robertson moved

The adoption of the resolution.

Which motion prevailed.

Mr. Herron presented

No. 3528. Resolved, That Council of the City of Pittsburgh does hereby earnestly protest against the passage of House Bill No. 1867, being an act entitled, "An Act providing for the sale, distribution and use, for the promotion of biological science and for the discovery of new methods of treatment in medicine and surgery, of unclaimed animals in the public pounds, and providint

penalties for neglect or refusal to comply with the provisions of this act."

Which was read.

Mr. Herron moved

The adoption of the resolution.
Which motion prevailed.

The Chair took up

MAYOR'S OFFICE.

Pittsburgh, May 28, 1917.

President and Members of Council,
Pittsburgh, Pa.

Gentlemen—You will kindly hold yourselves in readiness to leave City Hall promptly at 11 o'clock Tuesday morning, May 29, to proceed to the Union station where the remains of the late ex-Mayor George W. Guthrie will arrive a few minutes later.

The dress on this occasion should be dark business suit and black stiff hat.

Machines will be stationed on Oliver avenue, along the City Hall, and will be ready to leave promptly at 11 o'clock.

Any changes in the above schedule will be communicated to you by Major Davis.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

P. S.—Knowing that several members of your honorable body have automobiles and as the City has really only one machine that could be used for such an occasion, I would ask if such members would volunteer the use of their car, provided we can furnish chauffeurs from the Division of Motor Vehicles. An early reply in this matter would be appreciated, as this would save us the inconvenience of securing cars elsewhere.

Which was read.

Mr. Garland moved

That the communication be received and filed, and the request of the Mayor be complied with.

Which motion prevailed.

Also

No. 3547.

MAYOR'S OFFICE.

Pittsburgh, May 28, 1917.

President and Members of Council,
Pittsburgh, Pa.

Gentlemen—The members of City Council, together with the Mayor's cabinet, will meet in front of the New City-County Building promptly at 2 P. M. on Wednesday, May 30 (Memorial Day) to proceed to the Soldier's Memorial Hall to view the remains of the late Hon. George W. Guthrie.

The dress on this occasion will be long coat and silk hat.

Machines will be in front of the new building prepared to leave promptly at 2 o'clock. Knowing that several members of your Honorable Body have automobiles and as the City has really only one machine that could be used for an occasion of this kind, I would ask if such members would volunteer the use of their car, provided we can furnish chauffeurs from the Division of Motor Vehicles. An early reply in this matter would be appreciated, as this would save us the inconvenience of securing cars elsewhere.

Any changes in the above schedule will be communicated to you direct by Major Davis.

We have not as yet received any definite information as to the wishes of the family in regard to the funeral, but this will be furnished you later.

I felt that the City should send a floral emblem suitable for the occasion and Major Davis and Superintendent Burke are attending to the same, together with such other decorations as would be appropriate.

Yours very truly,

JOS. G. ARMMSTRONG,
Mayor.

Which was read.

Mr. Garland moved

MAYOR'S OFFICE.

Pittsburgh, June 7, 1917.

To the Honorable Council of the City of Pittsburgh.

Gentlemen—I send you herewith for ratification a certain Civilian Medical Inventory furnished by the War Department of the United States to the head of the Department of Charities. Under my direction the same has been filled out and signed by the director, but as the affirmative answers supplied to certain questions involve the use of City property, to-wit: The Mayview Hospital, it is necessary that the Council should sanction the answers made, and I herewith submit resolution for said purpose.

Respectfully yours,

JOS. G. ARMSTRONG,
Mayor.

To the Honorable,
the Council of the
City of Pittsburgh.

Gentlemen—As you are doubtless aware the Legislature has passed and

the Governor approved an act, known as the "Burke Bill" providing that cities of the second class in this Commonwealth shall "give an increase in salary of at least one hundred and fifty dollars per annum to all City employees receiving fifteen hundred dollars or less on June 1, 1917."

While this legislation is of an unusual character and a departure from the principle of home rule in municipal affairs, it is justified by the extraordinary conditions existing in our community at the present time, arising out of the war and the resulting abnormally high cost of all the necessities of life.

The burden of this distressing situation bears as directly and severely on City employees and their families, as it does on those in all other occupations and pursuits, and this act is only a step taken by the state to put its municipalities into the same class, and the same attitude as other large corporations and employers, to enable their employees to adjust themselves to the changed conditions.

At all events, the law is mandatory and it becomes the duty of the Executive and Council to conform to its provisions and I, therefore, request a conference with your Honorable Body for this purpose with the City Controller, the City Solicitor, and myself for Wednesday, June 13, 1917, at — A. M., if this date is agreeable to your convenience.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

Which was read.

Mr. Robertson moved

That the communication be received and filed, and that a conference between the members of Council the Mayor, the City Controller and the City Solicitor be held on Wednesday morning, June 13, 1917, at 11 o'clock, in the Council Chamber.

Which motion prevailed.

UNFINISHED BUSINESS.

Bill No. 3545. An Ordinance entitled, "An Ordinance providing for the making of a contract or contracts for resetting Cahall boilers at Brilliant Pumping Station, Contract No. 13-M."

In Council, June 6, 1917. Bill read a first time.

Which was read a second time.

The Chair presented

No. 3659.

June 8, 1917.

Members of the Committee
on Filtration and Water.

Gentlemen—Replying to your request for a report on Bill 3545, being an ordinance providing for the making of a contract for resetting Cahall boilers at Brilliant Pumping Station: I enclose herewith copy of report from the Division Superintendent, Mechanical Divi-

sion, Bureau of Water which explains this matter in detail.

Yours very truly,

JOHN SWAN,

Director.

Pittsburgh, Pa., June 4, 1917.

Mr. Chas. A. Finley,

Managing Engineer.

Dear Sir—Replying to your communication of June 4, with attached letter from E. J. Martin, City Clerk, under date of June 1 and copy of ordinance for the moving and resetting of Cahall boilers at Brilliant Pumping Station, Contract 13-M, twenty-one thousand (\$21,000.00) dollars.

The ordinance in question calls for the setting aside of twenty-one thousand (\$21,000.00) dollars for the moving and resetting of Cahall boilers at Brilliant Pumping Station, the work involved being as follows:

After the removal of the present brick settings, tear down three 500-horsepower Cahall water tube boilers now located at the northwest corner of the boiler room No. 4, removing same to the southwest corner of the same boiler room where the boilers are to be re-erected on the new foundation (furnished under another contract) at an elevation approximately three (3) feet higher than the old boiler room floor level and conforming to the elevations established for the boiler room floor level at the time the new B. & W. boilers were installed.

It is necessary to move and reset these boilers for the following reasons:

First—Change in floor level. This change having been made in order to place the boiler room floor above flood water level from the Allegheny river.

Second—For the installation of mechanical stokers.

Third—To place the boilers in position to be served as regards coal supply and ash removal by the recently installed coal and ash-handling apparatus for this boiler room.

Fourth—To permit of the lengthening of supports and change brick work in order that super heaters may be installed.

Yours very truly,

F. W. LYONS,

Division Superintendent.

Which was read.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 3730. Whereas, The prices of all kinds of necessities are advancing beyond the means of the people; and

Whereas, Many of these advanced prices are due to the general desire to take advantage of the war situation by charging the high prices to the war; and

Whereas, The plans of the National Government have not been put in operation; and

Whereas, The delays due to court proceedings in many instances will not afford much relief for the present; therefore, be it

Resolved, That the Mayor and the Council of the City of Pittsburgh respectfully urge the Legislature of Pennsylvania to enact, and Governor Brumbaugh to approve, an emergency law giving the municipal authorities power and authority to intervene and enforce reasonable price regulations within the City limits, providing such regulations do not interfere with national or state regulations, such power and authority to be granted only during the present war; and be it further

Resolved, That the President of Council forward a copy of this resolution to each member of the Legislature from Allegheny County, to His Excellency, Governor Brumbaugh, to the Speaker of the House of Representatives, and to the President of the Senate.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. Garland presented

No. 3731. Whereas, The City of Pittsburgh is vitally interested in obtaining rapid transit facilities for this City and in protecting the streets from unnecessary openings by constructing municipal pipe galleries; and

Whereas, House Bills Nos. 1060 and 1057, relating to transit facilities and pipe galleries, have passed the House and are now in the Municipal Affairs Committee of the Senate; and

Whereas, It appears that this enabling legislation confers general powers upon cities of the second class respecting these facilities, leaving all questions of detail to the local authorities; and

Whereas, It appears that the Legislature has fixed the 28th of June for final adjournment, and it is imperative that these bills should be reported out of committee and passed by the Senate during the present week; and

Whereas, The City of Pittsburgh has heretofore authorized the expenditure of \$55,000.00 to study and recommend improvements in rapid transit facilities in the City of Pittsburgh, and this expenditure of money will be largely lost unless the said legislation is enacted; now, therefore, be it

Resolved, That the Council and the Mayor of the City of Pittsburgh formally signify their interest in the said bills, relating to transit facilities and to pipe galleries, and their desire that the said legislation shall be enacted during the present session of the Legislature; and, further, that a copy of this resolution be sent to the Chairman of the Senate Committee on Municipal Affairs and to the members of the Legislature from Allegheny County, and that such other steps as may be necessary be taken immediately to convey to the Legislature the desires of the corporate authorities

of the City of Pittsburgh with respect to these bills.

Which was read.

Mr. **Garland** moved

The adoption of the resolution.

Which motion prevailed.

Mr. **Garland** moved

That the Clerk be instructed to telegraph Mr. C. K. Robinson at once that Council has adopted the resolution, also that he request the Mayor to sign the resolution at once, and, when the Mayor does so, to send another telegram notifying Mr. Robinson to that effect.

Which motion prevailed.

The **Chair** stated

That no committee meetings would be held on Tuesday, but the same would be held on Wednesday at the usual hour, and that the City-County Building Committee will meet that morning at 10:30 o'clock.

And, on motion of Mr. **McArdle**,

Council adjourned.

MAYOR'S OFFICE.

Pittsburgh, June 25, 1917.

President and Members of Council
of the City of Pittsburgh.

Gentlemen—As you are no doubt aware, the boys connected with the City departments are "doing their mite" as far as possible to help out in the great Red Cross Campaign now being conducted throughout the country.

The amounts thus collected are received by the City Treasurer, who will turn the total over to the Mayor, and the same will then be finally forwarded to the local Red Cross Organization.

I felt that Council might wish to join with the rest of the men on the payroll in making a contribution to this very worthy cause, and for that reason I am addressing you these few lines. I might state, however, that I requested Major Davis, City Treasurer, to notify your Honorable Body and the Controller's office in regard to this subject last week.

Any contributions which you gentlemen may wish to make should be placed in the hands of Major Davis, who will issue proper receipt for the same, and such contributions will be included in the amount contributed by the rest of men employed by the City

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Which was read.

Mr. McArdle moved

That the communication be received and filed.

Which motion prevailed.

No. 3833.

July 2, 1917.

To the Honorable,
The Mayor and the Council,
City of Pittsburgh.

Gentlemen—We were commissioned by you to promote the passage in the Legislature of fifteen bills designed to carry into effect some of the recommendations of the Committee on Taxation Study. Not one of these bills was passed.

April 24. These bills were presented in the House of Representatives and referred to the Committee on Municipal Corporations

May 1. We appeared before the committee and explained the bills.

May 19. It became apparent to us that the members of the Allegheny County delegation who were affiliated with what was known as the "majority" in the House, were not sincerely advocating the consideration of these measures.

May 21. The Mayor and Council having publicly expressed a desire that these bills be passed, we wrote you on this date that the bills were being held in committee. The Council responded by sending some of its members to Harrisburg.

May 22. Through the efforts of members of Council and others it was agreed that five of the fifteen bills be reported out of committee.

May 23. The five bills agreed upon were reported to the House with affirmative recommendations.

June 1. A meeting was called by the Chamber of Commerce, the Real Estate Board and the Civic Club, at which it was determined to take a delegation to Harrisburg to urge the reporting out of the ten bills remaining in committee.

June 7. A delegation consisting of about 35 citizens of Pittsburgh, including members of Council and representatives of every civic, trade and commercial organization in Allegheny County, went to Harrisburg. Another hearing was held and seven of the ten bills were reported out that day.

June 25. All the tax bills were killed by the House striking all House bills from its calendar.

We would respectfully suggest that the citizens of Pittsburgh and the civic, trade, labor and commercial organizations which approved these measures and whose wishes were thwarted by the members of the Allegheny County delegation affiliated with the "majority" in the House of Representatives, conduct a most thorough and searching investigation into the actions and motives of these members. In this way those whose welfare has been betrayed will have something to guide them in making proper selections at the next primary and election for legislative offices.

Respectfully submitted,

TAXATION LEGISLATIVE
COMMITTEE.

HERBERT L. MAY,
W. D. GEORGE,
J. T. HOLDSWORTH,
S. E. KINGSLEY.

No. 3834.

Pittsburgh, June 27, 1917.

To the President and Members of Council of the City of Pittsburgh.

Gentlemen—Permit me, on behalf of the Committee on Exhibits of the National Conference of Charities and Correction, to thank you for the appropriation of one thousand dollars (\$1,000.00) from the City of Pittsburgh towards the expense of installing an exhibit of the welfare work of the various institutions of Pittsburgh and vicinity. This help was needed and greatly appreciated.

With best personal regards.

Very truly yours,

S. E. GILL,
Chairman.

Mr. Baugh arose and said:

"Mr. Chairman—Are the taxpayers of Pittsburgh again to be 'Barnumized' with foreign experts at \$250.00 a day, other foreign experts at \$100.00 a day, and still other foreign experts at lesser amounts?"

"Were it not for the seriousness of the situation, we might call it a colossal joke.

"To have paid one foreign expert about \$50,000 a few years ago for preparing a report, and now again to consider hiring this same foreign expert with his omnibus load of assistants to present another possible \$50,000 report, will single out this Council for local and national ridicule, and justly.

"I consider this a reckless and shameful expenditure of the taxpayers' money, and I again ask how long will the people of Pittsburgh permit themselves to be so humbugged?"

"I vote No."

Mr. McArdle arose and said:

"Mr. Chairman—I would like to ask the gentleman a question? I would like to ask the gentleman if there is anything in the resolution which contemplates the preparation or submission of a report by any experts, or by anybody else in fact?"

Mr. Baugh arose and said:

"We all know what it is meant for and its purpose. For this purpose the Law Department is authorized to engage the necessary witnesses, engineers' (the word 'expert' being stricken out, which

I agree with). We all know what is meant by engineers and assistants, and we know who is going to be employed."

Mr. Dillinger said:

"Mr. Chairman—I want to ask the privilege to insert in the Record the statement I made before the Finance Committee as an answer to the remarks just made by the gentleman."

The Chair:

"Are there any objections to the remarks of Mr. Dillinger being inserted as a part of today's Record?"

The Chair hearing none, said:

"The remarks will be inserted in the Record as requested."

The remarks made by Mr. Dillinger before the Finance Committee on Wednesday, June 27, are as follows:

"As the matter of experts is brought into this discussion again, I want to say if the gentleman who objects to the employment of experts had had the thorough explanation given by Mr. Robinson this forenoon he would have heard some real live facts regarding the financial condition of the Philadelphia Company and its subsidiary companies, and would agree with the most of us that the employment of experts to fight this Company is necessary. He, too, would look at this proposition in a different light, he, too, would have learned how the Philadelphia Company and its allied companies do business.

"The charge made now is that we are simply taking an easy way to spend the city's money and bring in experts. I want to say this in reply to the gentleman who made that remark that Mr. Robinson showed here that the Allegheny Heating & Lighting Company which supplies the citizens of Pittsburgh with gas, started with a capitalization of \$500,000.00, and today it is capitalized at \$11,000,000.00, and the gas company allied with the Philadelphia Company started with a capitalization of \$12,000,000.00 has now a capitalization of \$51,000,000.00. The Allegheny Heating & Lighting Company is making from 40 to 55 per cent. profit. Simply because they are a big power of a corporation in the City of Pittsburgh we are going to sit idly by and let them choke the life blood out of the citizens of Pittsburgh, or because it might be said we are afraid of them. Any corporation that takes 40 to 55 per cent. profit from its surplus earnings and puts it into the development of earnings does business worse than a bunch of highwaymen. A bunch of highwaymen does not do business more unscrupulously.

"This Council is taking means to have the finances of this Company analyzed. We have to go after this Company from the top to the bottom. It may be possible that this suit before the Public Service Commission by the City will not need experts to show the claims advanced by the City in regard to the Company's financial standing and it may be possible that it will not require the expenditure of any money. J. Rufus

Wallingford never dreamed of such methods of finance as this company undertakes. I don't believe, however, the Council ever spent a cent of money that will be of more benefit to the citizens of Pittsburgh than in this case.

"In regard to foreign experts, I want to say to the gentleman who pretends to look after the common people's concern, when that matter is brought forcibly before the public I hope the people will refer to the fact that we are bringing foreign experts here, they will refer also to the fact that the vast majority of the 55 per cent. profit made by the Allegheny Heating & Lighting Company goes to a foreign population, mostly to Guinness-Stout."

Mr. Garland arose and said:

"Mr. Chairman—I vote against this resolution on the principle that I don't think it is proper for the City to engage and hire an expert from Chicago. I say 'expert' advisedly, because the gentleman whom it is intended to hire is an expert, Mr. Bemis, of Chicago. I don't think it is necessary to bring a man from Chicago to investigate the production of natural gas in Ohio, Pennsylvania and West Virginia, and I don't think it is necessary to protest against the rate fixed by the gas company for natural gas for manufacturing purposes, for the reason that I have not found out yet one manufacturer who has made a complaint or will make a complaint as to the price of gas today. It is not the price of gas they are kicking about. It is the supply. They want a supply of gas. This investigation will not bring out that particular feature. I don't know a manufacturer in the city who objects to the price, because related to other fuels, such as coal and oil, the price is not exorbitant or excessive, nor is it so far as other gas companies in other sections are charging for that fuel.

"As I understand the question involved here is simply the matter of the gas rates. It does not bring in the electric light matter. I object to it because it means that the City must spend considerable money, and, in my opinion, it will not get us anywhere. The Company must spend considerable money and the money spent by the Company must be reflected in the price of gas. It will be added to their cost of producing and distributing. Without referring in any way to the other public utility matters, I simply want to say now that I intend to vote No on this resolution."

Mr. English arose and said:

"Mr. Chairman—To my mind it is the plain duty of every member of this Council to vote in favor of this or any similar resolution authorizing and directing the Law Department to carry complaints to the Public Service Commission of the State of Pennsylvania, for the reason that the Public Service Commission is the only body which has jurisdiction over public service corporations.

"As I stated in committee, the only difference between this resolution and

the one passed two years ago in the matter of the investigation of telephone rates is the fact that the Philadelphia Company happens to be a local company with which we are all more or less familiar, while the resolution for the telephone investigation referred to the American Bell Telephone Company, whose business extends from one end of this great country to the other, and I understand includes some of the ocean cables to foreign shores. The results obtained demonstrated that by reason of having entered complaint before the Public Service Commission, the Telephone Company itself was brought to a realization that they must reduce their rates. By reason of that complaint, in which the City of Pittsburgh joined, this district, known as the 'Pittsburgh District,' covering perhaps Allegheny County and a few miles beyond, has been saved or will be saved over \$300,000.00. Right here the matter of experts entered into the question. The Chamber of Commerce originated that suit and the City of Pittsburgh merely joined in with them. It was necessary to get the leading attorney on telephone matters from the City of Baltimore, and it didn't make any difference to the American Telephone Company, or to the Public Service Commission at Harrisburg, what the gentleman's name was, what city or state he came from, but it did make a difference after this Baltimore expert produced his information. Not only were those facts sufficient to determine the result, but the company itself, the American Telephone Company, threw up its hands and gave its promise to the Commission, the City of Pittsburgh, and the Chamber of Commerce that it would reduce the rates to an amount over \$300,000.00.

"We are more or less familiar with the fact that the public utilities of gas, electricity and street car transportation controlled by the Philadelphia Company and assisted by the Allegheny County Light Company, the Duquesne Light Company, and the Pittsburgh Railways Company with its 59 underlying companies, have been matters of great controversy in our city for a number of years. It has been the political football of the community. For many years in the past the Council and the Mayors of Pittsburgh granted franchises without any strings or control attached to them and the citizens of Pittsburgh have felt and still feel that they have been suffering from perpetual and unrestricted franchises up to the present time.

"I want to call to the attention of the gentlemen who object to this resolution today that they were members of Council in 1914. When making the budget for the year 1914, the then City Solicitor, Mr. John P. Hunter, asked for an appropriation of \$50,000.00 with which to take these public utility questions before the Public Service Commission of Pennsylvania. There was no discussion or dispute over that appropriation, and I think Council was unanimous on the question, and Mayor Armstrong agreed to the appropriation for \$50,000.00. That money was not spent. However, the Mayor spent something

like two years in conferences with the public utility companies, for the reason that in his campaign speeches as a candidate for Mayor, he stated that he would take up the matter in dispute with the public service companies in conferences rather than by entering into litigation. We did not get any place in the first two years of this administration notwithstanding the many conferences held with the officials of the companies. In the early part of the year 1916 we did get some place when the Council employed Mr. Bown as a special attorney to go into the matter of the electric light rates. For 1917 Council was unanimous in providing a \$75,000.00 appropriation and the Pittsburgh Railways Company was included in the complaint and Mr. C. K. Robinson, together with Mr. C. E. Bown, were employed to handle all public utility matters. It seems to me that we are carrying out the intentions of Council when it appropriated \$75,000.00 for taking the various companies before the only tribunal in the State of Pennsylvania, or in the United States for that matter, which has proper jurisdiction over them. If these companies can go before the Public Service Commission and show that their rates are no higher than they should be, there is no question but what the Public Service Commission will give them a square deal. But on the other hand, if the companies cannot show that their rates are proper, then something will result which will be of benefit to the people of this community, such as resulted in the matter of the telephone company.

"Mr. President, we are facing a crisis in the affairs of our City. I say to you in all seriousness that our act today will determine whether in the future the people will remember whether or not the members of this Council were really representatives of the people. In the face of the fact that a majority of Council is seeking re-election it will be much more to our credit if it can be said of us that we had the courage of our convictions. If men to whom the affairs of the City of Pittsburgh were entrusted in the past had been faithful to their trust as guardians of the rights of the people, perhaps it would not have been necessary for us to be voting upon this resolution today.

"If these important matters are to be taken out of politics now is the time to do it. We have no powers over the various utility corporations now doing business in the City of Pittsburgh. The State of Pennsylvania has granted such powers to the Public Service Commission and as an additional protection the courts are given the right to review the findings of the Public Service Commission. So it seems to me that we are actually doing the companies involved a service if we vote to present these matters to the Pennsylvania Public Service Commission for their review. There is nothing in this resolution condemning the Philadelphia Company; there is no attack upon its finances or its operation, but we are merely exercising the right given us under the laws of the State to bring before the proper tribunal the matters under dis-

cussion, so that some kind of a decision may be reached. We do not say what that decision will be, or what it should be, for we do not know; but we do know that since we, as the duly elected representatives of the people of Pittsburgh, have not been given any power to regulate these corporations, it is not only fair but a matter of justice, both to the people of Pittsburgh as well as to the companies concerned, that the proper tribunal should be given the cases for the purpose of arriving at a proper conclusion."

Mr. Garland arose and said:

"I want to say another word on this subject. We all know the history of the telephone case, so there is no use repeating it. The only matter involved in the present controversy is about 350 industrial consumers of natural gas. It does not affect the domestic consumers; it has nothing to do with the vast majority of people at large, but only involves the industrial users of gas. I think they number 330 odd.

"I want to say without fear of contradiction by any member of Council that no manufacturer or industrial consumer in Pittsburgh has objected to the price of gas fixed by the company. It is not necessary to bring into this discussion the telephone rate case. It is no parallel case in any respect whatever. It is known that Pittsburgh was discriminated against by the telephone company. Detroit and other cities have a much lower telephone rate, and for that reason the Chamber of Commerce worked it out, and it cost them close to \$30,000 to do it. In this present matter 330 manufacturers are concerned who are not claiming that the price of gas is excessive.

"I might say in this connection, although it does not bear on the subject under discussion, that this Council appropriated \$7,500.00 to investigate the price of the cost of water to large consumers. Pittsburgh is notoriously high in its price of water to consumers, 12 cents per thousand gallons being the lowest price prevailing here. Other cities, such as Cleveland, Philadelphia, Baltimore, Buffalo and Detroit, and other cities, don't charge over 5 cents per thousand gallons. We have appropriated that money and I don't see anybody breaking his neck to hire anybody to look into this matter of water rates. This question should be attended to by this Council.

"The people, I again say, who use the gas for industrial purposes, are not kicking about the price they have to pay for it. I therefore wish to vote against the resolution."

Mr. McArdle arose and said:

"Mr. Chairman, there are two lines of argument used against the passage of this resolution. Briefly, one is that advanced by the speaker just preceding me in which it is set forth that the only persons interested are the large users of gas, namely, manufacturers. I think it is only fair to point out that this resolution comes to Council from

the Law Department and was prepared by those men in the Law Department who are to deal specifically with this subject. It comes to us with their recommendation that this course be pursued, and it has the further addition of an extended argument by Mr. Robinson before the Finance Committee in which he sets forth the reasons why it should be done; and I think anyone who was there will bear me out that he did not say the only thing involved was the interest of the limited number of users of gas under the industrial rates. He regarded it as inseparably tied up with the electric light and railway questions, and, in addition to that, to bearing some important relation to the other questions of charges and service, with which he has been directed to proceed before the Public Service Commission. In that larger sense I contend that this resolution is before Council with an emphatic recommendation of the Law Department that it should be enacted.

"The other is the time-worn argument—not argument, but assertion—that the people are being 'humbugged' and 'Barnumized,' and the gentleman winds up 'as to how long the public is going to permit themselves to be humbugged;' and I am going to answer him. There is going to be no humbugging as regards this subject unless it is by the gentleman himself.

"It is hardly conceivable, Mr. Chairman and members of Council, that a man who has sat as a member of this Council for six years, and has been dealing with public utility questions all that time can bring in such an argument as is involved in the statement which he read here and which he asks to be placed on record in the minutes of today's meeting. If there is anything fair to the public, it is to have them understand what the facts are. I don't contend that it requires any deep student of political affairs to let them know, either. I mean by political affairs the fundamental questions involved in government—to understand the relations of the public to a public service corporation, which is just as vital as the limited control which they have over the government itself. In other words, the relation they bear to us as their public officers and our action in imposing taxes and causing services to be rendered for the money we impose upon them, and, consequently, the people are vitally interested in these matters. What is submitted here? Why, the proposals submitted here by the gentleman is that the taxpayers' money is being frittered away by hiring men and paying whatever salary they demand for the purpose of presenting these cases to the Public Service Commission and the courts. What is the alternative offered? There is none except by inference, which can be paralleled with the sending of our army into France to meet the Germans upon the French frontier armed with Chinese stink balls against their 42-centimeter guns. There is just as

much logic in that as in the statement submitted by the gentleman on my left.

"Now, we have the assertion made here, and it is very evidently made for public consumption, because it has no logic or force or bearing upon this case, but to throw in the question of paying for more foreign experts and trying to make this case symbolic with a case in the past where a man was asked to study an important question and made a report to the City is ridiculous. I asked him the question and got no answer, and I therefore answer the question now. There is no proposal to employ foreign experts such as described by the first speaker, and the people are told here in these words, 'and now again to consider hiring this same foreign expert with his omnibus load of assistants to present another possible \$50,000.00 report.' Who is referred to as being paid \$50,000.00? A man engaged to study transportation questions, and this is a gas question, and the individual involved in the present case was never hired to render any service whatever to the City of Pittsburgh as far as I know. This is the declaration that goes out to the public that it is the purpose of Council to employ an expert on transportation problems to help Council solve the many matters relating to the gas supply and its rates. It is just another case of what happened before in this Council of a speech being read on the wrong bill, evidently.

"These gentlemen (Messrs. Robinson and Bown) have come to us as men experienced in the matter of dealing with affairs before the Public Service Commission; of knowing the character of the subject with which they have to deal. With its diversified ramifications and the absolute necessity of presenting it in a concrete form, regardless of who handles it, we are vitally interested in having it presented in a way that will meet the opposition that must necessarily be presented against their facts and figures. It must be presented in an intelligent manner if we seek to have results. I think the reduction in the telephone rates is the answer to the question involved here. The reduction in that service of \$300,000.00 a year, upon which the interest alone, at the legal rate, will more than pay for the amount expended by the City and nearly pay for the total in two years spent by the Chamber of Commerce. The Chamber of Commerce was wise enough to take up this proposition as business men, and they selected a lawyer who was familiar with the telephone rate question and who could successfully handle the suit before the Public Service body. That is all that is involved in this question—a question of fairly, intelligently and thoroughly preparing and presenting this case to the proper tribunal. There is as much logic in it as there has been in the numerous experts that we have hired and paid upwards of \$100.00 to tell a jury in the courts of Allegheny County how much a little piece of real estate is worth."

Mr. English arose and said:

"Mr. Chairman—I want to answer the gentleman on my left about the industrial vs. the domestic rate. I am sorry that the gentleman was not present on Tuesday between 11:15 and 12:15 when Mr. Robinson, the City's attorney, quoted from the books of the Philadelphia Company, showing the very intimate relation between the Philadelphia Company, the gas corporation, and the Pittsburgh Railways Company and the electric light companies. It was such a clear, concise statement that Mr. Robinson held the interest of every member for over an hour and at the conclusion the Mayor stated that it was the best argument he had heard on the subject and thought Council should be guided by Mr. Robinson's advice, which was to take this case before the Public Service Commission.

"Now, it seems to me if the Mayor can be convinced in one hour, it was unfortunate that the gentleman, or some of them, were not present to hear Mr. Robinson.

"Regarding the humbug and Barnumized features injected by the first speaker into this subject, I want him to hear in mind and tell every person in the City of Pittsburgh that when this case goes before the Public Service Commission the people of this community will not only be paying for the service of the City's side of the case, but also for the company. In other words, Mr. President, the cost and operation of all public utilities, including their experts, engineers and lawyers, is paid for out of the companies' receipts. The company has its own attorneys and its expert engineers. Every time we had a conference with them they brought their general superintendents and general managers. Now, who has been paying the salaries of the company's employees appearing before our body? It is true that the company pays their original salaries, but where does the company get the money to pay their experts and engineers. From the taxpayers and the people of this City? Therefore, why should we quibble which side pays? Somebody has to pay and that somebody will be the people, collectively or in units, those who use the service of that company.

"I feel satisfied that no one need to apologize to the public, but it should be explained to the public that any proceedings entered against the company is for the purpose of having it prove that its rates are just and equitable and if the company cannot convince the Public Service Commission then the people will get the benefit of the reduction, as in the telephone case. On the other hand, if the company can prove that its rates are proper and if the people will have the facts and will be satisfied with the decision."

Mr. Dillinger arose and said:

"Mr. Chairman—I don't care how offended some member or members of Council may be at the institution of these suits, as indicated by the written statement of Mr. **Rauh**. I don't propose

to sit idly by and leave the gentleman insinuate that somebody is running a shell game or a Barnum-Bailey side show, which the gentleman is no doubt more familiar with than I am. It is the taxpayers' money and I will go before the taxpayers of Pittsburgh and explain to them why we are taking this action and I will try to show the taxpayers that we are acting in good faith and in their behalf in prose before the Philadelphia Company before the Public Service Commission. I will also try to show the bunch of tyrants up on Sixth avenue that there is no joke in our passing this resolution, which provides for the expenditure of a small sum of money as compared with results hoped to be attained.

"I want to say further that as it is necessary to hire an expert to help solve the railway situation in Pittsburgh I am in favor of the appointment of J. Bion Arnold. Mr. Arnold is the man, single-handed and alone, who took the railways situation in Chicago and solved it, and the taxpayers of that city are now receiving profits to the amount of about \$3,000,000 from the earnings of the Railways Company. If the present Mayor, as well as former ones of Pittsburgh, and the Council had the nerve, the insight and the guts to go after the Philadelphia Company, I believe Pittsburgh would not be choked to death, and until the water is squeezed out of their stock instead of them flying an American flag in front of their building they should have a black flag out with a skull and cross bones."

And the resolution, as read a second time, was agreed to, read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Dillinger
English
Herron

Kerr (President)
McArdle

Noes—Messrs.

Dailey
Garland

Rauh
Robertson

Ayes—5.
Noes—4.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 3743. Resolution authorizing the issuing of warrants on the approval by the Finance Committee of vouchers prepared by Thomas L. Farr, covering the expense of maintenance and repairs to his automobile used in the performance of his duties as Fire Marshal.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Garland arose and said:

"Mr. Chairman—I don't think the City has a right to pay the expenses incurred by Mr. Pfarr, the County Fire Marshal. I commend him as a good worker; but I cannot stretch my mind or conscientiously vote to pay his expenses. He does not work for the City, and the City does not, therefore, receive direct results from his work. I don't believe the City should be asked to contribute toward paying this expense. Mr. Pfarr is employed by Allegheny County and certain insurance people in Pittsburgh. If the County cannot in some way increase his compensation of \$10.00, I want to say they are getting a very cheap man.

"I am opposed to the passage of this resolution, because I cannot see why the City of Pittsburgh should be called upon to help pay his automobile expenses. I don't think the Controller should pay it; I don't believe the Council should pass the resolution; and if passed, I don't believe the Mayor should approve it.

"I did not intend to say anything on this resolution, but am impelled to do so in view of the fact that the gentleman on my right may make a statement regarding it."

Mr. English arose and said:

"Mr. President—Since the gentleman on my left has stated that he expects me to reply, I will take up his challenge and endeavor to answer his technical talk.

"I think we all agree that the present Fire Marshal has been giving his time and in many instances risking his life to protect the life and property of the people of Pittsburgh. We all know that several months ago he fell at a fire in the vicinity of this building and was confined to the hospital for several months. Neither the County nor the City has as yet done anything towards helping to pay his hospital bill and expense of the medical attention he received.

"It seems to me that we should at least be willing to assist him to the extent of furnishing gasoline and a few repairs for his automobile to enable him to continue his good work. In fact, I am sure that he renders a great protection to this community, and the City and County officials should take some recognition of his efficiency.

"The sarcastic reference just made by the gentleman on the left left to the salary of \$10.00, which is paid the County Fire Marshal, is entirely out of place. We all know that the bill creating the position of County Fire Marshal was passed about the year 1860, before we had anything like the fire department we have today. And even now the bosses of the Legislature have passed a Fire Marshal bill killing this small salary of \$10.00. Is it possible that the Fire Marshal has been a thorn in the flesh of certain interests in this community?

"To my mind this resolution to appropriate a few dollars from the City Treasury for the purpose of paying the

Fire Marshal's auto expenses is exactly in the same position as the previous resolution on which we have had so much discussion this afternoon. I refer to the matter of the cases to be brought before the Public Service Commission of Pennsylvania.

"The gentleman may be as technical as he desires, but he cannot get away from the fact that today the public expect some kind of service for the money they pay, not only to public service corporations, but to City and County officials of all kinds, regardless of the amount of such officials' salaries. Here we find a man giving his time to the City and County, risking his life for the sake of others in an endeavor to protect their property, and yet neither the City nor the County officials have up until this time given him the least recognition.

"The present Fire Marshal has brought before this Council and the previous Council on many occasions and has given us the benefit of his information, which has resulted in great good to this community. In the matter of the Fire Department the present Fire Marshal gave us information in regard to the two-platoon system. You will remember in that argument for the two-platoon system the head of the Fire Department was opposed to the two-platoon system and presented an array of figures to prove his argument. In spite of the Director of the Department of Public Safety and the Fire Chief, the Chief of this administration, the Mayor himself, assisted in having the Legislature pass the two-platoon bill, making it mandatory upon the City of Pittsburgh to establish this system. Then when it was brought before Council for the creation of positions for the necessary men to inaugurate the two-platoon system the present Fire Marshal succeeded in convincing a majority of the members of Council of the City of Pittsburgh that his figures and information were of more force than the figures and information submitted by the Director of the Department of Public Safety, which has immediate control of the Fire Department.

"Surely I have referred to enough to convince the gentleman on my left as well as every other member of this Council that the services already rendered by the present Fire Marshal have been of such benefit and use to the people of this community that the few dollars he is asking us to allow him for operating an automobile will be money well spent.

"This is particularly true if any member will take the trouble of looking into the matter of cost of operating the police and fire bureau automobiles. I need only refer to the matter of asbestos brake lining for the fire apparatus. The heads of the department asked the Council for a \$1,200.00 appropriation for asbestos lining. Upon inquiry we discovered that they had only purchased \$150.00 worth in the year 1916 and that beginning with the year 1917 they had in stock about \$269.00 worth of asbestos lining. Thus on one small item we are

able to cut the appropriation over \$1,000.00 and still not cripple the Fire Department. Surely we can appropriate a portion of this \$1,000.00 saving at least to assist the present Fire Marshal in his good work.

And the resolution, as read a second time, was agreed to, read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Dailey	English
Dillinger	Herron

Noes—Messrs.

Garland	Rauh
Kerr (President)	Robertson
McArdle	

Ayes—4.

Noes—5.

And a majority of the votes of Council being in the negative, the resolution was rejected on final passage.

Mr. Herron presented

No. 3837. Report of the Committee on Public Works for June 26, 1917, transmitting a resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3575. Resolution authorizing the issuing of a warrant in favor of James L. Stuart, Consulting and Supervising Engineer for the City-County Building, for the sum of \$867.00, for expenses incurred in the use of elevators for moving furniture into said City-County Building during the month of April, 1917, and charging the same to Code Account No. 1561. Miscellaneous Services, Bureau of City Property.

Which was read.

Mr. Herron moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Dailey	Kerr (President)

DIVISION OF EFFICIENCY STANDARDS.

SUBJECT—BILL NO. 3410.

Pittsburgh, Pa., June 13, 1917.

President and Members of Council,
Pittsburgh, Pa.

Gentlemen—In compliance with request for report on Bill No. 3410, resolution for warrant in favor of Christ Brandau, hoseman, Bureau of Fire, for \$345.86, payment for 108 days' lost time due to injury, beg to submit the following analysis:

The whole claim is a tissue of palpable fraud against the City of Pittsburgh, and as the subjoined tabulation will show, deserves rebuke by the Fire Bureau's trial board. The payroll and disability records, secured by this division and on which this is based, are too bulky for transmission, but are held at your service.

In view of these circumstances, it is respectfully suggested that Council enforce a rigid rule against claims of this retroactive nature, which in the lapse of years became be-clouded and are easily misrepresented. While the records of the Fire Bureau regarding Brandau's claim (as attached to a former resolution covering this case), were worse than valueless, inasmuch as

they apparently supported this claim, in justice to Captain G. M. Norton, No. 30, he was asked to list "time lost" without explanatory circumstances.

Yours truly,

PETER P. SHEVLIN,

Chief of Efficiency Standards

DIVISION OF EFFICIENCY STANDARDS.

Pittsburgh, Pa., June 12, 1917.

STATEMENT MADE BY MR. CHRIS

C. BRANDAU—June 12, 1917.

On December 13, 1913, about 7:50 A. M., Box 56 was pulled. Turning corner at Third and Wood streets, the engine, driving three-way hitch, skidded into a car rail and I was thrown to the street. I was then taken to the Homeopathic Hospital, remaining there three days, and two or three weeks at home. I then went back to work, but was suffering so much from the injury, from time to time, that I was losing time and not working regularly, for which lost time I was not paid.

The injury I had sustained had, by no means, been cured, and I was forced to be examined again by five doctors, including Dr. Taylor and Dr. Saling (from St. Joseph's Hospital), on May 1, 1915. The five doctors, by whom I was examined, made a statement to the effect that my spine and the muscles in my back were badly torn and that I would have to be subjected to treatment. Dr. Taylor stated that he could "fix me up." I was under his care all during the summer of 1915. He was giving me treatments by pumping serum into my system. He said that the nerves were crushed and lying against the hip-bone. He took me off duty for nineteen (19) days, for which time I received pay. At the expiration of the above-mentioned nineteen (19) days, I went back to work, but was still taking treatments from Dr. Taylor. These treatments disabled me for work. After the injection of serum into my back, was unable to work. I was forced to lay off work on this account from time to time, but never received any money for the time lost.

On October 25, 1915, we answered the second alarm "Fire" at the Pattern Shop of Jones & Laughlin—Box 3391. Getting off the wheel, I slipped, getting down, and due to my weakened condition, I renewed the injury and it was as bad as ever. The next morning, another alarm came in and the Captain asked me what the trouble was, and had my back been ailing again. He told me to go home immediately. I went home and did not return. I remained off duty until December 15, 1915, when I was transferred to 58 Engine Company as hoseman. I received Disability Compensation—regular pay—from October 25, 1915, until December 15, 1915. I am now working at 58 Engine Company, where I have been since December 15, 1915. I have lost eleven (11) days at 58, for which I have been paid.

Chief Connelly reported to the machine shops that the two springs, attached to the brake of the fire engine, had not been replaced on brake, after

the machine shop had repaired the engine.

Which was read, and on motion of Mr. **Dailey**, received and filed and ordered printed in full in the Record.

Mr. **Dailey** moved

That further action on the resolution be indefinitely postponed.

Which motion prevailed.

The **Chair** took up

Bill No. 3055. Resolution authorizing the issuing of the following warrants in payment of witness' fees in the case of James Rees & Sons vs. City of Pittsburgh, at No. 2416 July Term, 1916:

Chas. J. Reiger & Co.....	\$562.10
Wm. A. Kerr.....	500.00
Fred Hering.....	100.00
Wm. J. Musser.....	500.00
S. G. Lennox.....	500.00
John E. Kane.....	500.00
John A. Sharp.....	500.00
John H. Armstrong.....	500.00

In Council, June 6, 1917. Called up, read and failed for lack of a legal majority and motion to indefinitely postpone further action lost.

Which was read.

Mr. **Robertson** moved

To reconsider the vote by which the resolution was read a second and third times.

Which motion prevailed.

And the question recurring, "Shall the resolution be read a second and third times?"

The motion did not prevail.

Mr. **Robertson** moved

That the resolution be recommended to the Committee on Finance.

Which motion prevailed.

MOTIONS AND RESOLUTIONS.

The **Chair** presented

No. 3845. Whereas, There are several bills of vital importance to the people of Pittsburgh which have passed the recent Legislature and are now before the Governor for action; and

Whereas, It is the duty and desire of the Council of the City of Pittsburgh to indicate to the Governor its views on these measures; therefore, be it

Resolved, That we urge the Governor to approve the following bills:

House No. 1060, authorizing cities of the second class to purchase, lease, lo-

cate, construct or otherwise acquire transit facilities to engage in the transportation business; House No. 1057, authorizing cities of the second class to construct underground pipe galleries; House No. 1587, authorizing cities of the second class in cases of emergency to purchase and store the necessities of life, including food and coal and sell them at cost to the residents of the City; Senate 1058, permitting taxpayers in second class cities to pay the first quarterly installments of taxes in January, February or March; Senate 1059, authorizing cities of the second class, under certain restrictions and conditions to lease its wharf land.

And that we urge him to veto the following bills:

House Bill 1825, it being a duplicate of Senate 1058, and, also Senate 1060, authorizing second class cities to purchase articles controlled by patent or by monopoly without advertising, and repealing Section 2 of Article 15 of the Charter Act of 1901.

Which was read.

Mr. **McArdle** moved

The adoption of the resolution.

Which motion prevailed.

The **Chair** also presented

No. 3846.

MAYOR'S OFFICE,

Pittsburgh, Pa., June 30, 1917.

Mr. E. J. Martin,

City Clerk.

Dear Sir—You will kindly notify the members of Council that our machines will be at the North Side Police Station, Federal and Ohio streets, prepared to move at 10:30 sharp on the morning of July 4.

As we are at the head of the Division, it will be absolutely essential for all the members of Council to be on time, prepared, as stated above, to leave at 10:30 sharp.

Yours very truly,

JOS. G. ARMSTRONG,

Mayor.

Which was read.

Mr. **Robertson** moved

That the communication be received and filed.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared

Council adjourned.

No. 3882.

MAYOR'S OFFICE,

Pittsburgh, Pa., July 9, 1917.

To the Honorable, the Council:

Gentlemen—I return you herewith Bill No. 3625, providing for Law Department filing complaint before the Public Service Commission against the Philadelphia Company on gas rates and authorizing the engagement of witnesses, engineers, etc., without my approval, for the following reasons:

First. After full and careful consideration of the subject, I have concluded that this is not an appropriate time to start proceedings against the natural gas company on the question of rates in the City of Pittsburgh, and I, therefore, do not deem it wise or expedient to spend any considerable sum of City money in this litigation, as proposed in said resolution.

Second. In view of the fact that your Finance Committee very recently authorized in the Pittsburgh Railways litigation before the Public Service Commission, the employment of Mr. Bion J. Arnold, a Chicago expert, at the sum of \$250.00 per day and expenses for work at least partially covered by services for which the City had already paid him the sum of \$40,000.00 in 1910-11, I do not feel justified in allowing a repetition of this practice of employing non-resident experts or professional assistants when not actually necessary. I fully believe that, especially in all matters pertaining to natural gas, in every aspect, scientific, commercial or otherwise, we have men right in this community as well qualified to testify and prepare a case of this kind as can be found in this country or elsewhere.

Respectfully yours,

JOS. G. ARMSTRONG,

Mayor.

Which was read.

Mr. English moved

That the communication be laid over and a copy furnished each member.

Which motion did not prevail.

Mr. Robertson moved

That the communication be received and filed.

Which motion prevailed.

And

Bill No. 3625. Resolution authorizing and directing the Department of Law to file a complaint before the Public Service Commission of Pennsylvania with respect to increases in price of natural gas of the companies controlled by the Philadelphia Company; said rates being issued May 31 and to become effective July 1, 1917, and for this purpose authorizing the Law Department to engage the necessary witnesses, engineers and assistants and to

charge the expenses thereof to Appropriation No. 1080 for Public Utility Litigation.

Was read.

Mr. English arose and said:

"Mr. President, in answer to the Mayor's statement, I wish to say that I shall give my unqualified approval to the resolution before us, notwithstanding the veto of the Mayor.

"In the first place, the first paragraph of his veto message does not match with the statement he made in committee when Mr. Robinson of the City Law Department explained this question to the Finance Committee. At that time the Mayor stated that the Council should follow the advice of Mr. Robinson on this question. In the second place he is begging the question when he refers to the investigations made by Mr. Bion J. Arnold, in 1910 and 1911. If the Mayor was sincere in this veto, why did he give approval to the appointment of Messrs. Robinson and Bown, when he knew they were appointed for the express purpose of taking such questions before the Public Service Commission of Pennsylvania.

"We all remember that when Mr. John P. Hunter entered the service of the City as the Solicitor for the present Mayor, one of the first acts he promulgated was a request for \$50,000.00 for the purpose of taking the public utility disputes before the Public Service Commission at Harrisburg. Mr. Hunter was removed by death and that \$50,000.00 was never spent for litigation at Harrisburg. For two and one-half years the Mayor continued to have conferences with the public service corporations. Then when the Council tired of conference methods and decided to go direct to the Public Service Commission with or without the help of the Mayor, the Council employed Mr. C. Elmer Bown to take up public utility matters. When the Mayor and his friends saw that the Council was determined to get somewhere in the matter of service from the public service corporations, it was a proposition from the Mayor himself through the City Solicitor, Mr. O'Brien, that Mr. Robinson's entire time be given over to these problems exclusively. At their request we directed Mr. Robinson to give up his duties as First Assistant City Solicitor and made him chief with Mr. Bown as his assistant. For several months these two men have been assigned to nothing but utility matters and necessary complaints to be entered against the public service companies before the Commission at Harrisburg.

"I believe the Council was unanimous in appropriating \$75,000.00 for the purpose of prosecuting the cases and the Mayor gave his approval for this amount in the budget Ordinance. He had the opportunity to interfere with and veto this appropriation, but he did not do so and he allowed the appropriation of \$75,000.00

to stand, as the only item he vetoed was the canal item.

"It is up to the members of Council to go through with this to show that they were sincere when they set up the sum of \$75,000.00 in the budget for 1917.

"I wish to take issue with the Mayor or anybody else in the City of Pittsburgh when they attempt to ridicule this matter of public utility complaints by injecting the matter of employing non-resident experts or professional assistants. It was proven conclusively in the matter of the complaint against the telephone company that the non-resident expert attorney from Baltimore was able to make out such a strong case before the Public Service Commission that the company itself gave up before the case had been completed and promised to reduce its rates. Only this morning I received a printed statement from the telephone company, which is no doubt being sent to all of its subscribers in which it calls attention to the reduction in rates for toll and long distance messages. The company itself states that this reduction amounts to over \$250,000.00. This result was brought about by the action of the Chamber of Commerce, assisted by the City of Pittsburgh, in making this complaint to the Public Service Commission.

"Now, why should the Mayor or any person in Pittsburgh for that matter, be concerned with the name of the City from which this attorney came? What do the people of Pittsburgh care whether it was an attorney, an engineer, or an expert, or any other person who gave the testimony at Harrisburg? I say that the public is not concerned who or what is done as long as some definite result is achieved. This is all there is to this proposition before us.

"We know the City has been spending money for years in gathering data and pursuing investigations along many lines regarding public service companies, but every time the effort was made to use this data by actually bringing a case before the Public Service Commission at Harrisburg some person in power or authority had always been able to balk the proceedings. In this case, it is the Mayor of our City who is now endeavoring to mislead and deceive the public by raising the cry of non-resident expert.

"I say to you, Mr. President, that these cases and all of the data and information gathered from investigations by the City should have been presented to the Public Service Commission long ago.

"My understanding of this resolution before us now is for the purpose of having Messrs. Robinson and Bown proceed at once with the cases and get them into some shape so that they can present the facts to the Public Service Commission. We all appreciate that many legal cases are lost because the attorney fails to present the facts properly.

"It seems to me that the Mayor is clearly sidestepping his sworn duty to look after the interests of the public. While I regret very much his action in this case, I do not believe that I should follow his lead in this matter. Therefore, I favor making this resolution a law notwithstanding the veto of the Mayor."

Mr. McArdle arose and said:

"Mr. President, I don't care to say much, except to say that this seems to be a continuation of the practice, or rather it seems to be a studied effort, to mislead the public on this question. I say that with all deliberateness that it seems to be a studied effort to deceive the public as to what the facts are in this case. I say that because it states here in this communication from the Mayor that this is to be a repetition of the practice followed by the City in working out the transportation question. There is no more similarity between this proposition than there is between day and night; and the author of this letter must know this, and I believe he does know it; and I therefore charge it to be a deliberate attempt to deceive the public in the way in which it is presented. It is in line with statements made in this Council and in statements published in the editorial columns of a certain newspaper in Pittsburgh, which statements try to make it appear that this Council was appropriating \$75,000.00 to be expended in this case now and which was then pending before us, when they must know as well as we know that they are all to be paid out of an appropriation made when the budget was made up for this year and to which the Mayor is a party, as he was a party to the recent action taken in the filing of the complaints against the two public utility activities.

"In addition to that, this statement is not in line with the facts as presented to us here, insofar as it attempts to mislead the people on the gas question. There is no more plain speaking man who appears before this Council or its committees or who makes clearer his thoughts than Mr. Robinson, and he has dwelt on this subject on two or three occasions before this Council or its committee, and each time he made it clear, so clear, that no ordinary man could escape grasping the fact, that it was simply making use of an opportunity that had been created, not by the City, but by the gas companies themselves, and at no time has he said, nor has anybody speaking for the Law Department said, that this was going to involve the expenditure of any considerable sum of money. It was made absolutely clear that it was taking advantage of an opportunity that the City could not afford to ignore and to put itself in a position to meet whatever circumstances might arise in the way to best serve the City's interests. Mr. Robinson made it clear around the committee table and made it clear to the

Mayor, over whose signature this letter is written, that it was fortifying the City against a possibility; and if the gas company in answering the City's complaint were able to show that the schedule of rates they adopted were reasonable rates there might be no necessity for the City spending any of the money appropriated. Knowing what the facts are, as they have been presented to us in this case and in all other cases, and realizing how far from the actual facts a large part of the public discussion has been, I think no member ought to hesitate to pass this bill over the Mayor's veto."

And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor," the ayes and noes were taken agreeably to law, and were:

Ayes—5.

Noes—4.

And there not being two-thirds of the votes of Council in the affirmative, the resolution failed to pass finally.

Also

Bill No. 3780. An Ordinance entitled, "An Ordinance amending a portion of Section 19, Department of Public Safety, Division of Weights and Measures, Item, 'Chief Inspector' of an ordinance entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof,' approved January 5, 1917."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Upon which motion Mr. English demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

Noes—Messrs.

English	McArdle
---------	---------

Ayes—6.

Noes—2.

And there being two-thirds of the votes of Council in the affirmative, the motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

"Mr. President, I cannot give my consent to favor the passage of this Ordinance for the reason that it is picking out one man on the great payroll of the City of Pittsburgh when we have before us numerous petitions from practically all the employees asking for increases in salary. I for one wish to go on record that I do not propose to vote for a single increase in salary for any particular individual unless we grant the petitions now pending in committee. In other words, I do not propose to play any favorites in the matter of salaries. We must recognize all these requests, not any particular person.

"This particular office was under discussion at the last budget making. I mean the position itself, not the man holding it. At that time no increase was granted and I have not heard any good reason for any increase at this time. It might be that the individual who holds this particular office as the Chief of the Division of Weights and Measures is entitled to an increase in salary, or, perhaps, is worth more money to the City of Pittsburgh than he is at present receiving; but why grant this increase in view of the fact that a raise of \$600.00 is requested for one man when there are many men receiving considerably less than \$1,800.00 who did not receive an increase this year because the tax rate would not produce enough revenue to justify it. In other words, an attempt is made to pick out one particular person over all the other City employees. I cannot see my way clear to take such a stand and for that reason I am compelled to vote No on this particular ordinance."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, and being taken were:

Ayes—Messrs.

Ayes—4.
Noes—5.

And a majority of the votes of Council being in the negative, the bill was rejected on final passage.

Also

Bill No. 3822. Resolution authorizing and directing the City Controller to transfer the sum of \$16,500.00 from Appropriation No. 50, Elections, and \$1,500.00 from Appropriation No. 1079, Telephone Litigation, to Appropriation No. 42, Contingent Fund, for the purpose of paying the expense incurred in the construction of retaining walls on the westerly side of the easterly roadway of Broadway.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. President, I am not opposed to doing this work as it is part of the general street improvement, but I cannot see my way clear to vote for this resolution, for the reason that it seems to me that another method should have been provided by adding an amendment to the original construction ordinance. The owner of this property should allow the matter to go before the Board of Viewers the same as is done by other properties affected by this improvement. Another reason why we should not take this money from the fund designated in the resolution, is because it was set up as a special fund for a special bond election, and to transfer it to a construction item, which should be properly taken care of by another procedure, is poor business judgment. If for no other reason than a rebuke for doing this kind of business, I must vote No against the resolution."

And the resolution, as read a second time was agreed to.

And the resolution, was read a third time and agreed to, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 3825. Resolution authorizing and directing the Treasurer to issue to Peter Friedman a foot vender's license free of charge, on account of said Peter Friedman being crippled.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. President, I cannot give my consent to the passage of this bill, No. 3285. It is too bad that a cripple must be picked out by some designing individual for the purpose of exploiting him for political reasons. If this man is an object of charity, we have our charity department to which he should apply, for that department is maintained for just such purposes. Some designing politician has taken advantage of this poor man because he has lost his fingers and comes in here with a resolution to ask us to break down the law in this particular instance. You will all recall that I offered in committee and stated that I would be glad to pay all or a part of this license fee, rather than have the information go forth that this Council had been used by some designing politician. That is simply all I can see in this resolution, for by inserting the gentleman's name public attention is directed to the charity. The charge for this license is merely \$10.00, so there is no excuse, rhyme or reason why the City of Pittsburgh should do this and then require all other poor persons, including the blind, to pay for a license. Other persons who want to take out a vender's license are often compelled to borrow the money to pay the fee. If we open the door in this matter, the proper way to do it is through the Charities Department. There are, perhaps, many others in the City of Pittsburgh in the same circumstances as this man, and to single out any man and publish this resolution advertising his poverty is wrong. If he is willing to take charity from all the people by passage of this resolution, he would not refuse it through the charity department, or by any citizen in private. I am still willing to assist or pay this \$10.00 myself rather than break down the present law and in addition save this man the public disgrace which this resolution places on him."

Mr. Rauh arose and said:

"Mr. President, I desire to inform the gentleman of the wonderful scheme that is back of this proposition. Here is a poor man, crippled, and wants to make

his living. That is the terrific scheme that is back of the whole proposition! A man has lost his fingers and wants to earn a livelihood and comes before us in a humble way. He does not want to accept the charity of any man who can put his hand in his pocket and pay the fee charged for such a license. He does not want charity, and that is the whole thing in a nutshell. We have discussed the matter. Let every tub stand on its own bottom. It is a peculiar case and similar cases might come before us. For the reasons stated, I believe every member of this Council should vote for the resolution. We should not make this man feel that he is accepting charity, but want him to feel that he can make a living."

And the resolution, as read a second time was agreed to.

And the resolution, was read a third time and agreed to, and upon final passage, the ayes and noes were taken, and being taken were:

DEPARTMENT OF PUBLIC WORKS.

Pittsburgh, Pa., June 27, 1917.

Members of the Public Works Committee.

Gentlemen—With reference to the following motion of your Committee:

"That it is the sense of the Committee that the Director of the Department of Public Works request the railroad company to cut seven holes in the bridge at North and Irwin avenues."

Beg to advise that the railroad company has agreed to do this and have submitted a plan showing proposed openings in the girders of the above bridges, which have been examined and appear to be satisfactory. We will, therefore, allow them to proceed with the work as per their plans, and this Department will furnish inspectors for same.

Yours very truly,

MAYOR'S OFFICE.

Pittsburgh, July 23, 1917.

President and Members of
Council of the City of Pittsburgh.

Gentlemen—

I have had a great many requests from City employees in connection with the Resolution passed by your Honorable Body granting them two weeks' vacation with pay.

I have had a conference on the subject with Mr. Charles A. Finley, Superintendent of the Bureau of Water, and Mr. John F. O'Toole, Superintendent of the Bureau of Highways and Sewers, who inform me that at the time of the passage of this resolution, your Honorable Body failed to appropriate the extra amount of money required to carry out its provisions and to take care of the double salaries.

I have this day instructed the Directors of the various Departments to carry out the provisions of this resolution and am addressing this communication to you for the purpose of having the Finance Committee take up the matter of appropriating the necessary funds to put the same into effect.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.
